SECTION 125 PLANS

SECTION 125 PLAN INFORMATION AND RULES

A Section 125 Plan provides a tax-saving way to pay for eligible medical or dependent care expenses. The funds are automatically deducted from your paycheck on a pre-tax basis.

HERE'S HOW IT WORKS

A Section 125 Plan reduces your taxes and increases your spendable income by allowing you to deduct the cost of eligible benefits from your earnings before tax. Plus, the plan is available to you at no cost, and you're already eligible – all you must do is enroll.

IS IT RIGHT FOR ME?

The savings you may experience with a Section 125 Plan are outlined in the example below. For instance, you could potentially take home about \$70 more each month if you participated in your employer's Section 125 Plan – that's a savings of \$840 a year!

You cannot change your benefit elections for the plan year unless the benefits office receives notification in writing within 31 days of the status change. If the benefits office is not notified within 31 days of the status change, no benefit change can be made until the next annual open enrollment.

IRS specified changes in family status include:

- Change in legal married status
- Change in number of dependents
- Termination or commencement of employment
- Dependent satisfies or ceases to satisfy dependent eligibility requirements
- Change in residence or worksite that affects eligibility for coverage

From the North Texas plains to the Gulf Coast, TRS-ActiveCare is where you live and work. We have more Texas doctors than any other plan and more ways to make your health plan *yours*.

Learn the terms.

- **Premium:** The monthly amount you pay for health care coverage.
- **Deductible:** The annual amount for medical expenses you're responsible to pay before your plan begins to pay its portion.
- **Copay:** The set amount you pay for a covered service at the time you receive it. The amount can vary by the type of service.
- **Coinsurance:** The portion you're required to pay for services after you meet your deductible. It's often a specified percentage of the costs; i.e. you pay 20% while the health care plan pays 80%.
- **Out-of-Pocket Maximum:** The maximum amount you pay each year for medical costs. After reaching the out-of-pocket maximum, the plan pays 100% of allowable charges for covered services.

FLEXIBLE SPENDING ACCOUNTS

First Financial Administrators, Inc. | www.ffga.com | 1.866.853.3539

P.O. Box 161968 | Altamonte Springs, FL 32716

MEDICAL FSA

A Medical Flexible Spending Account (Medical FSA) is an IRS-approved program to help you save taxes and pay for out-of-pocket medical expenses not covered under your medical plan. If your plan includes a grace period option, you have additional time to incur and claim against unused funds in the new plan year. Keep in mind that remaining balances after the grace period is exhausted will be forfeited under the use-it-or-lose-it rule.

Your maximum contribution amount for 2022 is \$2,850.

HIGHLIGHTS

- Contributions are automatically deducted from your paycheck on a pre-tax basis, which helps reduce your taxable income and increase your spendable income.
- Your full election will be available to you at the beginning of the plan year.
- Be conservative – any money left in your account at the end of the plan year will be forfeited.
- Use your benefits card to pay for qualified expenses upfront without spending money out of pocket.
- Keep all receipts in case you need to substantiate a claim for tax purposes.

NOTE: The IRS requires proof that all expenses are eligible. Keep all receipts in case you need to substantiate a claim for tax purposes. Your receipt must include the date of purchase or service, amount you were required to pay after insurance, description of the product or service, merchant or provider name, and the patient's name.

DEPENDENT CARE FSA

With a Dependent Care Flexible Spending Account, you can set aside part of your pay on a pre-tax basis to pay for eligible dependent care expenses like childcare, babysitters, and adult day care.

**You may allocate up to \$5,000 per tax year for reimbursement of dependent care services.
If you are married and file a separate tax return, the limit is \$2,500.**

HIGHLIGHTS

- Eligible dependents must be claimed as an exemption on your tax return.
- Eligible dependents must be children under age 13 or an adult dependent incapable of self-care.
- Funds become available as contributions are made to your account.
- Keep all receipts in case you need to substantiate a claim for tax purposes.
- Balances will be forfeited at the end of the runoff or grace period.

DISABILITY INSURANCE

American Fidelity | www.americanfidelity.com | 1.800.654.8489

Have you ever wondered what would happen to your income if you had an accidental injury, sickness, or pregnancy? That is why you need disability coverage. It replaces a portion of income for the period you are unable to work due to those reasons. You can choose the benefit amount, which is the amount of your income to replace, and the waiting period that you begin receiving payments.

How do you decide if you need disability insurance? Consider these questions when making your decision:

- How much employer leave do you have?
- Do you have savings?
- Do you have other income you can rely on, such as from your spouse or from child support?
- How close are you to retirement?
- Could you go on Social Security Disability or take a Disability Retirement?
- What are your other sources of income?

