Benefit highlights

DeltaCare® USA

DeltaCare USA¹ DHMO plans offer you straightforward and affordable care from a trusted in-network dentist that you choose.² You know everything your plan covers and what each procedure costs. No surprises.

Comprehensive coverage

- Coverage for 350+ procedures
- Regular preventive care at low or no cost to help stop serious problems from developing
- Specialist services for oral surgery, endodontics, orthodontics, periodontics and pediatric dentistry

Budget-friendly

- No deductibles or maximums³ for covered services
- Transparent out-of-pocket costs listed in your plan booklet or online account⁴

- All-inclusive copayments (no material or lab fees)
- Cleanings and exams covered at low or no cost

Large network of quality dentists

Delta Dental is a leading national carrier that offers a large network of high-quality and rigorously vetted dentists to choose from.

Convenient services

We make it easy for you — your DeltaCare USA network dentist will take care of all the paperwork, and no ID card is required to receive treatment.

LEGAL NOTICES: Access federal and state legal notices related to your plan: deltadentalins.com/about/legal/index-enrollee.html

deltadentalins.com/members

DeltaCare USA is underwritten in these states by these entities: AL — Alpha Dental of Alabama, Inc.; AZ — Alpha Dental of Arizona, Inc.; CA — Delta Dental of California; AR, CO, IA, MA, ME, MI, MN, NC, ND, NE, NH, OK, OR, RI, SC, SD, VA, VT, WA, WI, WY — Dentegra Insurance Company; AK, CT, DC, DE, FL, GA, KS, LA, MS, MT, TN, WV — Delta Dental Insurance Company; HI, ID, IL, IN, KY, MD, MO, NJ, OH, TX — Alpha Dental Programs, Inc.; NV — Alpha Dental of Nevada, Inc.; UT — Alpha Dental of Utah, Inc.; NM — Alpha Dental of New Mexico, Inc.; NY — Delta Dental of New York, Inc.; PA — Delta Dental of Pennsylvania. Delta Dental Insurance Company acts as the DeltaCare USA administrator in all these states. These companies are financially responsible for their own products. Delta Dental is a registered trademark of Delta Dental Plans Association.

² Verify your selected DeltaCare USA general dentist before each appointment.

³ Plans with an Accidental Injury Rider have a \$1,600 annual maximum for accidental injury. Consult your Evidence/Certificate of Coverage.

⁴ State-specific exceptions may apply.

What you need to know in advance, or about your DeltaCare® USA plan

How DeltaCare USA works

We make it easy for you — your DeltaCare USA network dentist will take care of all the paperwork, and no plan ID card is required to receive treatment.

- You must visit a DeltaCare USA general dentist to use your plan.¹
 - Dependent children under the age of 14
 may obtain covered care from an in-network
 pediatric dentist without referral from a
 general dentist. Your general dentist will
 coordinate and refer you to specialists for
 care, if needed.
- You may select an in-network general dentist, or a general dentist can be assigned at first visit if you haven't selected a dentist yet.²
- You can select or change dentists anytime online or by phone.
- Pay predefined, all-inclusive copayments —
 with no hidden fees (no material or lab fees)
 at the time of service. Consult your plan
 booklet for coverage.
- No deductibles, maximums or waiting periods for covered services. No claims to submit no hassle!
- Transparent out-of-pocket costs shown in your plan booklet or online account

What your plan covers

You're covered for hundreds of procedures with no annual limit on the amount your plan pays.

- Comprehensive coverage for 350+ procedures that prioritizes preventive care
- Cleanings and exams covered with low or no copayments
- Orthodontics coverage for adults and children, including clear aligners
- Extensive care including crowns, dentures, root canals, oral surgery and more

Getting started

To enroll in a DeltaCare USA plan, simply complete the enrollment process as directed by your benefits administrator. Select a new DeltaCare USA dentist or check to see if your preferred general dentist is in-network.

Once we process your enrollment, we'll mail you welcome materials that will include:

- The name, address and phone number of your selected general dentist or instructions on how to select one. Simply call the dental facility to make an appointment. Important note: In order to receive benefits under your plan, you must visit your general dentist facility. You can visit any DeltaCare USA general dentist at your selected dental facility as long as they are in the DeltaCare USA network.
- Your Evidence/Certificate of Coverage (plan booklet). This useful document provides a thorough description of how to use your benefits, including covered services, copayments and any limitations and exclusions of your plan.
- An ID card. This card is for your records only

 you do not need to present it in order to receive treatment.

