# SECTION 125 PLANS

## SECTION 125 PLAN INFORMATION AND RULES

A Section 125 Plan provides a tax-saving way to pay for eligible medical or dependent care expenses. The funds are automatically deducted from your paycheck on a pre-tax basis.

### HERE'S HOW IT WORKS

A Section 125 Plan reduces your taxes and increases your spendable income by allowing you to deduct the cost of eligible benefits from your earnings before tax. Plus, the plan is available to you at no cost, and you're already eligible – all you must do is enroll.

### IS IT RIGHT FOR ME?

The savings you may experience with a Section 125 Plan are outlined in the example below. For instance, you could potentially take home about \$70 more each month if you participated in your employer's Section 125 Plan – that's a savings of \$840 a year!

You cannot change your benefit elections for the plan year unless the benefits office receives notification in writing within 31 days of the status change. If the benefits office is not notified within 31 days of the status change, no benefit change can be made until the next annual open enrollment.

IRS specified changes in family status include:

- Change in legal married status
- Change in number of dependents
- Termination or commencement of employment
- Dependent satisfies or ceases to satisfy dependent eligibility requirements
- Change in residence or worksite that affects eligibility for coverage

### Section 125

This plan is provided as part of the Policyholder's Section 125 Plan. Each employee has the option under the Section 125 Plan of participating or not participating in this plan. If an employee does not elect to participate when initially eligible, he/she may elect to participate at the Policyholder's next Annual Election Period.

### Worldwide Support

When our members travel abroad, they'll have peace of mind knowing that should a dental or vision need arise, help is just a phone call away. Through AXA Assistance, Ameritas offers its dental and vision plan members 24-hour access to dental or vision provider referrals when traveling outside the U.S.

Immediately after a call is made to AXA, an assistance coordinator assesses the situation, provides credible provider referrals and can even assist with making the appointment. Within 48 hours following the appointment, the coordinator calls the member to find out if additional assistance is needed. If all is well, the case is closed. Then, the plan member may submit a claim to Ameritas for reimbursement consideration based on applicable plan benefits. Contact AXA Assistance USA toll free by calling 866-662-2731, or call collect from anywhere in the world by dialing 1-312-935-3727.

### Language Services

We recognize the importance of communicating with our growing number of multilingual customers. That is why we offer a language assistance program that gives you access to: Spanish-speaking claims contact center representatives, telephone interpretation services in a wide range of languages, online dental network provider search in Spanish and a variety of Spanish documents such as enrollment forms, claim forms and certificates of insurance.

**This document is a highlight of plan benefits provided by Ameritas Life Insurance Corp. as selected by your employer. ## MEDICAL FSA

[grace period option:]

A Medical Flexible Spending Account (Medical FSA) is an IRS-approved program to help you save taxes and pay for out-of-pocket medical expenses not covered under your medical plan. If your plan includes a grace period option, you have additional time to incur and claim against unused funds in the new plan year. Keep in mind that remaining balances after the grace period is exhausted will be forfeited under the use-it-or-lose-it rule.

A Medical Flexible Spending Account (Medical FSA) is an IRS-approved program to help you save taxes and reimburse yourself for out-of-pocket medical expenses not covered under your medical plan. Your employer has chosen the \$570 carryover option for your Medical FSA plan. This option allows you the opportunity to carry over up to \$570 of unclaimed Medical FSA funds into the following plan year. Keep in mind that balances more than \$570 will be forfeited under the use-it-or-lose-it rule.

**Your maximum contribution amount for 2023 is \$3,050.**

### HIGHLIGHTS

- Contributions are automatically deducted from your paycheck on a pre-tax basis, which helps reduce your taxable income and increase your spendable income.
- Your full election will be available to you at the beginning of the plan year.
- Be conservative – any money left in your account at the end of the plan year will be forfeited.
- Use your benefits card to pay for qualified expenses upfront without spending money out of pocket.
- Keep all receipts in case you need to substantiate a claim for tax purposes.

