**457(b)
SAVINGS PLAN**

WHAT IS THE 457(b) SAVINGS PLAN?

Your school district has chosen to offer the Region 10 Retirement Asset Management Services 457(b) as a way for you to invest in your future. The 457(b) plan is a retirement savings plan similar to a corporate 401(k), and it allows you to save money, tax-deferred or Roth if your plan allows.

In the past, educators were mostly limited to 403(b) investments, which could be expensive and many had limited investment options. Region 10 Education Service Center, in cooperation with districts like yours, developed the RAMS 457(b) to provide an alternative.

From the beginning, the RAMS 457(b) savings plan has provided access to high-quality, low-cost mutual funds, and professionally managed portfolio options. These portfolios, built based on varying levels of risk, give the ability to choose the amount of risk that best fits you. TCG Advisors will manage the allocation for you.

These funds and portfolios are reviewed quarterly by the Region 10 Investment Advisory Committee.
