Protect the things employees care about most with Identity & Fraud Protection

We do more online than ever—from banking, shopping and even socializing—making personal information more vulnerable to cyber threats. Aura helps ensure employees’ personal information is not anywhere it shouldn’t be by protecting the things they care about most: identity, money and assets, family and privacy.

Aura is different where it matters with a focus on the employee experience to make the internet a safer place for their entire family.

All-in-one solution

All-in-one digital security solution designed to protect employees’ digital lives and help stop fraud before it happens.

Employee experience

Alerting employees to threats is only half the battle. Aura takes action to prevent and resolve issues in near real-time.

Innovation

Rapid innovation + investment in product + 25 years of combined experience = the industry’s truly integrated solution.
