Organized Sports Activity Injury Benefit Rider

This coverage includes an Organized Sports Activity Benefit Rider. The rider increases the amount payable under the Certificate for certain benefits by 25% for injuries resulting from an accident that occurred while participating as a player in an organized sports activity. The rider sets forth terms, conditions and limitations, including the covered persons to whom the rider applies.

* Notes Regarding Certain Benefits

- **Health Screening Benefit** – In certain states, the Health Screening Benefit is provided by MetLife Consumer Services as a separate service and is not part of the insurance coverage. This does not impact the Health Screening Benefit's availability, cost, or the way in which the service is accessed. The covered health screenings are: Routine health check-up exam (annual physical exam), blood chemistry panel, complete blood count (CBC), chest x-rays, electrocardiogram (EKG) and electroencephalogram (EEG).
- **Accidental Death Benefits Category** – The benefit amount will be reduced by the amount of any accidental dismemberment/functional loss/paralysis benefits and modification benefit paid for injuries sustained by the covered person in the same accident for which the accidental death benefit is being paid.
- **Accidental Death Common Carrier Benefit**- Common Carrier refers to airplanes, trains, buses, trolleys, subways and boats. Certain conditions apply. See your Disclosure Statement or Outline of Coverage/Disclosure Document for specific details.
- **Lodging Benefit** – The lodging benefit is not available in all states. It provides a benefit for a companion accompanying a covered insured while hospitalized, provided that lodging is at least 50 miles from the insured's primary residence.

Accident Insurance

Benefit Payment High Plan Example

Kathy's daughter, Molly, was riding her bike to school. On her way there she fell to the ground, was knocked unconscious, and was taken to the local emergency room (ER) by ambulance for treatment. The ER doctor diagnosed a concussion and a broken tooth. He ordered a CT scan to check for facial fractures too, since Molly's face was very swollen. Molly was released to her primary care physician for follow-up treatment, and her dentist repaired her broken tooth with a crown. Depending on her health insurance, Kathy's out-of-pocket costs could run into hundreds of dollars to cover expenses like insurance co-payments and deductibles. MetLife Group Accident Insurance payments can be used to help cover these unexpected costs.

Covered Event ³	Benefit Amount
Ambulance (ground)	\$300
Emergency Care	\$200
Physician Follow-Up (\$50 x 2)	\$200
Medical Testing	\$200
Concussion	\$600
Broken Tooth (repaired by crown)	\$300
Benefits paid by MetLife Group Accident Insurance	\$1,800
