Q: What is the UNA Rx Discount Card?

A: UNA Rx Discount Card is a program that offers savings to people who don't have coverage for prescription drugs. Additionally, those with coverage may sometimes pay less money by using this program due to high co-pay amounts and because some drugs are excluded from coverage.

Q: Who can use the card?

A: The membership card can be used by the card owner and all dependents living in the house.

Q: How much money will I save with Rx Discounts?

A: You can save up to 75% on your prescriptions. Savings vary by drug and pharmacy location. You can view our actual savings report to get an idea of what you can expect to save.

Q: How many times can I use my Rx Discount Card?
