## Choosing your dental insurance plan

### See if your dentist is in the network

You may want to make sure your dentist is in our network. Use our online directory at [www.aetna.com](http://www.aetna.com) to search.

### Check for your costs

Dental plans are all different. So you won't see your cost information here. Instead, check your benefits summary to find your share of the costs.

This may include your:

**Deductible** — the dollar amount some plans require you to pay for services before coverage begins.

**Coinsurance** — the percent of health care expenses you pay after your deductible. Your health plan pays the rest. For instance, you pay 20 percent, and your plan pays 80 percent.

**Plus**, your dental plan may have yearly and lifetime limits on coverage. And there may be age and frequency limits on some services.
