

Cover your bases

Aetna Accident Plan

Prepare for the unexpected

Would you be financially ready if you had an accidental injury? The Aetna Accident Plan can help supplement your medical coverage.

What is the Aetna Accident Plan?

The Aetna Accident Plan pays benefits when you get treatment for an accidental injury. The plan pays for a long list of covered minor and more serious injuries. You can use the benefits to help pay out-of-pocket medical costs or personal expenses.

How is this different from a major medical plan?

Medical plans pay **doctors and hospitals** directly for treatment related to your care. But these plans usually don't cover 100 percent of the costs until you meet deductibles and co-insurance, and you have to come up with the rest. Medical plans also don't cover other expenses health events might impact, like day care, rent and more, if you're out of work.

The Aetna Accident Plan pays benefits directly to **you**. You'll get extra cash when you need it most. The plan can help fill in the gaps, making it a great companion to your major medical plan.

How can you use the cash benefits?

It's completely up to you. You can put the money towards:

- Deductibles or co-pays
- Mortgage or rent
- Groceries or utility bills

And so much more! Use the benefits any way **you** choose.

Easy to use

Online tools make it easy to manage your plan. File a claim in about 90 seconds or less if you have a covered injury or treatment. We will pay benefits directly to you by check or direct deposit.

Accident insurance plans are offered and/or underwritten by Aetna Life Insurance Company (Aetna) at 151 Farmington Ave., Hartford, CT, 06156. Policy forms issued in Idaho include: GR-96842, AL HPOL-VOL Acc01.

“What ifs” are everywhere

The average cost of all non-fatal injuries per person initially treated in an emergency department was approximately **\$6,620¹**. Home accidents injure **one person every four seconds** in the U.S.²

Because you never know

Miguel* didn't expect to get hit from behind in the middle of rush hour. But it happened. Now his back and his car need some work.

Luckily, he had the Aetna Accident Plan. He filed his claim online and, since he had signed up for direct deposit, his benefits were deposited directly into his bank account. He used some of the money to pay out-of-pocket medical costs. The rest went toward getting his car back into shape.

If a service or injury falls in more than one category, the plan will pay only one benefit, and the highest benefit that applies. See the plan documents for a complete description of the benefits, maximums, exclusions, limitations, and conditions of coverage. This policy is not in lieu of and does not affect any requirements for coverage by any Workers' Compensation Act or similar law.
