Benefit Eligibility & Coverage

Employee Coverage

Eligibility

Eligible employees must be actively at work on the plan effective date for new benefits to be effective.

New Employees

You have 30 days from your actively-at-work date to make benefit elections. Insurance coverage becomes effective on the first day of the month that follows a waiting period of 30 calendar days.

Existing Employees

When it's time to enroll in your benefits, your FFGA Account Representative will be available to assist you with making your elections. Before enrollment, take time to educate yourself on the available benefits and what options would work best for you and your family by visiting the Employee Benefits Center.

Mid-year Benefit Changes

You may add or cancel coverage during the plan year if you have a change in family status. You must notify the benefits department within 30 days of the change.

Qualifying Life Events Include:

- Changes in household, including marriage, divorce, legal separation, annulment, death of a spouse, birth, adoption, placement for adoption or death of a dependent child
- Loss of health coverage, attributable to your spouse's employment, losing existing health coverage including job-based, individual and student plans, losing eligibility for Medicare, Medicaid, or CHIP, turning 26 and losing coverage through a parent's plan

Section 125 Plans

Section 125 Plan Information & Rules

A Section 125 Plan provides a tax-saving way to pay for eligible medical or dependent care expenses. The funds are automatically deducted from your paycheck on a pre-tax basis.

Here's How It Works

A Section 125 Plan reduces your taxes and increases your spendable income by allowing you to deduct the cost of eligible benefits from your earnings before tax. Plus, the plan is available to you at no cost, and you're already eligible – all you must do is enroll.

Is It Right For Me?

The savings you may experience with a Section 125 Plan are outlined in the example below. For instance, you could potentially take home about \$70 more each month if you participated in your employer's Section 125 Plan – that's a savings of \$840 a year!

You cannot change your benefit elections for the plan year unless the benefits office receives notification in writing within 30 days of the status change. If the benefits office is not notified within 31 days of the status change, no benefit change can be made until the next annual open enrollment.

IRS specified changes in family status include:

- Change in legal married status
- Change in number of dependents
- Termination or commencement of employment
- Dependent satisfies or ceases to satisfy dependent eligibility requirements
- Change in residence or worksite that affects eligibility for coverage

Section 125 Plan Sample Paycheck		
	Without S125	With S125
Monthly Salary	\$2,000	\$2,000
Less Medical Deductions	-N/A	-\$250
Tax Gross Income	\$2,000	\$1,750
Less Taxes (Fed/State at 20%)	-\$400	-\$350
Less Estimated FICA (7.65%)	-\$153	-\$133
Less Medical Deductions	-\$250	-N/A
Take Home Pay	\$1,197	\$1,267

You could save \$70 per month in taxes by paying for your benefits on a pre-tax basis!

Flexible Spending Accounts

First Financial Administrators, Inc. | www.ffga.com
1.866.853.3539 P.O. Box 161968 | Altamonte Springs, FL 32716

Medical FSA

A Medical Flexible Spending Account (Medical FSA) is an IRS-approved program to help you save taxes and pay for out-of-pocket medical expenses not covered under your medical plan. If your plan includes a grace period option, you have additional time to incur and claim against unused funds in the new plan year. Keep in mind that remaining balances after the grace period is exhausted will be forfeited under the use-it-or-lose-it rule.

Your maximum contribution amount for 2026 is \$3,400.

Medical FSA Highlights

- Contributions are automatically deducted from your paycheck on a pre-tax basis, which helps reduce your taxable income and increase your spendable income.
- Your full election will be available to you at the beginning of the plan year.
- Be conservative – any money left in your account at the end of the plan year will be forfeited.
- Use your benefits card to pay for qualified expenses upfront without spending money out of pocket.
- Keep all receipts in case you need to substantiate a claim for tax purposes.

NOTE: The IRS requires proof that all expenses are eligible. Keep all receipts in case you need to substantiate a claim for tax purposes. Your receipt must include the date of purchase or service, amount you were required to pay after insurance, description of the product or service, merchant or provider name, and the patient's name.

Dependent Care FSA

With a Dependent Care Flexible Spending Account, you can set aside part of your pay on a pre-tax basis to pay for eligible dependent care expenses like childcare, babysitters, and adult day care.

You may allocate up to \$5,000 per tax year for reimbursement of dependent care services.

If you are married and file a separate tax return, the limit is \$2,500.

