# Find a provider

It's easy to find an in-network provider with our provider search tool at [BSWHealthPlan.com/TRS](https://BSWHealthPlan.com/TRS) or in the MyBSWHealth member portal. You can narrow your search by:

- Provider's name
- Specialty (primary care physician, pediatrician, etc.)
- Type of provider (hospital, urgent care, etc.)
- City or ZIP code

Because you are part of an open-access HMO, referrals are not required to see in-network specialists.

**Remember:** Your first primary care 'sick visit' is \$0 copay, and primary care for dependents is always \$0 copay.

## 24/7 care at your fingertips for \$0 copay

### MyBSWHealth eVisits and Video Visits

**eVisits** are online interviews that take about 5-10 minutes; you'll receive a response within one hour. Any prescriptions needed will be sent directly to your preferred pharmacy.

**Same-Day Video Visits** are scheduled, live conversations with a provider. You'll talk for about 10-15 minutes, then any prescriptions will be sent directly to your preferred pharmacy.

### Virtual care powered by MDLIVE

You can also access board-certified doctors and mental health professionals by phone, secure video, or online. To register, visit MDLIVE or call **800.718.5082**. Be sure to tell them you're a Baylor Scott & White Health Plan member and have your member ID card available.

# Where to go for care

# MyBSWHealth member portal

With the MyBSWHealth member portal you can manage all of your healthcare needs all in one place, 24/7.

Inside the portal, you can:

- Find doctors and locations in your network and schedule appointments with ease
- View or print your ID card and benefit plan documents
- Securely communicate with your care team
- View lab results and past visit summaries
- Review and pay bills
- Complete a telehealth visit and get a diagnosis and prescription on your smart phone without leaving home
- View deductible, out-of-pocket max, and claims information
- Transfer or refill prescriptions at BSW pharmacies
- Upload health and fitness data
- Manage your family's healthcare needs from a single place

MyBSWHealth is just one way Baylor Scott & White is making healthcare the way it should be.

# HEALTHCARE TO GO

Virtually all of the information in the member portal is available on your phone through the highly rated MyBSWHealth app. For example, you can view a digital copy of your ID card, see plan details, and track your deductible and out-of-pocket maximum for yourself and your dependents. Use the same user name and password you set up for the member portal to log in to the app. To learn more, visit our website:

[BSWHealthPlan.com/TRS](https://BSWHealthPlan.com/TRS).

Be sure to link your account in the app:

1. Tap the gear icon   
(top right corner of app welcome screen)
2. Tap “Manage Linked Accounts”
3. Tap “Link Account”
4. Enter member information

## Manage your whole family’s healthcare

# EXPLANATION OF BENEFITS

## Explanation of Benefits

When your provider submits a claim for services you received, an Explanation of Benefits (EOB) is created. An EOB is not a bill; it's a document designed to help you understand:

- How much your care cost
- How much you saved by visiting an in-network provider
- Any out-of-pocket expenses you are responsible for

Your EOB will also show any remaining balances for deductibles and out-of-pocket expenses for the current month and year-to-date. Statements are not provided for prescription claims.

If you owe a balance, you may also receive a separate bill for the amount due. You may be able to pay this bill through the MyBSWHealth member portal.

Your EOBs will be available on the MyBSWHealth member portal unless you specifically request to receive paper EOBs in the mail. To request paper EOBs, log in to the Member Portal and select "Update Preferences."

# COMPLEX CASE MANAGEMENT

If you have chronic conditions or complex care needs, our nurse case managers will work with you, your family, and your physician to create and manage your care plan.

Case managers advocate for you and can help you navigate the healthcare system and arrange the services you need. They can also answer questions and help you understand your condition and care plan. If you are enrolled in a Disease Management program, they'll incorporate that program into your care.

## MANAGE YOUR HEALTH

## DISEASE MANAGEMENT

Six in ten Americans live with at least one chronic disease, like diabetes, heart disease, or cancer.\* If you're one of them, our disease management program will empower you to manage your condition and help prevent complications.

We work with your healthcare providers to identify chronic conditions quickly and treat them effectively. We can also identify self-care activities to help you manage your condition at home. Together, we'll work to slow down the progression of your disease and help you maintain or improve your quality of life.

**NOTE:** There is no additional cost to you for these voluntary programs. It's all part of our goal to help you get the best possible results and the greatest value from your health plan. You can opt-in or opt-out of either Disease Management or Complex Case Management by calling **844.279.7589**.

# Maternity Care Management
