The coverage you didn't know you needed

Cigna Healthcare Supplemental Health insurance plans help you stay in control, no matter what life throws at you.

Life is full of surprises. By signing up for Cigna Healthcare[™] Critical Illness insurance, you can supplement your health plan. It can provide you and your family with the coverage and additional financial protection you may need for expenses associated with an unplanned covered illness. It can help you recover physically, emotionally and financially – so you can regain control, and remain in control.

Here's how it works

- Get a cash benefit paid directly to you. No copays, deductibles or coinsurance requirements.
- Use the money however you want. Pay for costs, such as medical copays and deductibles, travel to see a specialist, child care, help around the house, alternative treatments and more. It's up to you.
- Receive cost-effective coverage. By signing up through your employer, you get coverage at a low group rate. Coverage is guaranteed-issue, regardless of medical history.
- Get it and forget it. Your premium can be easily deducted from your paycheck. Plus, through the Cigna Simple File® feature, Auto compare² carefully reviews Cigna Healthcare medical claims and automatically reminds you to submit your eligible Supplemental Health insurance claims.
- Take it with you. You may be able to take your coverage with you
 if you leave your employer; benefits won't change if you port your
 coverage.³

Personalized recovery support you can count on

In addition to extra financial protection, Cigna Healthcare Critical Illness insurance delivers:

- Assistance to help you recover physically. Tools and resources to find the right care at the right cost — plus discounts on recovery services.