CANCER INSURANCE

American Fidelity | www.americanfidelity.com | 1.800.654.8489
MetLife | www.metlife.com | 1.800.438.6388

Thousands of Americans are diagnosed with cancer each day. No doubt, the news is devastating, both personally and financially. It's impossible to anticipate a cancer diagnosis, but it is possible to prepare for it with a cancer insurance plan.

It is likely that your major medical coverage will not cover all the costs associated with a cancer diagnosis. Supplementing your major medical with cancer insurance may help you pay for related expenses, such as copays and deductibles, specialists, experimental treatment, specialty hospitals, travel expenses, in-home care and more.

Premiums are paid through convenient payroll deduction to ensure your policy remains in force if you should need it. Benefits are paid directly to you, so you can choose how to spend the money. Visit the Employee Benefits Center and view policy for more details.

CRITICAL ILLNESS INSURANCE

AFLAC | www.aflacgroupinsurance.com | 1.800.433.3036

If you've heard of heart attacks, strokes, organ transplants or paralysis, then you're familiar with critical illness. It's likely you or someone you know has experienced one of these life-altering events. Often times, a critical illness has a powerful impact on people's lives, affecting their livelihood and finances.

A critical illness plan can help with the treatment costs of covered illnesses. Benefits are paid directly to you, unless otherwise assigned, giving you the choice of how to spend the money. Plus, there are plans available to provide coverage for you, your spouse and dependent children.

Prepare now for the unexpected with a critical illness insurance plan. The plan helps you focus on getting well rather than worrying about finances. Visit the Employee Benefits Center and view policy for more details.

We help take care of your
expenses while you take
care of yourself.

Aflac®

Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who's been diagnosed with a critical illness. You can't help notice the difference in the person's life—both physically and emotionally. What's not so obvious is the impact a critical illness may have on someone's personal finances.

That's because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

That's the benefit of an Aflac Group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as a heart attack or stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction of out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses.

What you need, when you need it.

DEFINITIONS

Accidental Injury means accidental bodily damage to an insured resulting from an unforeseen and unexpected traumatic event. This must be the direct result of an accident and not the result of disease or bodily infirmity. **A Covered Accidental Injury** is an accidental injury that occurs while coverage is in force. **A Covered Accident** is an accident that occurs on or after an insured’s effective date while coverage is in force, and that is not specifically excluded by the plan.

A Doctor does not include the insured or an insured’s family member. In South Dakota however, a doctor who is an employee’s family member may treat the insured if that doctor is the only doctor in the area and acts within the scope of his practice. For the purposes of this definition, family member includes the employee’s spouse as well as the following members of the employee’s immediate family son, daughter, mother, father, sister, and brother. This includes step-family members and family-members-in-law.

The competition must also be overseen by a legal entity such as a public school system or sports conference. The legal entity must have a set of bylaws and competition must take place on a regulation playing surface. Participation must be on an amateur basis.

YOU MAY CONTINUE YOUR COVERAGE

Your coverage may be continued with certain stipulations. See certificate for details.

TERMINATION OF COVERAGE

Your insurance may terminate when the plan is terminated; the 31st day after the premium due date if the premium has not been paid; or the date you no longer belong to an eligible class. If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was in force. See certificate for details.

If this coverage will replace any existing individual policy, please be aware that it may be in your best interest to maintain your individual guaranteed-renewable policy.

Notice to Consumer: The coverages provided by Continental American Insurance Company (CAIC) represent supplemental benefits only. They do not constitute comprehensive health insurance coverage and do not satisfy the requirement of minimum essential coverage under the Affordable Care Act. CAIC coverage is not intended to replace or be issued in lieu of major medical coverage.

403(b) RETIREMENT PLANS

First Financial Administrators, Inc. | www.ffga.com |
1.800.523.8422, option 2 | retirement@ffga.com

The 403(b) can be an excellent way to save money for retirement. It can serve as a supplement to a traditional pension plan or other retirement plan(s), or as a stand-alone plan. The 403(b) is a tax deferred retirement plan available to employees of educational institutions and certain non-profit organizations as determined by section 501(c)(3) of the Internal Revenue Code. Contributions and investment earnings in a 403(b) grow tax deferred until withdrawal (assumed to be retirement), at which time they are taxed as ordinary income. The 403(b) is named after the section of the IRS code governing it.

HOW A 403(B) WORKS

Employees enroll and participate through their employer. Contributions to a 403(b) are made on a pre-tax basis through a Salary Reduction Agreement. This is an arrangement where the participating employee agrees to take a reduction in salary. The amount by which the salary is reduced is directed to investments offered through the employer and selected by the employee. These contributions are called elective deferrals and are excluded from the employee's taxable income. Contributions grow tax-deferred until the time of retirement when withdrawals are taxed as ordinary income.