Dependent Care FSA Highlights

- Eligible dependents must be claimed as an exemption on your tax return.
- Eligible dependents must be children under age 13 or an adult dependent incapable of self-care.
- Funds become available as contributions are made to your account.
- Keep all receipts in case you need to substantiate a claim for tax purposes.
- Balances will be forfeited at the end of the runoff or grace period.

FSA Resources

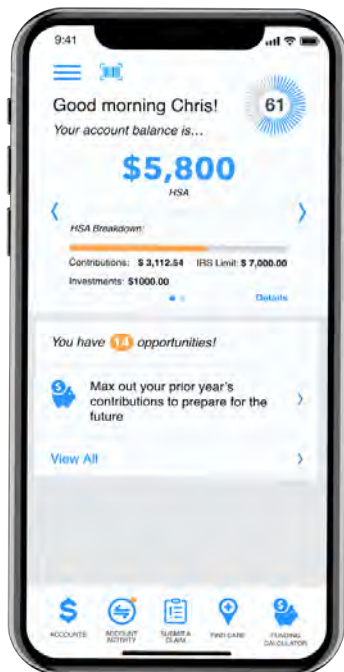

Benefits Card

The FFGA Benefits Card is available to all employees that participate in a Medical FSA and/or a Dependent Care FSA. The Benefits Card gives you immediate access to your money at the point of purchase. Cards are available for participating employees, their spouse and any eligible dependents who are at least 18 years old.

The IRS requires validation of most transactions for FSAs. You must submit receipts for validation of expenses when requested. If you fail to substantiate by providing a receipt to FFGA within 60 days of the purchase or date of service your card will be suspended until the necessary receipt or explanation of benefits from your insurance provider is received.

Voluntary Term Life Insurance

Voluntary life insurance is term life coverage you can purchase in addition to the basic life plan provided by your employer. It will cover you for a specific period of time while you are employed. Plan amounts are offered in tiers so you can choose the amount of coverage that works best for you and your family. Because it's a group plan, premiums are typically lower, so it's more affordable to gain the peace of mind that life insurance provides. Limitations apply, please see policy for details. How to Calculate Your Monthly Cost:

Step 1: Find the appropriate cost for employee and/or dependents above.

Step 2: Take the coverage amount you choose and divide it by 1,000 to get the number of units.

Step 3: Multiply the rate by your desired coverage amount in units.

Step 4: The result is the **Monthly** cost.

Important Definitions and Policy Provisions:

When Your Coverage Begins and Ends – Coverage becomes effective on the later of the program’s effective date, the date you become eligible, the date your enrollment elections are received if applicable, or the date you authorize any necessary payroll deductions if applicable. Your coverage will not begin unless you are actively at work on the effective date. Dependent coverage, if applicable, will not begin for any spouse or child who on the effective date is an inpatient in a facility or is home confined and under the care of a physician. Coverage will end on the earliest of the date you are eligible for coverage under a plan intended to replace this coverage, you or your dependents if applicable, are no longer eligible, the group policy is no longer in force, or required premiums are not paid.

Benefit Reductions, Exclusions and Limitations:

Benefit Reduction Schedule: If you are still employed, your benefits will reduce to 75% at age 70. Your premiums will also reduce to match your benefits.

Exclusions: Voluntary life insurance will not be paid if you commit suicide, while sane or insane, within the first two years of coverage.

Limitations: The Accelerated Death Benefit is payable only once. Using this benefit reduces the life insurance death benefit. The amount payable under the Accelerated Death Benefit may be reduced by the amount of other benefits already paid to the insured under the policy. See your certificate for details. Benefits will be extended without premium payment until the earlier of the date you are no longer disabled, or the date you fail to qualify for Waiver of Premium or fail to provide proof of Disability.

Guaranteed Issue: If you are a new hire and you apply within 31 days after you are eligible to elect coverage for yourself, you are entitled to choose any coverage offered up to the Guaranteed Issue Amount, without providing proof of good health. If you apply for an amount of coverage greater than the Guaranteed Issue Amount, coverage in excess of the Guaranteed Issue Amount will not be issued until the insurance company approves acceptable proof of good health. If you apply for coverage yourself more than 31 days from the date you become eligible to elect coverage under this plan, the Guaranteed Issue Amount will not apply. Coverage will not be issued until the insurance company approves acceptable proof of good health.

These are summarized definitions only. To be eligible for coverage, the covered illness or event must meet the definitions and other terms and conditions set forth in the group policy.

