MEDICAL FSA

A Medical Flexible Spending Account (Medical FSA) is an IRS-approved program to help you save taxes and reimburse yourself for out-of-pocket medical expenses not covered under your medical plan. Lexington ISD has chosen the \$610 carryover option for your Medical FSA plan. This option allows you the opportunity to carry over up to \$610 of unclaimed Medical FSA funds into the following plan year. Keep in mind that balances more than \$610 will be forfeited under the use-it-or-lose-it rule.

Your annual maximum contribution amount for 2023 is \$3,050.

HIGHLIGHTS

- Contributions are automatically deducted from your paycheck on a pre-tax basis, which helps reduce your taxable income and increase your spendable income.
- Your full election will be available to you at the beginning of the plan year.
- Be conservative – any money left in your account at the end of the plan year will be forfeited.
- Use your benefits card to pay for qualified expenses upfront without spending money out of pocket.
- Keep all receipts in case you need to substantiate a claim for tax purposes.

NOTE: The IRS requires proof that all expenses are eligible. Keep all receipts in case you need to substantiate a claim for tax purposes. Your receipt must include the date of purchase or service, amount you were required to pay after insurance, description of the product or service, merchant or provider name, and the patient's name.

DEPENDENT CARE FSA

With a Dependent Care Flexible Spending Account, you can set aside part of your pay on a pre-tax basis to pay for eligible dependent care expenses like childcare, babysitters, and adult day care.

**You may allocate up to \$5,000 per tax year for reimbursement of dependent care services.
If you are married and file a separate tax return, the limit is \$2,500.**

HIGHLIGHTS

- Eligible dependents must be claimed as an exemption on your tax return.
- Eligible dependents must be children under age 13 or an adult dependent incapable of self-care.
- Funds become available as contributions are made to your account.
- Keep all receipts in case you need to substantiate a claim for tax purposes.
- Balances will be forfeited at the end of the runoff or grace period.

FSA RESOURCES

BENEFITS CARD

The First Financial Benefits Card is available to all employees that participate in a Medical FSA and/or a Dependent Care FSA. The Benefits Card gives you immediate access to your money at the point of purchase. Cards are available for participating employees, their spouse and any eligible dependents who are at least 18 years old.

The IRS requires validation of most transactions for FSAs. You must submit receipts for validation of expenses when requested. If you fail to substantiate by providing a receipt to First Financial within 60 days of the purchase or date of service your card will be suspended until the necessary receipt or explanation of benefits from your insurance provider is received.

HEALTH SAVINGS ACCOUNTS

A Health Savings Account (HSA) is a great way to help you control your healthcare costs. It works in conjunction with a qualified High Deductible Health Plan (HDHP) to combine tax-free savings earmarked for qualified medical expenses. The money you save in monthly insurance premiums is reserved for eligible medical expenses you incur in the future. Eligible expenses include things like co-pays and deductibles, prescriptions, vision expenses, dental care, therapy and medical supplies.

YOU MUST BE ENROLLED IN THE TRS ACTIVECARE HD MEDICAL PLAN TO PARTICIPATE IN AN HSA

It replaces a portion of income for the period you are unable to work due to those reasons. You can choose the benefit amount, which is the amount of your income to replace, and the waiting period that you begin receiving payments.

Guaranteed coverage! No required medical questions or exams

- How much employer leave do you have?
- Do you have savings?

CANCER INSURANCE

American Fidelity | www.americanfidelity.com | 1-800-654-8489

Thousands of Americans are diagnosed with cancer each day. No doubt, the news is devastating, both personally and financially. It's impossible to anticipate a cancer diagnosis, but it is possible to prepare for it with a cancer insurance plan.

It is likely that your major medical coverage will not cover all the costs associated with a cancer diagnosis. Supplementing your major medical with cancer insurance may help you pay for related expenses, such as copays and deductibles, specialists, experimental treatment, specialty hospitals, travel expenses, in-home care and more.

Premiums are paid through convenient payroll deduction to ensure your policy remains in force if you should need it. Benefits are paid directly to you, so you can choose how to spend the money. Visit the Employee Benefits Center and view policy for more details.

IDENTITY THEFT PROTECTION

ID Shield | www.legalshield.com | 512-740-3322

Millions of Americans report having their identity stolen each year. People are online and mobile more than any time in history, so it's no surprise that identity theft is on the rise. And it goes far beyond simply having your credit card number stolen. While credit card fraud is one of the highest reported types of identity theft, it also includes bank, loan, phone and tax-related fraud.

Identity theft insurance won't prevent your identity from being stolen. But it will be there to alert you if any suspicious activity is noticed under your name. The plan includes credit bureau monitoring, social security number usage and lost wallet protection. Accounts are monitored daily so you can rest easy knowing your identity is being protected even while you sleep. The sooner you can take action to close your accounts, the quicker you can recover your identity.

