AFLAC GROUP CRITICAL ILLNESS ADVANTAGE

Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who's been diagnosed with a critical illness. You can't help notice the difference in the person's life—both physically and emotionally. What's not so obvious is the impact a critical illness may have on someone's personal finances.

That's because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

That's the benefit of an Aflac Group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as a heart attack or stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction of out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses.

What you need, when you need it.

Group critical illness insurance pays cash benefits that you can use any way you see fit.

Here's why the Aflac Group Critical Illness plan may be right for you. For more than 60 years, Aflac has been dedicated to helping provide individuals and families peace of mind and financial security when they've needed it most. The Aflac Group Critical Illness plan is just another innovative way to help make sure you're well protected.

But it doesn't stop there. Having group critical illness insurance from Aflac means that you may have added financial resources to help with medical costs or ongoing living expenses.
