

## Member Request for Transitional Care Benefits and Release of Information

Please complete this form if you are currently receiving medical care from physician(s) that are not listed in your provider directory and would like assistance in coordinating your medical care with the new medical plan. It may be necessary to request medical information from your current physician(s). Transitional Care Benefits, for covered services, may be available for up to 90 days after your Group's effective date of coverage. After 90 days, the Medical Director will review any requests for benefits, made in writing, according to our standard prior authorization review process.

Important Transitional Care Benefits must be discussed with a Case Management Specialist if your group contract is already in effect. Please call the Pre-certification telephone number indicated on the back of your Identification Card. Providers not in the network of your plan may still bill for charges over our allowed amount.