**NOTE: The IRS requires proof that all expenses are eligible.** Keep all receipts in case you need to substantiate a claim for tax purposes. Your receipt must include the date of purchase or service, amount you were required to pay after insurance, description of the product or service, merchant or provider name, and the patient's name.

## DEPENDENT CARE FSA

With a Dependent Care Flexible Spending Account, you can set aside part of your pay on a pre-tax basis to pay for eligible dependent care expenses like childcare, babysitters, and adult day care.

**You may allocate up to \$5,000 per tax year for reimbursement of dependent care services.  
If you are married and file a separate tax return, the limit is \$2,500.**

### HIGHLIGHTS

- Eligible dependents must be claimed as an exemption on your tax return.
- Eligible dependents must be children under age 13 or an adult dependent incapable of self-care.
- Funds become available as contributions are made to your account.
- Keep all receipts in case you need to substantiate a claim for tax purposes.
- Balances will be forfeited at the end of the runoff or grace period.

# Disability Income

Supplemental income protection

## Protect your financial well-being with Voluntary Disability

A Disability plan will help with day-to-day expenses – housing, food, car payments, even additional medical costs – if you become disabled from an accident or illness. You will not have to worry about using your savings or incurring additional debt to cover these costs and care for your family.

## Why do I need Disability coverage?

Most people can't afford to be disabled, even for a short time. Almost 90 percent of disabling accidents and illnesses are not work related, so you can't count on Workers Compensation to be there for you and your loved ones.

*National Safety Council, Injury Facts 2008 Ed.*

Because you can't know when a disabling illness or injury will impact your ability to bring home a paycheck, you can enroll in Disability coverage from ManhattanLife to help you and your family deal with the unexpected. You will be able to concentrate on your recovery after a sickness or accident and return to your job.

## Here's how it works

Benefits from your ManhattanLife plan are paid in addition to any Disability coverage you already have. Your monthly coverage, elimination period, benefit period and any optional benefits will depend on the plan design your employer selects. You will find the plan to be easy and economical – your premiums are conveniently paid through payroll deduction.

**PARTIAL DISABILITY:** Because of a covered sickness or injury, the Employee/member is working more than 20% but not more than 80% of the normal pre-disability schedule, and under the regular care of a physician.

**RECURRENT DISABILITY:** Total and/or partial disability that is due to the same or related causes as a prior period of disability, follows a prior period for which a monthly benefit was paid, and occurs within 180 days after the end of a prior period for which a monthly benefit was paid. The elimination period is waived, and benefits are immediately available for up to the remaining benefit from the previous disability.

**OCCUPATIONAL INCOME:** The Eligible Persons' monthly rate of earnings from His Employer as of the day before the start of Total Disability. Occupational Income including commissions will be averaged over a period of time (see certificate of coverage). **ACCIDENT & SICKNESS:** Provides coverage for disabilities caused by either an accidental injury or sickness.

**ELIMINATION PERIOD:** The number of continuous days, beginning with the first day of a total disability, before any monthly benefit amount is payable. Separate elimination periods apply to injury and illness.

**BENEFIT PERIOD:** The period of time for which Monthly Income Benefits are payable for disability due to the same cause.

**WAIVER OF PREMIUM:** Premium is waived if the Employee is totally disabled for more than 90 days or the elimination period, whichever is longer. Waiver of Premium will continue while the insured is receiving a Total Disability Income Benefit.

**PRE-EXISTING CONDITION LIMITATION:** If a member has a pre-existing condition that is diagnosed or symptoms occurred in the 12 months prior to the policy effective date, no benefits will be paid for the first 12 months of the policy effective date. Refer to the certificate of coverage for specific pre-existing limitations.

**PORTABILITY:** Portable after six months of continuous coverage if group master policy remains in force and the insured is less than age 70, not Totally Disabled, and no longer Actively at work for the Employer. Participants may continue coverage by paying premiums on a direct billing method. All ported certificates will be subject to any rate increases on the Employer's Master Policy. # Aflac Group Critical Illness

**INSURANCE – PLAN INCLUDES BENEFITS  
FOR CANCER AND HEALTH SCREENING**

We help take care of your  
expenses while you take  
care of yourself.

