

Ease the financial burden while healing

Fortunately, we can help with unexpected expenses

Every year, more and more people are being diagnosed with cancer.¹ Treatment of cancer can lead to unexpected expenses that create an additional financial burden. Cancer insurance helps fill in the gaps that medical insurance doesn't cover. Benefits are paid directly to the employee and may be used for any purpose - such as travel to treatment centers, medical co-pays, deductibles and experimental treatment, as well as everyday expenses like groceries, rent and ongoing household bills.

See next page for a schedule of paid benefits and monthly rates.