Visit **deltadentalins.com** to create a free, secure online account. You can access your plan benefits and ID card, select (or change) your general dentist and more.

General plan information

You and your eligible dependents have emergency dental service coverage for out-of-area emergencies.³ Your out-of-area emergency benefit (typically limited to \$100 per person) is for services to relieve pain until you can return to see your general dentist.⁴ Standard plan limitations, exclusions and copayments may apply.

¹ In AZ, MD, and TX, if you do not select a dentist when you enroll, we will choose one for you.

² If you have not yet been assigned to a DeltaCare USA general dentist, you can do so by visiting any DeltaCare USA general dentist that is accepting new patients. When your selected dentist files a qualifying claim, you will be added to their roster and they will become your assigned DeltaCare USA general dentist. Once assigned, you must visit this dentist for future visits to receive benefits. Dependent children under the age of 14 may obtain covered care from an in-network pediatric dentist without referral from a general dentist.

³ State-specific minimum distance requirements may apply.

⁴ In TX, there is no limit on the number of miles or on the dollar amount per emergency.

We make it easy for you!

Receive your welcome materials

Visit your DeltaCare USA dentist

Receive dental care

Pay only your copayment

There are no exclusions for most pre-existing conditions, except work in progress. Treatment in progress includes services such as preparations for crowns or root canals, or impressions for dentures. If you started treatment before your plan's effective date, you and your prior dental carrier are responsible for any costs. Some DeltaCare USA plans may cover in-progress orthodontic treatment.

Glossary

Here are some common terms that will help you understand your plan:

Authorization: The process by which Delta Dental determines whether a procedure or treatment is a referable benefit under your plan. Your assigned general dentist must obtain prior authorization from us to refer you to an out-of-network specialist or out-of-network orthodontist. Services performed by an out-of-network dentist, specialist or orthodontist that are not authorized by us will not be covered.

Copayment, or copay amount: The fixed dollar amount a member is responsible for when receiving treatment.

DeltaCare USA dentist: A dentist who is a member of the DeltaCare USA network. These dentists have contracted with Delta Dental and agreed to accept negotiated fees for the services

provided to DeltaCare USA members. You must visit a DeltaCare USA dentist to receive plan benefits.

Diagnostic and preventive services: A category of dental services that includes benefits for oral evaluations, routine cleanings, x-rays and fluoride treatments. There are low or no copayments for these services to encourage you to seek regular care and prevent problems from developing.

Effective date: The date your dental plan becomes active. Also, the date a member becomes eligible for benefits.

Limitations and Exclusions: Limitations are usually related to a specific time or frequency — for example, a plan may cover only two cleanings in a 12-month period or one cleaning every six months. Exclusions are services not covered by a plan.

(Dental) Referral: Directing a patient to a dental specialist by a general dentist. When specialty dental care is needed, your general dentist will refer you to a trusted specialist in the network.⁶

Specialist services: Services performed by a dental specialist, such as oral surgery, endodontics, periodontics or pediatric dentistry. When specialty dental care is needed, your general dentist will refer you to a trusted specialist in the network.⁶

For more help with understanding dental terms, visit www1.deltadentalins.com/members/glossary.html

⁵ In TX, there is no exception for work in progress for covered DeltaCare USA benefits.

⁶ Dependent children covered under a DeltaCare USA plan have the option to seek dental care from a pediatric dentist through the age of 13, whether or not the child has an assigned general dentist. Referrals to visit a pediatric specialist are not required. If the pediatric dentist determines that additional specialty care is needed, they may refer pediatric patients directly to other specialists, such as an orthodontist. At age 14, covered dependent children must obtain care from their assigned DeltaCare USA general dentist.

SCHEDULE A

Description of Benefits and Copayments

The Benefits shown below are performed as deemed appropriate by the Contract Dentist subject to the *Limitations and Exclusions* of the Plan. Please refer to *Schedule B* for further clarification of Benefits. **You should discuss all treatment options with Your Contract Dentist prior to services being rendered.**

Text that appears in italics below is specifically intended to clarify the delivery of Benefits under the DeltaCare USA Plan and is not to be interpreted as Current Dental Terminology ("CDT"), CDT-2025 procedure codes, descriptors or nomenclature that are under copyright by the American Dental Association ("ADA"). The ADA may periodically change CDT codes or definitions. Such updated codes, descriptors and nomenclature may be used to describe these covered procedures in compliance with federal legislation.

