

PROGRAM DESCRIPTION

Employee Assistance Program

What Is EAP?

At some point, we all need help coping or making difficult decisions. The Employee Assistance Program makes it easy to access support, guidance and resources.¹ EAP is there for you and your family through your group insurance from Standard Insurance Company (The Standard). And it's confidential — information will be released only with your permission or as required by law.

Health AdvocateSM provides our EAP services.² Their professionals can help with referrals to support groups, a network counselor, community resources or your health plan. If necessary, their professionals can connect you to emergency services.

Coordinating with your health plan(s)

An EAP counselor will make every effort to coordinate with in-network providers if you need more than the included EAP sessions. They'll also share available resources and referral options.

EAP services can help with:

- Depression, grief, loss and emotional well-being
- Family, marital and other relationship issues
- Life improvement and goal-setting
- Addictions such as alcohol and drug abuse
- Stress or anxiety with work or family
- Financial and legal concerns
- Identity theft resolution
- Online will preparation and other legal documents

¹ The EAP service is provided through an arrangement with Health AdvocateSM, which is not affiliated with The Standard. Health AdvocateSM is solely responsible for providing and administering the included service. EAP is not an insurance product and is provided to groups of 10–2,499 lives.

This service is only available while insured under The Standard's group policy.

² Health Advocate, Inc. is a national health advocacy, patient advocacy and assistance company. Their expertise in EAP and work/life services stretches back nearly 40 years to 1979. Their highest priority is treating members with respect and dignity, protecting their privacy and working to eliminate the stigma often associated with using mental health services. Health Advocate's services cover more than 55,000 clients and 32 million lives. Their services also help support managers, supervisors and HR professionals. Health Advocate is headquartered in Plymouth Meeting, PA, with more locations in the western, central, and eastern parts of the U.S.