THIS POLICY PROVIDES LIMITED COVERAGE. IT PAYS A FIXED BENEFIT AND DOES NOT COVER MEDICAL EXPENSES AS INCURRED. THIS IS NOT A SUBSTITUTE FOR COMPREHENSIVE OR MAJOR MEDICAL HEALTH INSURANCE. THIS COVERAGE DOES NOT SATISFY THE INDIVIDUAL MANDATE OF THE AFFORDABLE CARE ACT BECAUSE THE COVERAGE DOES NOT MEET THE REQUIREMENTS OF MINIMUM ESSENTIAL COVERAGE.

Terms and conditions of coverage for Term Life insurance are set forth in Group Policy No. FLX0980448. This is not intended as a complete description of the insurance coverage offered. This is not a contract. Complete coverage details, including premiums, eligible conditions, their respective payments and policy exclusions and limitations are contained in the Policy. Portable, Permanent, Individual Life Insurance for Employees and Their Families

As an employee, you can apply for valuable life insurance protection on you and your family under eligibility guidelines established for your employer. Your employer has conveniently agreed to permit you to pay premiums through payroll deduction. This is a summary only. Policy provisions prevail. This brochure is not a contract or an offer to contract.

Minimal Cash Values Buy this policy for its life insurance protection, not its cash value. The primary benefit is life insurance. Payment of the Table Premium produces a small cash value (Benchmark Cash Value).

Permanent Life Insurance Coverage Unlike group term life insurance, PureLife-plus is a personally owned, permanent individual life insurance policy to age 121 that can never be canceled or reduced as long as you pay the necessary premiums, even if your health changes.

Guaranteed Period Continuous, timely, and uninterrupted payment of the Table Premium guarantees coverage for the Guaranteed Period shown. Texas Life (We) cannot legally predict the premium required to continue coverage after the Guaranteed Period. It may be lower, the same, or higher than the Table Premium. However, if the premium to continue coverage is ever higher, We guarantee a limited right to a partial refund of premium (described below).

Guaranteed Limited Right to Partial Refund of Premium If a premium higher than the Table Premium is ever required to continue coverage after the Guaranteed Period, you have the choice to:

- a. Pay the higher premium(s) required to continue coverage; or,
- b. Surrender the policy and receive a partial refund of premium equal to 120 times the minimum monthly premium due at issue (ten years worth of Table Premium). You are eligible for this refund if the actual cash value equals or exceeds the Benchmark Cash Value and you have taken no prior partial surrenders.

Portable Once issued, continued employment is not a condition to continue coverage. Coverage is guaranteed as long as required premiums are paid, even after you retire or terminate employment. When employment ends, you can pay equivalent monthly premiums directly or by bank draft (for monthly direct payments we add a monthly fee not to exceed \$2.00). Other modes are available.

Accelerated Death Benefit Due to Terminal Illness Rider This policy includes, at no additional premium, an Accelerated Death Benefit Due to Terminal Illness Rider (Form ICC07-ULABR-07). See details on next page.

Individual and Family Coverage is Easy to Apply For Subject to age and amount restrictions, you may apply for an individual policy on your life or your spouse's life (see chart next page for spouse's minimum/maximum amounts). An individual policy is

also available on each of your children ages 15 days — 26, and even on each of your grandchildren ages 15 days — 18. Proof of insurability is required. Most policies are issued based upon the answers to three work and health related application questions.

Optional Benefits According to the guidelines established for your employer, your application will include the following benefit for an additional cost depending upon your issue age.

Accidental Death Benefit This benefit to age 65 (Issue Ages 17-59) doubles the coverage when death occurs by accidental bodily injury within 180 days of an accident. Maximum in-force limits and exclusions apply. (Form ICC07-ULCL-ADB-07).

Accelerated Death Benefit Rider For Chronic Illness For Employee and Spouse Only This benefit provides an accelerated death benefit if an insured becomes chronically ill as defined in the rider. (Form ICC15-ULABR-CI-15). See details on next page.

Interim Insurance: Interim insurance will be in force on the application date if these conditions are met: (1) the insurance is purchased through payroll deduction; (2) the Salary Deduction Authorization is signed; and, (3) the proposed insured is insurable at standard rates under Our rules and usual practice. Interim insurance remains in effect until the earlier of: (a) the Policy Date; (b) the date We decline the application; (c) the date We notify the applicant that s/he is ineligible for interim insurance; or, (d) the 180th day after the application date.