Continental American Insurance Company, a wholly-owned subsidiary of Aflac Incorporated, is the insuring company.

## Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who's been diagnosed with a critical illness. You can't help notice the difference in the person's life—both physically and emotionally. What's not so obvious is the impact a critical illness may have on someone's personal finances.

That's because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

### That's the benefit of an Aflac Group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as a heart attack or stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction of out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses.

## What you need, when you need it.

Group critical illness insurance pays cash benefits that you can use any way you see fit.

This excludes any non-surgical procedure, such as, but not limited to, balloon angioplasty, laser relief, or stents.

Critical Illness is a disease or a sickness as defined in the plan that first manifests while your coverage is in force.

Date of Diagnosis is defined as follows:

- Cancer: The day tissue specimens, blood samples, or titer(s) are taken (diagnosis of cancer and/or carcinoma in situ is based on such specimens).

- Coma: The first day of the period for which a doctor confirms a coma that is due to one of the underlying diseases and that has lasted for at least seven consecutive days.
- Coronary Artery Bypass Surgery: The date the surgery occurs.
- Heart Attack (Myocardial Infarction): The date the infarction (death) of a portion of the heart muscle occurs. This is based on the criteria listed under the heart attack (myocardial infarction) definition.
- Kidney Failure (End-Stage Renal Failure): The date a doctor recommends that an insured begin renal dialysis.
- Loss of Sight, Speech, or Hearing: The date the loss due to one of the underlying diseases is objectively determined by a doctor to be total and irreversible.

Dependent means your spouse or your dependent child. Spouse is your legal wife or husband, who is listed on your application. Dependent children are your or your spouse's natural children, step-children, legally adopted children, or children placed for adoption, who are younger than age 26. Newborn children are automatically covered from the moment of birth.

There is an exception to the age-26 limit listed above. This limit will not apply to any dependent child who is incapable of self-sustaining employment due to mental or physical handicap and is dependent on a parent for support. The employee or the employee's spouse must furnish proof of this incapacity and dependency to the company within 31 days following the dependent child's 26th birthday.

Diagnosis (Diagnosed) refers to the definitive and certain identification of an illness or disease that:

Diagnosis of a Heart Attack (Myocardial Infarction) must include the following:

- New and serial electrocardiographic (ECG) findings consistent with heart

- attack (myocardial infarction), and
  - Elevation of cardiac enzymes above generally accepted laboratory levels
- of normal. (In the case of creatine phosphokinase (CPK) a CPK-MB measurement must be used.)

Confirmatory imaging studies, such as thallium scans, MUGA scans, or stress echocardiograms may also be used.

Kidney Failure (End-Stage Renal Failure) means end-stage renal failure caused by end-stage renal disease, which results in the chronic, irreversible failure of both kidneys to function.

Kidney Failure (End-Stage Renal Failure) is covered only under the following conditions:

- A doctor advises that regular renal dialysis, hemo-dialysis, or peritoneal dialysis (at least weekly) is necessary to treat the kidney failure (end-stage renal failure); or
- The kidney failure (end-stage renal failure) results in kidney transplantation.

Maintenance Drug Therapy is a course of systemic medication given to a patient after a cancer goes into complete remission because of primary treatment. Maintenance Drug Therapy includes ongoing hormonal therapy, immunotherapy, or chemo-prevention therapy. Maintenance Drug Therapy is meant to decrease the risk of cancer recurrence; it is not meant to treat a cancer that is still present.

A Major Organ Transplant benefit is not payable if the major organ transplant results from a covered critical illness for which a benefit has been paid.

Pathologist is a doctor who is licensed:

- To practice medicine, and
- By the American Board of Pathology to practice pathologic anatomy.

A Pathologist also includes an Osteopathic Pathologist who is certified by the Osteopathic Board of Pathology.

Signs and/or symptoms are the evidence of disease or physical disturbance observed by a doctor or other medical professional. The doctor (or other medical professional) must observe these signs while acting within the scope of his license.

