

Meet MetLife's new dental virtual assistant

Dental benefits are highly utilized. And that means employees have questions about your company's plan, what's covered, and how much a cleaning or crown will cost.

metlife.com/mybenefits

Wouldn't it be great to have a dedicated assistant available **24/7** to answer your employees' questions and help ensure they're optimizing their dental coverage?

Introducing MetLife's dental virtual assistant, an easy-to-use digital tool designed to help employees complete common tasks related to their MetLife PPO Dental benefits, including:

- View coverage information
- Get personalized estimates
- View claims

Available whenever enrolled employees log in to MyBenefits, MetLife's user-friendly dental virtual assistant is powered by natural language processing. This technology means it's able to interpret an employee's dental-related queries and quickly respond with solutions.

Deliver valuable dental benefits—and the expert assistance your employees need.
