Start and End of Dental **Treatments**

For benefits to be payable, Covered Procedures must be started and completed while an Insured's coverage is in force.

A prosthetic dental appliance installed or delivered after an Insured's coverage ends, may be payable for up to 30 days from the date coverage ended.

Start of Dental Treatments

A dental treatment is considered to be started as follows:

- for a full or partial denture, the date the first impression is taken;
- for a fixed bridge, crown, inlay and onlay, the date the teeth are first prepared;
- for a root canal therapy, on the date the pulp chamber is first opened;
- for periodontal surgery, the date the surgery is performed; and
- for all other treatment, the date treatment is rendered.

End of Dental Treatments

A dental treatment is considered complete as follows:

- for a full or partial denture, the date a final completed prosthesis is first inserted in the mouth:
- for a fixed bridge, crown, inlay and onlay, the date the bridge or restoration is cemented in place; and
- for root canal therapy, the date a canal is permanently filled.

Pre-Estimate

Pre-authorization is not required for any service. If the charge for any treatment is expected to exceed \$300, we recommend that a dental treatment plan be submitted to us by your Provider for a pre-estimate before treatment begins. We may request additional information from an Insured or the Insured's Provider to help us determine benefits payable.

An estimate of the benefits payable will be sent to you and your Provider. The preestimate is not a guarantee of the amount we will pay. The pre-estimate process lets an Insured know in advance approximately what portion of the expenses will be covered by benefits. Our estimate may be for a less expensive Alternative Benefit if it will produce professionally satisfactory results.

Members and Providers can access benefits at www.AlwaysAssist.com, or by contacting customer service, or by using the automatic telephonic system to have benefit information faxed.

See the attached Schedule of Covered Procedures for the procedures included in your coverage.

This certificate is subject to all Exclusions and Limitations in this section, unless stated otherwise within a Covered Procedure or a specific provision.

the amount payable under the certificate.

Other

Multiple restorations on one surface are payable as one surface. Multiple surfaces on a single tooth will not be paid as separate restorations.

On any given day, more than 8 periapical x-rays or a panoramic film in conjunction with bitewings will be paid as a full mouth radiograph.

Coordination of Benefits establishes an order in which Plans pay their claims when an Insured has dental coverage under more than one Plan.

Definitions

The following terms are defined for the purposes of this section:

Allowable Expense is an expense that is considered a covered charge, at least in part. by one or more of the Plans. When a Plan provides benefits by services, reasonable cash value of each service will be treated as both an Allowable Expense and a benefit paid.

Plan refers to any Plan, including this one, that provides benefits or services for dental expenses on either a group or individual basis.

Types of Plans include:

- group and blanket insurance;
- šelf-insured plans;
- prepaid plans;
- government plans;
- plans required or provided by statute (except Medicaid); and
- no fault insurance (when allowed by law).

Primary Plan is the Plan that, according to the rules for The Order of Benefit Determination, pays benefits before all other Plans.

Benefit Coordination

Benefits will be adjusted so that the total payment under all Plans does not exceed 100% of the Insured's Allowable Expense. In no event will total benefits paid exceed the total payable in the absence of Coordination of Benefits.

If an Insured's benefits paid under this Plan are reduced due to Coordination of Benefits, each benefit will be reduced proportionately. Only the amount of any benefit actually paid will be counted toward any applicable benefit maximum.

The Order of Benefit **Determination**

When this is the Primary Plan, we will pay benefits as if there were no other Plans. In the event a person is covered by a Plan without a Coordination of Benefits provision, the Plan without the provision will be the Primary Plan.

When a person is covered by more than one Plan with a Coordination of Benefits provision, the order of benefit payment is determined as follows:

Insured Spouse and Insured Children

A Plan which covers a person as a Spouse or Child will pay second to the Plan covering such person as an employee, member, policyholder, subscriber, or retiree.

Children of Parents Not Separated or Divorced

For Children, the Plan of the parent whose birthday occurs first in the Calendar Year will pay benefits first. If both parents have the same birthday, the Plan that has covered the Children for the longer period will pay first. If the other Plan uses gender to determine which Plan pays first, we will also use that basis.

Children of Separated or Divorced Parents

If two or more Plans cover Children of separated or divorced parents, benefits for the Children are determined in the order that follows:

- the Plan of the parent who has responsibility for providing insurance as determined by a court order:
- the Plan of the parent with custody of the Child;
- the Plan of the spouse of the parent with custody; and
- the Plan of the parent without custody of the Child.

Children of Parents with Joint Custody

If the joint custody court decree does not specifically state which parent is responsible for the Children's medical expenses, the rules shown for Children of Parents Not Separated or Divorced shall apply.

Coordination of Benefits

Persons in Active/Inactive Employment

The Plan which covers the person as an active employee or as that employee's dependent, is Primary over the Plan which covers that person as a laid off or retired employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored.

Longer/Shorter Length of Coverage

When an order of payment is not established by the above, the Plan that has covered the person for the longer period of time will pay first.

Right to Receive and Release Needed Information

You are required to give us information necessary for Coordination of Benefits. Information may be released to or obtained from any other insurance company, organization, or person necessary for Coordination of Benefits. This will not require the consent of, or notice to you or any claimant.