Stroke means apoplexy due to rupture or acute occlusion of a cerebral artery. The apoplexy must cause complete or partial loss of function involving the motion or sensation of a part of the body and must last more than 24 hours. Stroke must be either:

- Ischemic: Due to advanced arteriosclerosis or arteriosclerosis of the arteries of the neck or brain, or vascular embolism, or
- Hemorrhagic: Due to uncontrolled hypertension, malignant hypertension, brain aneurysm, or arteriovenous malformation.

The stroke must be positively diagnosed by a doctor based upon documented neurological deficits and confirmatory neuroimaging studies.

Stroke does not include:

- Transient Ischemic Attacks (TIAs)
- Head injury
- Chronic cerebrovascular insufficiency

Sudden Cardiac Arrest is the sudden, unexpected loss of heart function in which the heart, abruptly and without warning, stops working as a result of an internal electrical system heart malfunction due to coronary artery disease, cardiomyopathy, or hypertension.

Sudden Cardiac Arrest is not a heart attack (myocardial infarction). A sudden cardiac arrest benefit is not payable if the sudden cardiac arrest is caused by or contributed to by a heart attack (myocardial infarction).

Total Disability or Totally Disabled means you are:

- Not working at any job for pay or benefits,
- Under the care of a doctor for the treatment of a covered critical illness, and
- Unable to Work, which means either:

  - After the first 365 days of total disability, you are unable to work at any gainful occupation for which you are suited by education, training, or experience.

Treatment or Medical Treatment is the consultation, care, or services provided by a doctor. This includes receiving any diagnostic measures and taking prescribed drugs and medicines.

Treatment-Free From Cancer refers to the period of time without the consultation, care, or services provided by a doctor. This includes receiving diagnostic measures and taking prescribed drugs and medicines. Treatment does not include maintenance drug therapy or routine follow-up visits to verify whether cancer or carcinoma in situ has returned.

Benign Brain Tumor is a mass or growth of abnormal, noncancerous cells in the

brain. The tumor is composed of similar cells that do not follow normal cell division and growth patterns and develop into a mass of cells that microscopically do not have the characteristic appearance of a Cancer. Benign Brain Tumor must be caused by Multiple Endocrine Neoplasia, Neurofibromatosis, or Von Hippel-Lindau Syndrome.

- Multiple Endocrine Neoplasia is a genetic disease in which one or more of the endocrine glands are overactive or form a tumor.

# Aflac Group Hospital Indemnity

## INSURANCE

Even a small trip to the hospital can have a major impact on your finances.

Here's a way to help make your visit a little more affordable.

Continental American Insurance Company, a wholly-owned subsidiary of Aflac Incorporated, is the insuring company.

# AFLAC GROUP HOSPITAL INDEMNITY

Policy Form C80100VA

## The plan that can help with expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And even with major medical insurance, your plan may only pay a portion of your entire stay.

### That's how the Aflac Group Hospital Indemnity plan can help.

It provides financial assistance to enhance your current coverage. So you may be able to avoid dipping into savings or having to borrow to address out-of-pocket-expenses major medical insurance was never intended to cover. Like transportation and meals for family members, help with child care, or time away from work, for instance.

### The Aflac Group Hospital Indemnity plan benefits include the following:

- Hospital Confinement Benefit
- Hospital Admission Benefit
- Hospital Intensive Care Benefit
- Intermediate Intensive Care Step-Down Unit

### How it works

Amount payable was generated based on benefit amounts for: Hospital Admission (\$1,000), and Hospital Confinement (\$150 per day).

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

## Benefits Overview

### BENEFIT AMOUNT

**HOSPITAL ADMISSION BENEFIT per confinement** (once per covered sickness or accident per calendar year for each insured)

Payable when an insured is admitted to a hospital and confined as an inpatient because of a covered accidental injury or covered sickness. We will not pay benefits for confinement to an observation unit, or for emergency room treatment or outpatient treatment.

\$1,000

We will not pay benefits for admission of a newborn child following his birth; however, we will pay for a newborn's admission to a Hospital Intensive Care Unit if, following birth, he is confined as an inpatient as a result of a covered accidental injury or covered sickness (including congenital defects, birth abnormalities, and/or premature birth).