It takes years to establish a good reputation with credit lenders and employers. Make sure it remains yours by taking advantage of the identity theft insurance offered through your employer.

MEDICAL TRANSPORT

MASA | www.masamts.com | 1-800-423-3226

Americans today suffer from a false sense of security that their medical coverage will pay for all costs associated with emergency or critical care transport. The reality is that a majority of Americans are only partially covered for these high costs.

Most medical plans will only pay a portion of costs leaving you with the remainder of the bill. There is also the possibility of your medical provider denying your claim altogether, which means you would be responsible for paying the entire bill.

With medical transport protection, you will have zero out-of-pocket expenses for any emergent air or ground transport from anywhere in the United States, regardless of who transports you. You will receive medical emergency transportation solutions to help cover your out-of-pocket medical transport costs when your insurance falls short.

LIFE INSURANCE HIGHLIGHTS

For the employee

PURELIFE-PLUS

Voluntary permanent life insurance can be an ideal complement to the group term and optional term life insurance your employer might provide. This voluntary permanent universal life product is yours to keep, even when you change jobs or retire, as long as you pay the necessary premium. Group and voluntary term life insurance may be portable if you change jobs, but even if you can keep them after you retire, they usually cost more and decline in death benefit.

The contract, PURELIFE-PLUS, is underwritten by Texas Life Insurance Company, and it has the following features:

- **High Death Benefit.** Written on a minimal cash-value Universal Life frame, PURELIFE-PLUS features one of the highest death benefits per payroll-deducted dollar offered at the worksite.¹
- **Refund of Premium.** Unique in the workplace, PURELIFE-PLUS offers you a refund of 10 years' premium, should you surrender the contract if initial specified premium paid for ever increases. *(Conditions apply.)*
- **Accelerated Death Benefit Due to Terminal Illness Rider.** Should you be diagnosed as terminally ill with the expectation of death within 12 months, you will have the option to receive 92% of the death benefit, minus a \$150 (\$100 in Florida) administrative fee. Included with your contract at no additional cost, this valuable living benefit helps give you peace of mind knowing that, should you need it, you can take the large majority of your death benefit while still alive. *(Conditions apply.) (Form ICCo7-ULABR-07 or Form Series ULABR-07)*
- **Accelerated Death Benefit for Chronic Illness Rider.** Included on employees and spouse contracts at an additional cost, this rider will be triggered by the loss of two out of six Activities of Daily Living² or severe cognitive impairment for a period of 90 days. It pays the insured up to 92% of the death benefit minus a small administrative fee, should the insured decide to exercise it. This valuable living benefit can help offset the cost of either in-home care or care in a resident facility. *(Conditions apply; see the following pages for additional details. Form Series CA-ULABR-CI-18)*

Additional Features

- **Minimal Cash Value.** Designed to provide a high death benefit at a reasonable premium, PURELIFE-PLUS helps provide peace of mind for you and your beneficiaries while freeing investment dollars to be directed toward such tax-favored retirement plans as 403(b), 457 and 401(k).
- **Long Guarantees.** Enjoy the assurance of a contract that has a guaranteed death benefit to age 121 and level premium that guarantees coverage for a significant period of time (after the guaranteed period, premiums may go down, stay the same, or go up).³

You may apply for this permanent coverage, not only for yourself, but also for your spouse, children and grandchildren.⁴

Choose the Right Plan for You

Benefits Begin

- Plan I** - On the 15th day of Disability due to a covered Injury or Sickness.
- Plan II** - On the 31st day of Disability due to a covered Injury or Sickness.

If you reside in a state other than your employer's state of domicile, where required by law, policy provisions and benefits may vary.

In 2015, 77% of injuries requiring medical attention suffered by workers occurred off the job.

Policy Provisions and Plan Features

Eligibility

All permanent employees in subscribing group working 20 hours or more per week. Regarding your eligibility, we may require proof of good health and will rely on answers given on your application to determine if coverage can be issued. Regardless of your health at the time of application, if coverage is approved and issued, claims incurred while coverage is in force will be subject to all terms of the Policy including any Pre-Existing Condition limitation.

When Coverage Begins

Certificates will become effective on the requested effective date following the date we approve the application, provided you are on active employment and premium has been paid.

Physician Expense Benefit

Injury - \$150.00 per Injury
Sickness - \$50.00

If you need personal treatment by a Physician due to an Injury or Sickness, we will pay the amount shown above provided no other claim has been paid under the Policy. This benefit will be paid for Sickness only if the treatment is received during one full day of Disability during which you missed one full day of work. To be eligible for more than one payment for the same or related condition due to Sickness, you must have returned to work for at least 14 consecutive scheduled workdays. You are not required to miss one full day of work in order to receive the Injury benefit.