Right to Make Payments to **Another Plan**

Coordination of Benefits may result in payments made by another Plan that should have been made by us. We have the right to pay any other Plan all amounts it paid which would otherwise have been by us. Amount paid in this manner will be treated as benefits paid under this Plan. We will be discharged from liability to the extent of such payments.

Right to Recover

Coordination of Benefits may result in overpayments by us. We have the right to recover any excess amounts paid from any person, insurance company or other organization to whom, or for whom, payments were made.

Filing a Claim

We encourage notification of a claim for benefits under this certificate so that a claim decision can be made in a timely manner. If there are any questions on how to file a claim, please contact us or your Employer.

Step 1 - Claim Forms

Most Providers file claims electronically or have claim forms on hand. Claim forms are also available on our website www.AlwaysAssist.com or by contacting us directly at (888) 400-9304. We will provide a claim form within 15 days of your request.

If you or your authorized representative do not receive a claim form from us within 15 days after we receive notice of a claim, a written statement that includes a description of services, billed charges, and any additional documentation you received from your Provider will be deemed Proof of Loss, if sent to us within the time limit stated in the Proof of Loss section below.

Completed claim forms may be sent to us by mail, e-mail, or fax:

Step 2 - Proof of Loss

Proof of Loss must be sent to us no later than 90 days after the date of service. The Insured's receipt of charges for services rendered by a Provider is Proof of Loss. If it is not reasonably possible to provide Proof of Loss within this time period, it must be provided no later than the first anniversary of the date Proof of Loss is required, unless the Insured lacks the legal capacity to do so.

The receipt of charges submitted to us for proof must include the treatment performed in terms of the American Dental Association Uniform Code on Dental Procedures and nomenclature, or a narrative description. Existing X-rays, narratives, and other diagnostic information may be required to determine benefits.

We will request additional information if Proof of Loss is not complete.

Services Performed Outside the United States of America

Claims submitted for any dental treatment performed outside the United States must:

- be supplied in English;
- use American Dental Association (ADA) codes; and
- be in U.S. Dollar currency.

Claim Procedures

After the Insured has satisfied the requirements under Filing a Claim, we will process and evaluate the information to determine if a claim is payable. We will notify the Insured of a claim decision within 30 days. Benefits will be paid in accordance with the Payment of Benefits provision.

If we determine additional time is needed to review a claim, we may extend this time period by 30 days. We will notify the Insured of the circumstances requiring a review extension and when we anticipate making a claim decision.

If a claim for benefits under this certificate is wholly or partially denied, we will provide notice of our decision in writing. The notice of denial will state the specific reason for the denial of benefits.

Payment of Benefits

Benefits for which we are liable will be paid no later than 60 days after the date complete Proof of Loss is received. All benefits will be paid to you, unless we receive written authorization to pay them elsewhere. This is an assignment of benefits.

If there are legal impediments to Payment of Benefits under this certificate which depend on the actions of parties other than us, we may hold further benefits due until such impediments are resolved and sufficient Proof of Loss of the same is provided to us.

In the event of your death, any unpaid benefits will be paid to your estate. If benefits are payable to your estate, we can pay benefits up to \$1,000 to someone related to you by blood or marriage whom we consider entitled to the benefits. Any payment made by us in good faith pursuant to this provision will fully release us to the extent of such payment.

If any person covered under this policy is receiving financial and medical benefits through the Texas Health and Human Services Commission, benefits payable for such person under this policy will be paid to the Texas Department of Human Services whenever:

- The Texas Health and Human Services Commission is paying benefits pursuant to Chapters 31 and 32 of the Human Resources Code, i.e., financial and medical assistance service programs administered pursuant to the Human Resources Code; and
- We are notified at the time of claim that the covered person is receiving financial and medical assistance.

Benefits paid on behalf of a child or children under the policy shall be paid to the Texas Department of Human Services after written notice to us if: (1) the parent who is a member of the group is: (A) a possessory conservator of the child under an order issued by a court in Texas or is not entitled to possession of or access to the child; and (B) is required by court order or court-approved agreement to pay child support; (2) the Texas Department of Human Services is paying benefits on behalf of the child under Chapter 31 or 32, Human Resources Code; and (3) we are notified through an attachment to the claim for insurance benefits when the claim is first submitted to us that the benefits must be paid directly to the Texas Department of Human Services.

If you are receiving medical assistance through the Medicaid Program of Texas, any benefits payable to you will be paid to the Texas Department of Human Services.

Payment to a Minor or Incompetent Insured

If an Insured is a minor or is incompetent, we can pay up to \$1,000 to the person or institution that appears to have assumed the custody and main support of the Insured or the minor unless or until that Insured, or minor's appointed legal representative makes a formal claim. If we pay benefits to such person or institution, we will not have to pay those benefits again.

Overpayment of Claims

We have the right to recover any overpayments from Insureds and Providers due to:

- fraud:
- Misstatement of Information; or
- any error we make in processing a claim.

We must be reimbursed in full. If it is not possible to reimburse us in a lump sum payment, we will develop a reasonable method of repayment. This may include reducing or withholding future payments from the provider that was overpaid.

