Important Information About Your Itemized Receipts

This plan is governed by IRS. In order to satisfy IRS requirements, documentation is needed to process your claim. Include an itemized receipt (or EOB) for every expense submitted on this claim form. The receipt, EOB, or supporting documentation you submit must include the following:

- Patient's Name: The name of the person who received the service or for whom the item was purchased. For retail store purchases, this information may be excluded.
- Provider's Name: The provider that delivered the service or where the item was purchased.
- > Date of Service: The date when the service was provided or the item was purchased.
- > Type of Service: A description of the service provided or the item purchased.
- Cost: The amount owed, paid, or portion not reimbursed through your insurance carrier.

Additional Considerations

- Credit card receipts, or other documentation, reflecting only the amount owned, due or paid cannot be accepted as it would not meet the above criteria required to validate eligibility of the expense.
- > Keep a copy of the claim form and supporting documentation for your records.