If services for a listed procedure are performed by the Contract Dentist, You pay the specified Copayment. Listed procedures which require a Dentist to provide Specialist Services, and are referred by the Contract Dentist, must be authorized by Us. You pay the Copayment specified for such services.

Teledentistry services provided by a Dentist other than Your Contract Dentist are considered Out-of-Network and may result in an out-of-pocket cost to You.

SCHEDULE B

Limitations and Exclusions of Benefits

- 1. The frequency of certain Benefits is limited. All frequency limitations are listed in *Schedule A, Description of Benefits and Copayments.*
- 2. If You accept a treatment plan from the Contract Dentist that includes any combination of more than six crowns, bridge pontics and/or bridge retainers, You may be charged an additional \$135.00 above the listed Copayment for each of these services after the sixth unit has been provided.
- 3. General anesthesia and/or intravenous sedation/analgesia is limited to treatment by a contracted oral surgeon and in conjunction with an approved referral for the removal of one or more partial or full bony impactions (Procedures D7230, D7240, and D7241).
- 4. Contract Dentists may offer services that utilize brand or trade names at an additional fee. You must be offered the Plan Benefits of a high quality laboratory processed crown/pontic that may include: porcelain/ceramic; porcelain with base, noble or high-noble metal. If You choose the alternative of a material upgrade (name brand laboratory processed or in-office processed crowns/pontics produced through specialized technique or materials, including but not limited to: Captek, Procera, Lava, Empress and Cerec) the Contract Dentist may charge an additional fee not to exceed \$150.00 in addition to the listed Copayment. Contact the Customer Service Center at 800-422-4234 if you have questions regarding the additional fee or name brand services.
- 5. Benefits provided by a pediatric Dentist are limited to children through age 13 less applicable Copayments. Exceptions for medical conditions, regardless of age limitation, will be considered on an individual basis.
- 6. The cost to You for receiving orthodontic treatment when coverage is cancelled or terminated for any reason will be based on the Contract Orthodontist's submitted fee for the treatment plan. The Contract Orthodontist will prorate the amount for the number of months remaining to complete treatment. You make payment directly to the Contract Orthodontist as arranged.
- 7. Orthodontic treatment in progress is available to You, if at the time of Your original effective date, You are in active treatment started under Your previous dental plan, as long as You continue to be eligible under the DeltaCare USA Plan. Active treatment means tooth movement has begun. You are responsible for all Copayments and fees subject to the provisions of Your prior dental plan. We are financially responsible only for amounts unpaid by the prior dental plan for qualifying orthodontic cases.
- 8. Fabrication of athletic mouthguard is limited to once every 12 months.
- 9. If any existing fixed bridge or removable denture that already replaces the tooth or teeth, which would be replaced by a new implant-supported prosthesis, that existing appliance must be eligible for replacement.
- 10. Replacement of implants and implant-supported prosthesis requires the existing implants and implant-supported prosthesis to be 5+ years old.
- 11. Implants and implant supported crowns and prosthesis are covered to replace one or more natural permanent teeth lost due to accidental trauma or removal.
- 12. Implant removal is limited to one (1) for each implant during Your lifetime.
- 13. Teledentistry services provided by a Dentist other than Your Contract Dentist are considered Out-of-Network and may result in an out-of-pocket cost to You.
- 14. Coverage for orthodontic treatment is limited to conventional orthodontic services, which includes clear aligner therapy (e.g., InvisalignTM and Sure SmileTM). We consider lingual brackets, clear (composite or ceramic) brackets to be specialized services. When treatment using lingual brackets or clear (composite or ceramic) brackets is provided, We will make an allowance for conventional orthodontic services. You are responsible for Your Copayment for the conventional orthodontic treatment plus the additional fees related to the specialized services (lingual brackets or clear brackets).

15. X-ray Limitations:

- When the frequencies for the comprehensive radiographic images (D0210) and panoramic images (D0330) differ, the least restrictive frequency will apply.

S-B-TX-STD-VALUE-R24 V25

- Panoramic images are not considered part of a comprehensive intraoral series.
- Bitewing x-rays of any type are included in the fee of a comprehensive series when taken within 6 months of the comprehensive images.
- Bitewing x-rays are limited to two images for under age 10.
- Image capture procedures are not separately billable services.
- 16. The fee for accessing and retorquing a loose implant screw is included in the fee for the delivery of the implant supported prosthesis, when performed within 6 months of the placement of the prosthesis.