Accidental Death Benefit

A lump sum of \$20,000 will be paid to your designated beneficiary if you die as the direct result of an injury within 90 days after the injury.

Hospital Confinement Benefit

A Hospital Confinement Benefit will be paid each day you are confined as a patient in a Hospital due to an Injury or Sickness, for up to 60 days. The amount payable is 1 times the Disability Benefit which will be pro-rated on a daily basis. This benefit will not be reduced by Deductible Sources of Income. The Hospital confinement must be at least 18 continuous hours in duration. This benefit will begin after your satisfaction of the elimination period.

Waiver of Premium

No premium payments are required while you are receiving payments under the plan after disability payments have been received for 180 consecutive days. We will require proof annually that you remain disabled during that time.

Donor Benefit

If you are disabled as a result of being an organ or tissue donor, we will pay your benefit as any other sickness under the terms of the plan.

Offsets With Other Sources of Income

Deductible Sources of Income include:

- Other group disability income.
- Governmental or other retirement system, whether due to disability, normal retirement or voluntary election of retirement benefits.
- United States Social Security Act or similar plan or act, including any amounts due your dependent(s) on account of your disability.
- State Disability.
- Unemployment compensation.
- Sick leave or other salary or wage continuance plans provided by the Employer which extend beyond 60 (Plans I, II, and III), 90 (Plan IV), and 150 (Plan V) calendar days from the date of disability.

We reserve the right to estimate these Deductible Sources of Income that you may receive as defined in your Certificate.

Minimum Disability Benefit

The Minimum Disability Benefit is 10% of the Monthly Disability Benefit or \$100.00, whichever is greater.

If You Are Disabled Due to a Covered Disability and Not Working

Your disability payment will be the disability benefit described in the benefit schedule less any deductible sources of income you receive or are entitled to receive. No disability payment will be provided for any period in which you are not under the regular and appropriate care of a physician.

Disability or disabled for the first 12 months of disability means that you are unable to perform the material and substantial duties of your regular occupation. After that, disability means you are unable to perform the material and substantial duties of any gainful occupation for wage or profit for which you are reasonably qualified by training, education, or experience.

Return To Work Incentives: Disabled and Working

If you are disabled and working, you may be eligible to continue to receive a percentage of your disability payment in addition to your disability earnings. If your disability earnings exceed 80% of your monthly compensation, payments will stop and your claim will end.

• Family Care Benefit

If you are disabled and working and have one or more eligible family members, you may be eligible for a family care benefit. This benefit is for expenses incurred up to 25% of your monthly disability benefit. Your disability earnings, gross disability benefit, and family care benefit cannot exceed 100% of your monthly compensation. Payment of this benefit ends when you cease to be eligible for benefits under the Disabled and Working provision of the policy.

• Worksite Accommodation

As a part of our claims evaluation process, if worksite modifications may assist your return to work, we will evaluate your claim for appropriate action.

Policy Benefit Limitations and Exclusions

Mental Illness Limited Benefit

If you are disabled due to a mental illness, benefits will be provided for up to 2 years, not to exceed the maximum disability period.

Alcoholism and Drug Addiction Limited Benefit

If you are disabled due to alcoholism or drug addiction, a limited benefit of up to 15 days for each disability will be paid. Benefits will not be paid beyond the maximum benefit period. If drug addiction is sustained at the hands of, or while under the regular and appropriate care of a physician in the course of treatment for injury or sickness, it will be covered the same as any other sickness.

Special Conditions Limited Benefit

If you are disabled due to special conditions and under the regular and appropriate care of a physician, benefits will be provided for up to 2 years. Special conditions means: chronic fatigue syndrome; fibromyalgia; any disease, disorder, accident or injury of the neck or back not resulting in hemiplegia, paraplegia, or quadriplegia; environmental allergic illness including, but not limited to sick building syndrome and multiple chemical sensitivity; and self-reported symptoms. Self-reported symptoms are symptoms that the insured tells their physician that are not verifiable using tests, procedures or clinical examinations. Examples include: headaches, pain, fatigue, stiffness, soreness, ringing in ears, dizziness, numbness, or loss of energy.

Pre-Existing Condition Limitation

A limited benefit up to 1 month's Disability Benefit will be payable for Disability due to a Pre-Existing Condition. This provision will not apply if you have: gone treatment-free; incurred no expense; taken no medication; and received no diagnosis or advice from a Physician, for 12 consecutive months for such condition(s).

This limitation will not apply to a Disability resulting from a Pre-Existing Condition that begins after you have been continuously covered under the Policy for 24 months.

Any increase in benefits will be subject to this pre-existing condition limitation. A new pre-existing condition period must be satisfied with respect to any increase applied for and approved by us.

