Group Critical Illness Insurance

Critical Illness insurance is here for you.

Surviving a critical illness, such as a heart attack or stroke, is becoming increasingly common with new medical technology. However, with advances in technology to treat these diseases, the cost of treatment rises more and more every year. Although many medical plans provide coverage for hospital stays and medical expenses arising from a critical illness, there are still out-of-pocket expenses that can affect anyone's finances.

Co-pays, transportation expenses, and lost income should be the last thing you or your family worries about if a critical illness were to occur. American Fidelity Assurance Company's Limited Benefit Group Critical Illness Insurance can help cover your out-of-pocket medical expenses and allow your family to focus on recovery.

17% of total healthcare costs are paid out-of-pocket.¹

About every 19 seconds someone in the United States will be diagnosed with cancer.² American Fidelity's Group Critical Illness Insurance can help with the rising cost of treatment for a covered Critical Illness such as heart attack or stroke.

How It Works

If you are diagnosed with a covered Critical Illness, such as a heart attack or stroke, this plan is designed to pay a lump sum benefit amount to help cover expenses. In addition, certain specified Critical Illnesses that reoccur will allow for an additional benefit.

- Benefits paid directly to you, to be used however you see fit.
- No required medical exams as part of the application process.
- Guaranteed Issue benefit amounts may be available for first time eligible employees and spouse.
- Extends coverage to dependent children at no additional cost.
- Compatible with a Health Savings Account.

Coverage is available for you and your lawful spouse at determined benefit amounts and for your eligible child(ren), as defined in the policy, at 25% of the employees benefit amount.
