Keep your finances on track when you're in the hospital.

Medical insurance is important. Especially when you have a hospital stay – planned or unplanned. But it can leave you with unexpected bills and out-of-pocket costs. Group Hospital Indemnity insurance can help cover unexpected out-of-pocket expenses such as copays, deductibles and out-of-network charges, as well as everyday living expenses. It pays a benefit directly to you for hospital stays, regardless of your treatment costs or other insurance coverage you might have.

Complement your HSA Account

Contributing to an HSA is a great way to save for medical expenses. It can, however, take a long time to save enough to fully cover your medical deductible and out-of-pocket maximum. Hospital Indemnity insurance provides financial protection while you are building your HSA assets. Contact your employer to determine if this Hospital Indemnity plan impacts the taxability of your contributions to an HSA. It's protection that's also convenient: Your premium payments can be deducted directly from your paycheck.

A cash benefit when you need it.

Even the best budgeters can forget to set aside money for medical expenses. Hospital Indemnity insurance provides a way to cover unexpected out-of-pocket expenses when you end up in the hospital. It also allows you to:

- **Choose how to spend your benefit.** It's your money — spend it however you want, whether it's to pay for your groceries, rent or medical bills.
- **Take it with you.** If you leave your job, you can take your coverage with you.
- **Receive a benefit for taking care of your health.** You can get a Health Maintenance Screening Benefit of \$50 once a calendar year just for going to the doctor for a covered wellness screening, which may include a novel infectious disease test (including COVID-19) or a mammogram — that typically cost you nothing under your medical plan.
- **Get a break from paying premiums during long hospital stays.** If you are in the hospital for more than 30 days, you will be able to stop making premium payments until you're discharged.

Regardless of what other insurance coverage you may have, Hospital Indemnity insurance pays you a fixed benefit for every day you are in the hospital.

Kim's husband leaves their two kids with their daycare provider and flies to be at her side. The family now faces additional costs for travel and childcare.