BENEFITS

- Tax deferred growth: no annual taxation on earnings
- Investment options: fixed annuities, variable annuities, or mutual funds
- Competitive interest rates
- Flexibility: start, stop, and adjust your contributions as allowed by your employer's plan.
- Receive periodic account statements

CONTRIBUTION LIMITS

Participants may contribute up to \$20,500 for year 2022. Participants aged 50 and older at any time during the calendar year are permitted to contribute an additional \$6,500 in 2022, for a total of \$27,000.

A 457(b) plan is a Tax Deferred Retirement Plan available to employees of state and local governmental agencies, including public school employees. They are similar to 401(k) plans because they allow you to place a percentage of your salary into an employer-sponsored plan that helps you save for retirement. You will not have to pay taxes on what you contribute, or your earnings made until you withdraw the money.

BENEFITS

- Investment options: including Mutual Funds, Bonds and Money Market funds
- Flexibility: start, stop, and adjust your contributions as allowed by your employer's plan
- Receive quarterly account statements
- No 10% federal penalty on interest or earnings for early withdrawal
- No current federal income taxes on the money you put into the plan until it is time to take withdrawals

CONTRIBUTION LIMITS

Participants may contribute up to \$20,500 for year 2022. Participants aged 50 and older at any time during the calendar year are permitted to contribute an additional \$6,500 in 2022, for a total of \$27,000.

HOSPITAL INDEMNITY INSURANCE

AFLAC | www.aflacgroupinsurance.com | 1.800.433.3036

Hospital stays are costly. If you or a family member find yourself in the hospital due to a sudden accident or illness, you may struggle financially, even if you have a good medical plan. With a hospital indemnity plan, you can rest assured those extra expenses won't be a financial burden.

Unlike medical plans, there are no deductibles to meet with a hospital indemnity plan. As soon as you incur a qualified event, you can file a claim and start receiving benefits.

The plan pays a lump sum benefit in a previously specified amount. The money can be used for medical costs, insurance deductibles, groceries, transportation, childcare – the choice is up to you!

Aflac Group Hospital Indemnity

INSURANCE

Even a small trip to the hospital can have a major impact on your finances.

Here's a way to help make your visit a little more affordable.

Aflac[®]

AFLAC GROUP HOSPITAL INDEMNITY

Policy Series C80000

The plan that can help with expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And even with major medical insurance, your plan may only pay a portion of your entire stay.

That's how the Aflac Group Hospital Indemnity plan can help.

It provides financial assistance to enhance your current coverage. So you may be able to avoid dipping into savings or having to borrow to address out-of-pocket-expenses major medical insurance was never intended to cover. Like transportation and meals for family members, help with child care, or time away from work, for instance.

The Aflac Group Hospital Indemnity plan benefits include the following:

- Hospital Confinement Benefit
- Hospital Admission Benefit
- Hospital Intensive Care Benefit

How it works

Amount payable was generated based on benefit amounts for: Hospital Admission (\$2,500) and Hospital Confinement (\$200 per day).

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

Benefits Overview

	HIGH	LOW
<p>HOSPITAL ADMISSION BENEFIT per confinement (once per covered sickness or accident per calendar year for each insured) Payable when an insured is admitted to a hospital and confined as an in-patient because of a covered accidental injury or covered sickness. We will not pay benefits for confinement to an observation unit, or for emergency room treatment or outpatient treatment.</p> <p>We will not pay benefits for admission of a newborn child following his birth; however, we will pay for a newborn's admission to a Hospital Intensive Care Unit if, following birth, he is confined as an inpatient as a result of a covered accidental injury or covered sickness (including congenital defects, birth abnormalities, and/or premature birth).</p>	\$2,500	\$1,000
<p>HOSPITAL CONFINEMENT per day (maximum of 31 days per confinement for each covered sickness or accident for each insured) Payable for each day that an insured is confined to a hospital as an in-patient as the result of a covered accidental injury or covered sickness. If we pay benefits for confinement and the insured becomes confined again within six months because of the same or related condition, we will treat this confinement as the same period of confinement. This benefit is payable for only one hospital confinement at a time even if caused by more than one covered accidental injury, more than one covered sickness, or a covered accidental injury and a covered sickness.</p>	\$200	\$150
<p>HOSPITAL INTENSIVE CARE BENEFIT per day (maximum of 10 days per confinement for each covered sickness or accident for each insured) Payable for each day when an insured is confined in a Hospital Intensive Care Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in a Hospital's Intensive Care Unit at a time. Once benefits are paid, if an insured becomes confined to a Hospital's Intensive Care Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.</p> <p>This benefit is payable in addition to the Hospital Confinement Benefit.</p>	\$400	\$300
<p>SUCCESSOR INSURED BENEFIT If spouse coverage is in force at the time of the employee's death, the surviving spouse may elect to continue coverage. Coverage would continue according to the existing plan and would also include any dependent child coverage in force at the time.</p>		

In order to receive benefits for accidental injuries due to a covered accident, an insured must be admitted within six months of the date of the covered accident (in Washington, twelve months).
