The Participating Provider Organization(PPO) is a cost-effective network of qualified dentists who provide dental services at a discounted fee. Only dentists who adhere to credentialing and quality assurance requirements are able to join and remain in the PPO.

While plan members always have the right to receive care from any dentist they choose, out-of-pocket costs will almost always be lower when choosing an in-network provider. Selecting a network provider may also have a positive impact on your deductible and coinsurance.

**Even with daily updates to the online directory, we can't guarantee that a provider will be contracted at the time dental services are performed.When choosing a provider, please call our Customer Connections department at 800-487-5553 to verify the provider's participation. We encourage you to confirm participation with your provider at the time of your appointment.**

If you have questions about a claim or your plan benefits, please call the toll-free number on the back of your identification card.

**DISCLAIMER:** You are strongly encouraged to verify with the provider whether he or she is participating or nonparticipating. Such information may assist in your selection of provider(s) and may affect your deductible, co-insurance, and out of pocket expenses. Even with daily updates to the on-line directory, there is no guarantee that a provider listed in the directory will still be a network provider at the time dental services are performed. When making an appointment, and again at the time of the appointment, please verify network participation with the dentist. This PDF directory was produced from dentalnetwork.ameritas.com.

Should you have questions regarding the provider directory or benefits, please contact Customer Connections at 800-487-5553.

**Unauthorized Use Prohibited:** You may not download or reproduce this directory in any form, in whole or in part, for any use other than finding dental care providers for current or prospective users of the network. We reserve the right to take legal action against unauthorized use.

**Selection Criteria**
Dentists in the network are selected and credentialed based on established criteria reflecting professional standards for education, training, and licensure. Credentials are verified upon initial application to the network and through the recredentialing process. Dentists must have and maintain the appropriate dental license, malpractice coverage, DEA certificate (if required), and specialty license, diploma, certificate or permit, as applicable.

**Source of Information**
Information about the dentists appearing on our website is obtained from an application that is completed and signed by the dental care professional. This information is updated periodically through credentialing outreach efforts to the dentist, and through communications received from the dentist when changes occur.

**Building the Network**
The following criteria is used to build the network:

- We recruit dentists based on the needs and location of current and potential business
- Internal data is used to target dentists who provide services to our members
- We also identify and solicit dentists currently being used by new or potential groups, based on utilization reports and disruption analyses

Providers listed as Specialists are either board eligible or board certified.
