<sup>1</sup> The co-pay must be paid to the Participating Provider at the time of service.

<sup>3</sup> If your prescription has changed at least ½ diopter or your eye doctor recommends a change of lenses, you may select one of three vision correction options every 12 months.

<sup>4</sup> Special Lens Materials and Non-covered Items: Photochromatic, polarized, ultra light, premium PALs, rush service, service agreements, other special lens materials, oversize, other extras and any items not specifically mentioned above may be substituted provided the Member pays any amount exceeding the price of the covered benefit and the Participating Provider's usual and customary fees for the upgrade at the time of service.

<sup>5</sup> The charge for a premium anti-reflective coating is a \$65 co-pay plus the difference of the retail price of the mid-range anti-reflective coating and the premium coating.

<sup>6</sup> If the contact lens evaluation, fitting or dispensing service is performed and the Member decides to use their benefit toward an alternative vision correction option, the Member must pay the cost of the contact lens evaluation, fitting or dispensing service before another vision correction benefit option can be used.

<sup>7</sup> Total maximum benefit allowance is \$650.00. The Participating Provider must pre-authorize medical necessity.

<sup>8</sup> Non-covered Items and Exclusions – Facility fees, medications and enhancements or treatments related to complications.