We will not recover more money than the amount we paid.

Underpayment of Claims

We have the responsibility to make additional payments if any underpayments have been made. Any underpayments will be paid in accordance with the Payment of Benefits provision.

We will address the complaint within 30 days after receipt or, unless special circumstances require an

extension of time. In that case, resolution will be achieved as soon as possible, but not later than 120 days after our receipt of the complaint.

Claim Denial

If we deny all or any part of your claim, you can access the claim status detail on www.AlwaysAssist.com, you have the right to receive a written notice of denial setting forth:

- the specific reasons for the denial;

- copies of all documents, records, and other information relevant to your claim for benefits: and
- a description of any additional material or information needed to prove entitlement to benefits and an explanation of why such material or information is necessary.

Appeal

If, under the terms of the policy, a claim is denied in whole or in part, a request may be submitted to us by you, or by your authorized representative, for a full review of the denial. You may designate any person, including your Provider, as your authorized representative. References in this section to "you" include your authorized representative, where applicable.

The request must be written or oral and made within 60 days following your receipt of adverse benefit determination and should contain sufficient information to identify the person for whom the claim was submitted, including:

- your or your Spouse's or Children's name;
- your or your Spouse's or Children's identification number and date of birth;
- the Provider of services; and
- the claim number.

An adverse determination means a determination that health care services provided or proposed to be provided to you [or your Spouse or Children] are not medically necessary or are experimental or investigational.

Within 5 working days from the date we receive your appeal, we shall send you a letter acknowledging the appeal.

An Insured may request, free of charge, any documents held by us regarding the denial of your claim. You or your Spouse or Children may also submit written comments or supporting documentation concerning the claim to assist in our review.

Our response to your request for review, including specific reasons for the decision and reference to the specific plan provision on which the benefit determination is based, shall be provided and communicated to you or your Spouse or Children no later than 60 days after receipt of a request for an appeal from you or your Spouse or Children. In the event that we do request an extension of time, notice will be provided to you prior to the expiration of the initial 60 day period, and the extension will not exceed a period of 60 days from the end of the initial 60 day time period.

Expedited Appeals for Denials of Emergency Care

If we deny emergency care and a written appeal is submitted to us, we will let you know our decision within one (1) working day from the date all information necessary to complete the expedited appeal is received. The information required for your expedited appeal of emergency care must include a written statement from your health care provider, including supporting documentation, that the emergency care is necessary to treat a life-threatening condition or prevent serious harm to the patient.

Claim Provisions

Copies of all appeals and responses are available for inspection by the state insurance department or equivalent authority.

Independent Review Option

If your final internal appeal to reverse an adverse benefit decision is denied, you may have the right to seek review of that determination by an independent review organization assigned to the appeal in accordance with Chapter 4202 of the Texas Insurance code.

ERISA

If your Plan is governed by ERISA, claim denial and appeal procedures as well as your right to lawsuit should comply with ERISA requirements, which might be different from the state requirements stated above.

Additionally, under the provisions of ERISA (Section 502(a)) 29 U.S.C. 1132(a), you may have the right to bring a civil action when all available levels of review of denied claims, including the appeals process, have been completed, the claims were not approved in whole, and you disagree with the outcome.

Other Remedies

When you have completed the appeals process described above, additional voluntary alternative dispute resolution options may be available, including mediation. One way to find out what may be available is to contact the U.S. Department of Labor and your State insurance regulatory agency.

How you're protected if your life or health insurance company fails

The Texas Life and Health Insurance Guaranty Association protects you by paying your covered claims if your life or health insurance company is insolvent (can't pay its debts)

This notice summarizes your protections.

The Association will pay your claims, with some exceptions required by law, if your company is licensed in Texas and a court has declared it insolvent. You must live in Texas when your company fails. If you don't live in Texas, you may still have some protections.

For each insolvent company, the Association will pay a person's claims only up to these dollar limits set by law:

- Accident, accident and health, or health insurance (including HMOs):
 - Up to \$500,000 for health benefit plans, with some exceptions.
 - Up to \$300,000 for disability income benefits.
 - Up to \$300,000 for long-term care insurance benefits.
 - Up to \$200,000 for all other types of health insurance.
- Life insurance:
 - Up to \$100,000 in net cash surrender or withdrawal value.
 - Up to \$300,000 in death benefits.
- **Individual annuities:** Up to \$250,000 in the present value of benefits, including cash surrender and net cash withdrawal values.
- Other policy types: Limits for group policies, retirement plans and structured settlement annuities are in Chapter 463 of the Texas Insurance Code.
- Individual aggregate limit: Up to \$300,000 per person, regardless of the number of policies or contracts. A limit of \$500,000 may apply for people with health benefit plans.
- Parts of some policies might not be protected: For example, there is no protection for parts of a policy or contract that the insurance company doesn't guarantee, such as some additions to the value of variable life or annuity policies.

These protections apply to insolvencies that occur on or after September 1, 2019. **There may be other exceptions that aren't included in this notice.** When choosing an insurance company, you should not rely on the Association's coverage.