**HOSPITAL CONFINEMENT per day** (maximum of 31 days per confinement for each covered sickness or accident for each insured)

Payable for each day that an insured is confined to a hospital as an inpatient as the result of a covered accidental injury or covered sickness. If we pay benefits for confinement and the insured becomes confined again within six months because of the same or related condition, we will treat this confinement as the same period of confinement. This benefit is payable for only one hospital confinement at a time even if caused by more than one covered accidental injury, more than one covered sickness, or a covered accidental injury and a covered sickness.

\$150

**HOSPITAL INTENSIVE CARE BENEFIT per day** (maximum of 10 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in a Hospital Intensive Care Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in a Hospital's Intensive Care Unit at a time. Once benefits are paid, if an insured becomes confined to a Hospital's Intensive Care Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

\$150

**This benefit is payable in addition to the Hospital Confinement Benefit.**

**INTERMEDIATE INTENSIVE CARE STEP-DOWN UNIT per day** (maximum of 10 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in an Intermediate Intensive Care Step-Down Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in an Intermediate Intensive Care Step-Down Unit at a time.

\$75

Once benefits are paid, if an insured becomes confined to a Hospital's Intermediate Intensive Care Step-Down Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

**This benefit is payable in addition to the Hospital Confinement Benefit.**

### SUCCESSOR INSURED BENEFIT

If spouse coverage is in force at the time of the employee's death, the surviving spouse may elect to continue coverage.

Coverage would continue according to the existing plan and would also include any dependent child coverage in force at the time.

In order to receive benefits for accidental injuries due to a covered accident, an insured must be admitted within six months of the date of the covered accident.

# 403(b) RETIREMENT PLANS

Don Kennedy, Sr. Account Administrator

Don.Kennedy@ffga.com

1.800.523.8422, option 2 | [retirement@ffga.com](mailto:retirement@ffga.com)

The 403(b) can be an excellent way to save money for retirement. It can serve as a supplement to a traditional pension plan or other retirement plan(s), or as a stand-alone plan. The 403(b) is a tax deferred retirement plan available to employees of educational institutions and certain non-profit organizations as determined by section 501(c)(3) of the Internal Revenue Code. Contributions and investment earnings in a 403(b) grow tax deferred until withdrawal (assumed to be retirement), at which time they are taxed as ordinary income. The 403(b) is named after the section of the IRS code governing it.

## HOW A 403(B) WORKS

Employees enroll and participate through their employer. Contributions to a 403(b) are made on a pre-tax basis through a Salary Reduction Agreement. This is an arrangement where the participating employee agrees to take a reduction in salary. The amount by which the salary is reduced is directed to investments offered through the employer and selected by the employee. These contributions are called elective deferrals and are excluded from the employee's taxable income. Contributions grow tax-deferred until the time of retirement when withdrawals are taxed as ordinary income.

## BENEFITS

- Tax deferred growth: no annual taxation on earnings
- Investment options: fixed annuities, variable annuities, or mutual funds
- Competitive interest rates
- Flexibility: start, stop, and adjust your contributions as allowed by your employer's plan.
- Receive periodic account statements

## CONTRIBUTION LIMITS

In 2023, you can contribute 100 percent of your includible compensation up to \$22,500, whichever is less. If you are age 50 or older, you can contribute up to an additional \$7,500 for a total of \$30,000. *All investing involves risk. Past performance is not a guarantee of future returns.*

You will not have to pay taxes on what you contribute or your earnings made until you withdraw the money.

## BENEFITS

- Investment options: fixed annuities, variable annuities, or mutual funds
- Flexibility: start, stop, and adjust your contributions as allowed by your employer's plan
- Receive periodic account statements
- No 10% federal penalty on interest or earnings for early withdrawal
- No current federal income taxes on the money you put into the plan until it is time to take withdrawals

## CONTRIBUTION LIMITS

In 2023, you can contribute 100 percent of your includible compensation up to \$22,500, whichever is less. If you are age 50 or older, you can contribute up to an additional \$7,500 for a total of \$30,000. *All investing involves risk. Past performance is not a guarantee of future returns.*