Pre-existing condition means a disease, Injury, Sickness, physical condition or mental illness for which you: had treatment; incurred expense; took medication; received care or services including diagnostic testing or related measures; or received a diagnosis or advice from a physician, during the 12 month period immediately before your effective date of coverage. The term pre-existing condition will also include conditions which are related to such disease, injury, sickness, physical condition, or mental illness.

Exclusions

The Policy does not cover any loss, fatal or non-fatal, resulting from:

- Intentionally self-inflicted injury while sane or insane.
- An act of war, declared or undeclared.
- Injury sustained or Sickness contracted while in the service of the armed forces of any country.
- Committing a felony.
- Penal incarceration. We will not pay benefits for Disability or any other loss during any period for which you are incarcerated in a penal or correctional institution for a period of 30 consecutive days or longer.
- Injury or Sickness arising out of and in the course of any occupation for wage or profit or for which you are entitled to Workers' Compensation.

The term "entitled to Workers' Compensation" shall also include Workers' Compensation claim settlements that occur via compromise and release. Further, no benefits will be paid under this Policy for any period during which you are entitled to Workers' Compensation benefits.

Your coverage may be continued for up to 1 year during a leave of absence approved in writing by your employer. Coverage will continue as long as the group policy remains in force, the premiums are paid and you remain eligible for the coverage under the policy. Your coverage will end when you no longer qualify as an insured, you retire, you are not on active employment, or your employment terminates. Your coverage can be terminated on any premium due date with 31 days advance notice. If premium rates are increased, we will provide a 60 day advance notice.

There is a **3 in 10** chance of a person suffering a disabling illness or injury that would keep them out of work for three months or more.

Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who's been diagnosed with a critical illness. You can't help notice the difference in the person's life—both physically and emotionally. What's not so obvious is the impact a critical illness may have on someone's personal finances.

That's because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

That's the benefit of an Aflac Group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as a heart attack or stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction of out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses.

What you need, when you need it.

Group critical illness insurance pays cash benefits that you can use any way you see fit.

AFLAC GROUP HOSPITAL INDEMNITY

Policy Series C80000

The plan that can help with expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And even with major medical insurance, your plan may only pay a portion of your entire stay.

That's how the Aflac Group Hospital Indemnity plan can help.

It provides financial assistance to enhance your current coverage. It may help avoid dipping into savings or having to borrow to address out-of-pocket-expenses major medical insurance was never intended to cover. Like transportation and meals for family members, help with child care, or time away from work, for instance.

The Aflac Group Hospital Indemnity plan benefits include the following:

- Hospital Confinement Benefit
- Hospital Admission Benefit
- Hospital Intensive Care Benefit
- Successor Insured Benefit

How it works

Amount payable was generated based on benefit amounts for: Hospital Admission (\$2,000) and Hospital Confinement (\$200 per day).

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

EMERGENCY TRANSPORTATION COSTS

MASA MTS is here to protect its members and their families from the shortcomings of health insurance coverage by providing them with comprehensive financial protection for lifesaving emergency transportation services, both at home and away from home.

Many American employers and employees believe that their health insurance policies cover most, if not all ambulance expenses. The truth is, they DONOT!

Even after insurance payments for emergency transportation, you could receive a bill up to \$5,000 for ground ambulance and as high as \$70,000 for air ambulance. The financial burdens for medical transportation costs are very real.

HOW MASA IS DIFFERENT

Across the US there are thousands of ground ambulance providers and hundreds of air ambulance carriers. ONLY MASA offers comprehensive coverage since MASA is a PAYER and not a PROVIDER!

ONLY MASA provides over 1.6 million members with coverage for **BOTH ground ambulance and air ambulance transport, REGARDLESS of which provider transports them.**

Members are covered ANYWHERE in all 50 states and Canada!

Worldwide coverage is also available with our Platinum Membership.

Additionally, MASA provides a repatriation benefit: if a member is hospitalized more than 100 miles from home, MASA can arrange and pay to have them transported to a hospital closer to their place of residence.

This air medical provider is one of MASA’s participating providers.

When a provider is enrolled in MASA’s participating provider program, MASA guarantees **ZERO out-of-pocket costs for its members for any emergent transport conducted by the participating provider**, as MASA and the provider have a pre-negotiated fee schedule. Simply put, this patient/member would have owed **ZERO out-of-pocket fees versus the \$34,862 the patient faced owing in the example above.**

Additionally, transports by participating providers are generally settled quickly, as no negotiating needs to take place. If provider was not a participating provider, MASA works as an advocate for the members when an emergency transport is conducted by an out-of-network provider, with the goal of getting the claim settled with where there is zero balance to patient. In 2018, MASA was able to get all closed claims settled, where patients/members owed **ZERO costs out-of-pocket!**

A well diversified portfolio may help investors reduce the risk associated with investing. However, diversification does not insure protection against a loss in a declining market.
