Frequently Asked Questions

Q What is a Health Savings Account (HSA)?

A A Health Savings Account allows you to save money, earn interest and spend money on a tax-free basis as long as the money being spent is on qualified medical expenses¹. Unused HSA funds roll over from year to year, no “use it or lose it”. You own your HSA and can take it with you when you change medical plans, change jobs or retire.

To be eligible to set up an HSA and contribute to an HSA, you must be covered by a qualified High Deductible Health Plan, have no other coverage (e.g. Medicare) and cannot be claimed as a dependent on someone else’s taxes

Q What is a High Deductible Health Plan (HDHP)?

A A High Deductible Health Plan is a plan with an annual deductible of at least \$1,300 for an Individual or \$2,600 for Family coverage in 2017. The maximum out of pocket expenses, which include money applied to your deductible and your coinsurance for covered charges, must be no more than \$6,550 for Individuals and no more than \$13,100 for Family coverage in 2017. These amounts are set by the Internal Revenue Service and may change based on cost of living/inflation.

Q How does an HSA work?

A Health Savings Accounts work with high deductible health insurance plans. This enables consumers to save money on health insurance premiums, since HDHP’s typically cost less than traditional health insurance, while allowing account holders to contribute money to the account to pay out-of-pocket medical expenses up to the deductible.

- **Contribute:** you can make contributions (pre-tax and after-tax) to your HSA. Pre-tax contributions can reduce your taxable income and after-tax contributions are deductible. Contributions can be made by you, your employer or a third party via payroll deduction, online banking transfer or depositing a paper check. Contributions to your HSA as well as any earnings on those contributions grow tax deferred².
- **Make Payments:** you can pay for qualified medical expenses with your EECU HSA Mastercard® debit card, EECU Online Banking or HSA check (optional³). Payments or withdrawals from your HSA that are used for qualified medical expenses are tax-free. In addition, withdrawals can also be used for your deductible and co-pays.
- **Manage:** you can manage your HSA, check balances and account information, via EECU’s Online Banking and Mobile Banking App.

If an HSA owner reaches the age of 65, she/he can withdraw freely from the account, even for non-medical purposes. These withdrawals are not taxed, unlike non-medical withdrawals that occur before the age of 65. This allows the HSA to serve as a secondary retirement fund if not used for medical expenses².

Frequently Asked Questions

Q What is a qualified medical expense?

- Acupuncture
- Alcoholism treatment
- Ambulance
- Breast reconstruction surgery (mastectomy-related)

Frequently Asked Questions

Q What if I use the money to purchase something other than a qualified medical expense?

A Money in your HSA is tax-free if it used to pay for qualified medical expenses. Any funds you withdraw from your HSA for nonqualified expenses will be taxed at your income tax rate, plus a 20% penalty.

Exceptions to the 20% penalty are for distributions made after the account owner's death, disability, or attaining age 65.²

Q How do I report withdrawals that are used for nonqualified expenses?

A You must report withdrawals for ineligible expenses to the IRS. Check with your tax advisor for details.

Q If I withdraw funds from my HSA by mistake, can I return them to my account?

A Yes, if you mistakenly withdraw money from your HSA, you can return it to your account. Just complete and return to EECU a "Mistaken Distribution Form". You must return the funds by April 15 following the year in which you mistakenly withdrew the money. You can access the "Mistaken Distribution Form" online at www.eecu.org/HSA, by contacting EECU Member Services at 817-882-0800 or visiting a local EECU branch.

Q What are my obligations with an HSA?

A As the account owner, you are responsible for funding and maintaining your HSA in accordance with HSA regulations⁴, including:

- Ensuring that contributions do not exceed your applicable annual IRS maximum
- Ensuring that withdrawals for non-qualified expenses are added back to gross income
- Keeping records/receipts of your expenses
- Completing Form 8889 when you do your annual taxes
- Ensuring you do not have any other medical coverage (other than the HDHP) and that you cannot be claimed as a dependent on someone else's taxes

Frequently Asked Questions

Q What if I already have an HSA? How can I move funds from my current HSA to my EECU HSA Account?

A If you already have an HSA, but not with EECU, you can roll over or transfer your HSA to EECU. If you have any questions regarding this or would like assistance with HSA Rollovers or Transfers, please contact EECU at 817-882-0800, by secure email or chat online at www.eecu.org or in person at your local EECU branch.

To transfer funds:

Instruct your current HSA custodian to transfer your HSA funds to your EECU HSA. There are no restrictions on the number of HSA direct transfers. You do not include the amount transferred in your income for tax purposes, deduct it as a contribution or include it as a distribution from the account.²

1. Open a health savings account with EECU
2. Complete, sign and return to EECU the HSA Transfer Request Form. EECU will forward it to your current HSA custodian, instructing them to transfer your funds directly to your new EECU HSA.

To roll over funds:

Withdraw your HSA funds from your current HSA custodian and then roll over (deposit) them to your EECU HSA, within 60 days after the date you received the funds. You can make only one rollover contribution to an HSA during a one-year period. Rollovers are not subject to the annual contribution limits.²

1. Open a health savings account with EECU
2. Close your existing HSA
3. Deposit the funds with EECU to roll into your new HSA

Rollovers and transfers are subject to IRS restrictions. Please contact your tax advisor for additional information.

Q What happens to my EECU HSA if I leave my employer?

A All funds in your EECU HSA, including funds contributed by your employer, are yours to keep. If you leave your employer, you can keep your HSA at EECU or transfer your funds to another qualifying HSA.

Q If I'm no longer covered by a high-deductible health plan, can I use funds from the HSA for expenses not covered by my health plan?

A Yes, you can withdraw HSA funds tax free for eligible expenses. You don't need to be enrolled in a high-deductible health plan (HDHP) to withdraw funds from your HSA, but you do need to be enrolled in an HDHP to contribute to the account.