Policy Mechanics and Other Important Details Premiums are flexible. However, we highly recommend payment of the Table Premium during the Guaranteed Period, and no partial surrenders or policy loans. Table Premium produces a small cash value (Benchmark Cash Value). Paying a lesser premium results in an actual cash value which is less than Benchmark Cash Value, causing the policy to lapse. Premiums less a premium load create cash value to pay monthly administrative loads and cost of insurance. Cash value is currently credited at the guaranteed interest rate of 2.00% per year. We may, at any time, credit higher than the guaranteed interest rate. Likewise, We may charge cost of insurance rates which are less than the policy's maximum rates, but only when actual cash value equals or exceeds Benchmark Cash Value. No surrender charges apply. Loads include 10.00% of premium, \$2.03 per month and monthly administrative loads. Two year suicide and contestable clauses apply. The policy loan rate is 7.40% in advance. Surrenders and loans may be deferred for up to six months.

A Summary of the Accelerated Death Benefit Rider

Terminal Illness - included at no additional cost

The policy includes an Accelerated Death Benefit Due to Terminal Illness Rider. If the Insured has a terminal illness, in lieu of the insurance proceeds otherwise payable at death, you may elect to claim an accelerated benefit while the Insured is still alive. The single sum benefit is 92% of the insurance proceeds less an administrative fee of the lesser of \$150 or 7% of the insurance proceeds. Terminal Illness is an injury or sickness diagnosed and certified by a qualifying physician that, despite the appropriate medical care, is reasonably expected to result in death within 12 months. This benefit is intended to qualify for favorable income tax treatment and may not be subject to federal income tax. (See Important Notices below.)

Chronic Illness - included with an additional premium

For an additional premium of 10% of the base policy premium, this policy may include an Accelerated Death Benefit Due to Chronic Illness Rider. If the Insured has a chronic illness, in lieu of the insurance proceeds otherwise payable at death, you may elect to claim an accelerated benefit while the Insured is still alive. The single sum benefit is 92% of the insurance proceeds less an administrative fee of the lesser of \$150 or 7% of the insurance proceeds. Chronic Illness means the Insured permanently: (a) is unable to perform, without substantial assistance from another individual, at least two Activities of Daily Living due to a loss of functional capacity and will need services for the rest of his or her life; or (b) requires substantial supervision to protect the Insured from threats to health and safety due to severe cognitive impairment and will need services for the rest of his or her life. Activities of Daily Living include: bathing, continence, dressing, eating, toileting, and transferring. Severe cognitive impairment means deterioration or loss of intellectual capacity that: (1) places the Insured in jeopardy of harming himself or herself or others, and therefore, the Insured requires substantial supervision by another person; and (2) is measured by clinical evidence and standardized tests which reliably measure impairment in: (a) short or long term memory; (b) orientation to people, places or time; and (c) deductive or abstract reasoning.

This benefit will be calculated and paid as a lump sum only. This lump sum is intended to serve as a per diem accelerated death benefit as described under Section 101(g) of the Internal Revenue Code. You may be able to exclude certain portions of this accelerated death benefit (specifically, the greater of: (a) the lump sum equivalent of the per diem amount; or (b) the actual cost incurred for Services provided in the year the Accelerated Death Benefit is paid) from your taxable income. Your benefit for Chronic Illness will be calculated in accordance with the rider and you may, in some circumstances, be paid more than the excludable per diem amount.

Important Notices

Tax laws related to the acceleration of life insurance benefits are complex. The information presented in this Summary is general in nature. You should consult a qualified tax or legal advisor to determine the effect of receiving this benefit. Texas Life Insurance Company and its agents do not provide tax or legal advice.

Receipt of any accelerated death benefit under your policy may affect your, your spouse's and your family's eligibility for medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), Supplemental Social Security Income (SSI), and drug assistance programs. You should consult with a qualified tax or legal advisor and the relevant social service agencies to determine how receiving the benefit may affect your, your spouse's, and your family's eligibility for public assistance.

An accelerated death benefit is not long term care insurance. This summary provides a general description of any accelerated death benefit under your policy. Your policy and riders contain certain exclusions, limitations, and exceptions. Please refer to your policy and rider for details. The right to accelerate benefits under any accelerated death benefit does not extend to any Child Term Life Insurance Rider. However, if the accelerated death benefit under any rider is paid, any coverage provided under the Child Term Life Insurance Rider attached to this policy becomes a paid up term insurance policy on each covered child.

