- 100% coinsurance for Preventive, Basic and Major services
- No waiting periods
- No deductibles

Exclusions and Limitations

We encourage members to request a pre-treatment estimate for major services or services that are expected to exceed \$300.

The Policy contains exclusions and limitations, and unless identified in the Schedule of Covered Procedures, no benefits will be paid for the following:

- Any service that doesn't meet professionally recognized standards of dental practice or is considered to be experimental.
- Any service on a tooth with a guarded, questionable, or poor prognosis.
- Any service used solely to alter occlusal vertical dimensions, restore or maintain occlusion, treat a condition resulting from attrition, abrasion, erosion, or abfraction, or splint or stabilize teeth for periodontal reasons.
- Any service provided solely for cosmetic reasons, such as teeth whitening, characterization, or personalization of a dental prosthesis, or odontoplasty.
- Replacement of a lost, missing, or stolen appliance or dental prosthesis, or the fabrication of a spare appliance or dental prosthesis.
- Upgrading from one appliance or dental prosthesis to another appliance or dental prosthesis, such as replacing a bridge with a dental implant or replacing a denture with a bridge.
- A temporary or provisional appliance or dental prosthesis, unless it is an interim partial denture that replaces anterior teeth extracted while this coverage was in place. These are the incisor and cuspid teeth located in the front of the mouth.
- Overdentures and related services, including root canal therapy on teeth supporting the overdenture.
- Any educational or instructional service such as oral hygiene instruction, tobacco counseling or nutritional counseling.
- Bite registration, bite analysis or occlusion analysis - mounted case.
- Maxillofacial prosthetics to repair facial or skeletal anomalies, maxillofacial surgery, orthognathic surgery, or any oral surgery requiring the setting of a fracture or dislocation that results from or is incidental to a medical condition.
- Any service intended to treat or diagnose disorders of the temporomandibular joint (TMJ).
- Charges for implants unless specified in the Covered Procedures, and all related procedures, removal of implants, precision or semi-precision attachments, denture duplication, overdentures, and any associated surgery, or other customized services or attachments.
- Treatment of malignancies, cysts, and neoplasms.
- Replacement of 3rd molars.
- Restorations used to restore teeth with micro fractures or fracture lines, undermined cusps, or large existing restorations without over pathology.

Other exclusions may apply, refer to the Schedule of Covered Procedures for a complete list.

Multiple restorations on one surface are payable as one surface. Multiple surfaces on a single tooth will not be paid as separate restorations. During a single visit, multiple periapical and bitewing x-rays may be paid as a full-mouth x-ray.

Alternate Benefit:

There are multiple options for dental treatment, all of which provide acceptable results. An alternate benefit may be applied if there is a less expensive Covered Procedure appropriate for the course of treatment, capable of producing acceptable results. When an Alternate Benefit is applied, the less expensive Alternate Benefit is used to determine the amount payable under the certificate.

Termination of Coverage:

If applicable, child coverage terminates at age 26.

Policy Form Series: PLICDNPOL22 and PLICDNCERT22 or PLADNPOL22 and PLADNCERT22
