### Pre-Existing Condition Limitation

No benefits will be provided during the first 12 months of the policy for cancer diagnosed before the 30th day after the effective date shown in the policy schedule. During the first 12 months of a Covered Person's insurance, losses incurred for Pre-Existing Conditions are not covered. During the first 12 months following the date a Covered Person makes a change in coverage that increases his or her benefits, the increase will not be paid for Pre-Existing Conditions. After this 12 month period, however, benefits for such conditions will be payable unless specifically excluded from coverage. This 12 month period is measured from the Certificate Effective Date for each Covered Person.

**Pre-Existing Condition** means Cancer or a Specified Disease, for which a Covered Person has received medical consultation, treatment, care, services, or for which diagnostic test(s) have been recommended or for which medication has been prescribed during the 12 months immediately preceding the Certificate Effective Date of coverage for each Covered Person.

On the date the Policy terminates or the date the Named Insured ceases to be a member of an eligible class, Named Insureds and their covered dependents will be eligible to exercise the portability privilege. Portability coverage may continue beyond the termination date of the Policy, subject to the timely payment of premiums. Portability coverage will be effective on the day after insurance under the Policy terminates.

The benefits, terms and conditions of the portability coverage will be the same as those provided under the Policy when the insurance terminated. The initial portability premium rate is the rate in effect under the Policy for active employees who have the same coverage. The premium rate for portability coverage may change for the class of Covered Persons on portability on any premium due date.