This paid up coverage on each child will terminate on each covered child's 25th birthday. Payment under any accelerated death benefit rider terminates the policy and all other optional benefits/riders and reduces all insurance proceeds, cash values and loan values to zero.

Representation of benefit payable - Terminal or Chronic Illness

The following chart shows the effect of exercising an accelerated benefit on the base policy. This example is using a \$50,000 policy with a \$2,000 policy loan balance and all premiums are current. This chart is for representation purposes only. Your benefits may be higher or lower, depending on your face amount of coverage, any unpaid policy loan balance, and any overdue premiums.

Short Term Disability Insurance

Guardian | www.guardianlife.com | 888-600-1600

Why Do I Need Disability Insurance?

Have you ever wondered what would happen to your income if you had an accidental injury, sickness, or pregnancy? That is why you need disability coverage. It replaces a portion of income for the period you are unable to work due to those reasons. You can choose the benefit amount, which is the amount of your income to replace, and the waiting period that you begin receiving payments.

How do you decide if you need disability insurance? Consider these questions when making your decision:

- How much employer leave do you have?
- Do you have savings?
- Do you have other income you can rely on, such as from your spouse or from child support?
- How close are you to retirement?
- Could you go on Social Security Disability or take a Disability Retirement?
- What are your other sources of income?

Short term disability insurance

Disability insurance covers a part of your income, so you can pay your bills if you're injured or sick and can't work.

Disability is more common than you might realize, and people can be unable to work for all sorts of different reasons. In fact, many disabilities are caused by illness, including common conditions like heart disease and arthritis. However, most disabilities aren't covered by workers' compensation.

Who is it for?

If you rely on your income to pay for everyday expenses, then you should probably consider disability insurance. It ensures that you'll receive a partial income if you're injured or too sick to work.

What does it cover?

Most disability insurance plans pay out a portion or percentage of your income if you're diagnosed with a serious illness or experience an injury that prevents you from doing your job.

Why should I consider it?

Accidents happen, and you can't always anticipate if or when you'll become sick or injured. That's why it's important to have a disability policy that helps you pay your bills in the event of being unable to collect your normal paycheck.

You will receive these benefits if you meet the conditions listed in the policy.

Replacing Income

Mike injures his back bicycling and can't work or earn a paycheck for a few months.

After a brief waiting period, his disability plan starts paying him a portion of his normal weekly salary. The Guardian policy also provides personal guidance and support, including vocational rehabilitation and outplacement services, to help him get back to his job and full pay 13 weeks later.

Thanks to Mike's disability benefits, he was able to cover his expenses while he was out - without dipping into his family's savings.

Short-Term Disability Plan Cost Illustration:

Policy amounts shown based on sample salary amounts only.

Your monthly premium rate \$1.025

Employee examples:

$\$30,000/12 = \$2,500 \times \$1.025 = \$2,563/100 = \$25.63$ monthly cost.

$\$50,000/12 = \$4,167 \times \$1.025 = \$4,271/100 = \$42.71$ monthly cost.

$\$70,000/12 = \$5,833 \times \$1.025 = \$5,979/100 = \$59.79$ monthly cost.

Thousands of Americans are diagnosed with cancer each day. No doubt, the news is devastating, both personally and financially. It's impossible to anticipate a cancer diagnosis, but it is possible to prepare for it with a cancer insurance plan.

It is likely that your major medical coverage will not cover all the costs associated with a cancer diagnosis. Supplementing your major medical with cancer insurance may help you pay for related expenses, such as copays and deductibles, specialists, experimental treatment, specialty hospitals, travel expenses, in-home care and more.

Premiums are paid through convenient payroll deduction to ensure your policy remains in force if you should need it. Benefits are paid directly to you, so you can choose how to spend the money. Visit the Employee Benefits Center and view policy for more details.

Every year, more and more people are diagnosed with cancer. Unfortunately, in addition to bearing the physical and emotional toll of this disease, patients are often saddled with added financial expenses.

Who is it for?

Cancer insurance is for people who want added financial protection, in addition to their regular health insurance. It comes into play if you are diagnosed with cancer—providing additional financial support to help keep the focus on your cancer treatment and recovery.

What does it cover?

