This includes Cancer in situ and malignant melanoma. It does not include other conditions which may be considered precancerous or having malignant potential such as: leukoplakia; hyperplasia; polycythemia; actinic keratosis; myelodysplastic and non-malignant myeloproliferative disorders; aplastic anemia; atypia; non-malignant monoclonal gammopathy; carcinoid; or pre-malignant lesions, benign tumors or polyps.

All diagnoses of Cancer must be positively diagnosed by a legally licensed doctor of medicine certified by the American Board of Pathology or American Board of Osteopathic Pathology. **Benefits under this policy pay the benefit amount shown per covered person due to a covered Cancer unless otherwise specified.**

Tests include but are not limited to mammogram, thinprep pap test, prostate-specific antigen blood test (PSA), colonoscopy and chest x-ray. Refer to the policy for more examples. Screening tests payable under this benefit will ONLY be paid under this benefit and does not include any test payable under the medical imaging benefit. Benefits will only be paid for tests performed after the 30-day period following the covered person's effective date of coverage. This benefit is available without a diagnosis of Cancer.

Cancer Screening Follow-Up Benefit: Payable for one invasive follow-up screening test needed due to an abnormal result from a covered screening test. Diagnostic surgeries which result in a positive diagnosis of Cancer will be paid under the surgical benefit.

Radiation/Chemotherapy/Immunotherapy Benefit: Pays the Actual Charges up to the maximum amount shown when radiation therapy, chemotherapy or immunotherapy is received as defined in the policy, per 12-month period. The 12-month period begins on the first day the covered radiation therapy, chemotherapy or immunotherapy is received. This benefit does not cover other procedures related to radiation/chemotherapy/immunotherapy. This benefit does not include any drugs/medicines covered under the drugs and medicine benefit or the hormone therapy benefit.
