### **Benefits Summary**

(Benefit provisions vary by situs state)

Where applicable, covered conditions must be caused by underlying diseases as defined in the plan. Benefits will be based on the face amount in effect on the critical illness date of diagnosis.

#### **Initial Diagnosis+**

An insured may receive up to 100% of his face amount upon the diagnosis of a covered critical illness.

#### **Additional Diagnosis+**

Once benefits have been paid for a covered critical illness, we will pay benefits for each different critical illness when the date of diagnosis is separated by at least 6 consecutive months.

#### Reoccurrence+

Once benefits have been paid for a covered critical illness, benefits are payable for that same critical illness when the date of diagnosis is separated by at least 6 consecutive months.

+If the claim is for a cancer diagnosis, the insured must be treatment-free from cancer for at least 12 months and must be in complete remission before the date of a subsequent cancer diagnosis.

#### **Health Screening Benefit**

The Health Screening Benefit is payable once per calendar year for health screening tests performed as the result of preventive care, including tests and diagnostic procedures ordered in connection with routine examinations. This benefit is payable for the covered employee and spouse. This benefit is not paid for dependent children. See Master Policy for the full list of covered health screening tests.

#### **Additional Benefits**

Benefits for burns are only payable for burns due to, caused by, or attributed to, a covered accident. Benefits for Coma, Paralysis, and Loss of Sight, Hearing or Speech are payable for loss due to a covered underlying disease or a covered accident.

#### **Progressive Diseases Rider**

Benefits are payable if an insured is diagnosed with one of the diseases listed.

#### **Specified Diseases Rider**

Benefits are payable if an insured is diagnosed with one of the diseases listed.

#### **Childhood Conditions Rider**