Exclusions of Benefits

- 1. Any procedure that is not specifically listed under Schedule A, Description of Benefits and Copayments.
- 2. Any procedure that in the professional opinion of the Contract Dentist:
 - * has poor prognosis for a successful result and reasonable longevity based on the condition of the tooth or teeth and/or surrounding structures, **or**
 - * is inconsistent with generally accepted standards for dentistry.
- 3. Services solely for cosmetic purposes, with the exception of procedure D9975 (External bleaching for home application, per arch), or for conditions that are a result of hereditary or developmental defects, such as cleft palate, upper and lower jaw malformations, congenitally missing teeth and teeth that are discolored or lacking enamel, except for the treatment of newborn children with congenital defects or birth abnormalities.
- 4. Lost or stolen appliances including, but not limited to, full or partial dentures, space maintainers, crowns and fixed partial dentures (bridges).
- 5. Procedures, appliances or restorations if the purpose is to change vertical dimension, or to diagnose or treat abnormal conditions of the temporomandibular joint (TMJ).
- 6. Precious metal for removable appliances, metallic or permanent soft bases for complete dentures, porcelain denture teeth, precision abutments for removable partials or fixed partial dentures (overlays, implants, and appliances associated therewith) and personalization and characterization of complete and partial dentures.
- 7. Implant-supported dental appliances and attachments, implant placement, maintenance, removal and all other services associated with a dental implant, *unless listed as a covered benefit.*
- 8. Consultations for non-covered Benefits.
- 9. Dental services received from any dental facility other than the Contract Dentist, an authorized dental specialist, or a Contract Orthodontist except for *Emergency Services* as described in the Evidence of Coverage.
- 10. All related fees for admission, use, or stays in a hospital, out-patient surgery center, extended care facility, or other similar care facility.
- 11. Prescription drugs.
- 12. Dental expenses incurred in connection with any dental or orthodontic procedure started before Your eligibility with the DeltaCare USA Plan. Examples include: teeth prepared for crowns, root canals in progress, full or partial dentures for which an impression has been taken and orthodontics unless qualified for the orthodontic treatment in progress provision.
- 13. Lost, stolen or broken orthodontic appliances.
- 14. Changes in orthodontic treatment necessitated by accident of any kind.
- 15. Myofunctional and parafunctional appliances and/or therapies.
- 16. Treatment or appliances that are provided by a Contract Dentist whose practice specializes in prosthodontic services.

17. Orthodontic treatment must be provided by a licensed Dentist.

- 21. Services or supplies for sleep apnea.

S-B-TX-STD-VALUE-R24 V25

The following dental terms have the meanings indicated:

Abrasion - The abnormal wearing away of the tooth by chewing, incorrect brushing methods, grinding or similar causes.

Alveoloplasty - A surgical procedure to reshape the jaw bones to achieve normal bone contour in preparation for tooth replacement via denture, partials or bridges.

Amalgam - A metal alloy used in filling teeth.

Apicoectomy - The surgical removal of the root tip.

Appliance - A device used to provide function or therapeutic effect.

Attrition - The normal loss of tooth substance resulting from friction during chewing.

Banding - Application of preformed stainless steel rings that are fitted around the teeth and cemented in place.

Banding dentition - Treatment of a tooth which involves banding (for orthodontic purposes).

Cephalometric x-rays - X-rays used in studying the measurements of the head in relation to specific soft tissue and bony reference points.

Cleft palate - A birth defect resulting in an incomplete closure or formation of the palate.

Debridement - The removal of plaque and tartar, above and below the gumline, which makes the ability to evaluate the gum condition difficult.

Equilibration - Changing the occlusal forms of the teeth by selective grinding, with the interest of balancing occlusal stresses more evenly on the teeth.

Erosion - Chemical or mechanical destruction of tooth substance, the mechanism of which is incompletely known, that leads to the creation of a depression in the tooth surface at the gumline.

Exostosis - An excessive growth of bone.

Expansion appliance - An appliance used to widen a dental arch to increase the room available for permanent teeth and/or to correct the bite.

Frenum - The fibers that attach the cheek, lips or tongue to the tissue lining the mouth.

Frenectomy - Surgical removal or loosening of the frenum.

Functional appliance - An appliance used to achieve minor tooth movement, to strengthen the muscles of the oral cavity or to maintain space created by the loss or delayed eruption of the teeth.

Gingiva - The soft tissue which covers a tooth or the gum surrounding a tooth.

Gingivectomy - The surgical removal of the unsupported gingiva to the level where it is attached.

Gingivoplasty - Surgical contouring of the gingiva to facilitate maintenance of tissue health and integrity.

Headgear - An apparatus encircling the head or neck that provides attachment for an intraoral appliance in use of extraoral anchorage.

Implant - A device specially designed to be placed surgically within or on the mandibular or maxillary bone as a means of providing for dental replacement of a missing tooth.

Lingual - Pertaining to the tongue.

Macrognathia - A definite overgrowth of the mandible and maxilla.

Mandible - The lower jaw.

Mandibular - Pertaining to the lower jaw.

Maxilla - The upper jaw.

Maxillary - Pertaining to the upper jaw.

Micrognathia - An abnormal smallness of the jaws, especially the mandible.

Myofunctional therapy - Training to curb or eliminate abnormal muscle function of the oral cavity.

Occlusal - The chewing surfaces of the posterior teeth.

Occlusion - The contact between the upper and lower teeth when in a closed position.

Orthodontic appliance - Any appliance used to apply forces for tooth movement during orthodontic treatment.

Palate - The roof of the mouth.

Palatal - Pertaining to the roof of the mouth.

Palliative - Action that relieves pain but does not cure the cause of the pain.

Panoramic film - An x-ray that offers a full view of the entire length of the jaws in a single x-ray.

Pediatric or **Pedodontic** - Pertaining to children.

Periapical - The area surrounding or enclosing the root tip of a tooth.

Periodontitis - Gingival changes that occur due to infection and loss of attachment between the tooth and gums. Periodontitis is a long-term progressive disease.

Periradicular - Around the root.

Pontic - The term used for the artificial tooth on a bridge.

Prophylaxis - The removal of plaque, tartar and stains on the crown portion of the teeth, including polishing.

Pulp cap - The covering of an exposed dental nerve with material that protects it from foreign irritants.

Quadrant - One of the four equal sections into which the dental arches can be divided; begins at the middle of the arch and goes to the last tooth on either side.

Rebase - Process of refitting a denture by replacing the acrylic base material.

Resin - Broad term used to indicate an organic substance that is usually tooth colored. Composite resin used in filling teeth, most often in the front of the mouth.

Retainer - An appliance used to maintain the positions of the teeth and jaws gained by orthodontic procedures.

Retrograde filling - A method of sealing the root canal by preparing and filling it from the root tip.

Root planing - A procedure designed to remove bacteria, tartar and diseased root tissue from the root surfaces. Often referred to as "deep cleaning."

Sealant - Application of a resin material to the biting surfaces of the permanent molars to seal the surface crevices to prevent the formation of decay.

Study model - A positive likeness of dental structures (teeth and adjoining tissues) for the purpose of study and treatment planning.

Supernumerary - Any tooth in excess of the 32 normal permanent teeth.

Temporomandibular joint - The joint formed by the connection of the lower jaw to the skull.

Tracing - As it relates to orthodontic treatment, a tracing is a line drawing of pertinent features of a cephalometric x-ray made on a piece of transparent paper placed over an x-ray. The tracing provides measurements of soft tissue and bony reference points that aid in predicting growth patterns and orthodontic diagnosis and treatment planning.

Trigeminal nerve - The main nerve that provides feeling to the muscles and tissues of the face, jaws and teeth.

Vertical dimension - The vertical height of the face with teeth in occlusion.

More helpful tips for using your plan

Find a network dentist near you

Use our convenient **Find a dentist** tool and select **DeltaCare USA** as your network.

- Find a dentist near your home or office
- Narrow your search by location, specialty, languages spoken — and more

Create an online account at deltadentalins.com/welcome

- · Review your plan benefits
- Access your ID card if you want one (You do not need an ID card to receive services.)
- Select or change your dentist at any time

Enjoy the perks of Delta Dental coverage

Get extra member perks like oral and overall health savings, exclusive resources and more at www1.deltadentalins.com/memberperks.

You can also get oral health tools and tips at deltadentalins.com/wellness.