Cancer insurance benefits can help you handle medical plan deductibles, co-pays and other out-of-pocket costs by providing benefits when you receive radiation or chemotherapy treatment, or are hospitalized for surgery to treat cancer. These benefits can be used for non-medical expenses such as transportation to treatment facilities, and even everyday living expenses like groceries, rent, and mortgage payments.

Why should I consider it?

Health coverage may become more expensive, with higher co-pays, premiums, and deductibles. The unexpected out-of-pocket expenses of cancer recovery, including transportation, co-pays, and deductibles, can add up fast. What's more, some of the costs you may incur during recovery are non-medical, such as covering a mortgage, childcare, and household expenses. Cancer insurance can help you pay for all of them.

Plus, cancer insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy.

Extra support

Sarah's diagnosed with kidney cancer after a screening test and decides to undergo kidney removal surgery.

Average surgical expense: **\$25,000**

Average Major Medical deductible: **\$1,500**

Major Medical covers 80% of the surgical cost after the deductible is met, but Sarah's still responsible for 20%: **\$4,700**

Total out-of-pocket amount for Sarah (deductible + coinsurance): **\$6,200**

Sarah has Guardian's Cancer Advantage policy, which pays her **\$2,500** as an initial diagnosis benefit and **\$2,100** for a 7-day hospital stay.

This gives her a total of **\$4,600** to help cover a portion of her out-of-pocket amount.

Critical illness insurance

Critical illness insurance may help you cover expenses not covered by your health insurance.

It's a cash payment you receive if you ever experience a serious illness like cancer, a heart attack, or a stroke, giving you the financial support to focus on recovery.

Who is it for?

Critical illness insurance is a supplemental policy for people who already have health insurance. It provides you with an additional payment to cover expenses like deductibles, treatments, and living costs.

What does it cover?

Critical illnesses include strokes, heart attacks, Parkinson's disease and cancer. Our policies can cover over 30 major illnesses, helping you stay financially stable by paying you a lump sum if you're diagnosed with one of them.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Critical illness insurance is an affordable way to supplement and pay for additional expenses that your health insurance doesn't cover. Our policies typically provide payments for the first and second time you're diagnosed with a covered illness.

Plus, critical illness insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy.

Critical costs

John is hospitalized after a heart attack, and has to cover the cost of five days as an inpatient.

Average heart attack hospitalization expense: **\$53,000**

Average Major Medical deductible: **\$1,500**

Major Medical covers 80% of the cost after the deductible is met, but John's still responsible for 20%: **\$10,300**.

Total out-of-pocket amount for John (deductible + coinsurance): **\$11,800**.

John has a **\$10,000** Guardian Critical Illness policy, which covers the majority of these out-of-pocket expenses.

Hospital Indemnity Insurance

Allstate Benefits | www.allstatebenefits.com | 800-521-3535

Hospital stays are costly. If you or a family member find yourself in the hospital due to a sudden accident or illness, you may struggle financially, even if you have a good medical plan. With a hospital indemnity plan, you can rest assured those extra expenses won't be a financial burden.

Unlike medical plans, there are no deductibles to meet with a hospital indemnity plan. As soon as you incur a qualified event, you can file a claim and start receiving benefits.

The plan pays a lump sum benefit in a previously specified amount. The money can be used for medical costs, insurance deductibles, groceries, transportation, childcare – the choice is up to you!

American Heritage Life Insurance Company

Protection for hospital stays when a sickness or injury occurs

Hospital Indemnity Insurance from Allstate Benefits*

Life is unpredictable. Without any warning, an illness or injury can lead to a hospital confinement and medical procedures and/or visits, which may mean costly out-of-pocket expenses.

Expenses associated with a hospital stay can be financially difficult if money is tight and you are not prepared. But having the right coverage in place before you experience a sickness or injury can help eliminate your financial concerns and provide support at a time when it is needed most.

Allstate Benefits offers a solution to help you protect your income and empower you to seek treatment.

Here's How It Works

Our Hospital Indemnity insurance pays a cash benefit for hospital confinements. This benefit is payable directly to you unless assigned, and can keep you from withdrawing money from your personal bank account or your Health Savings Account (HSA) for hospital-related expenses. It is increasingly important to not only protect your finances if faced with an unexpected illness, but also to empower yourself to seek the necessary treatment.

Meeting Your Needs

- Guaranteed Issue coverage without a Pre-Existing Condition Limitation**
- Coverage also available for your dependents
- Premiums are affordable and are conveniently payroll deducted
- Coverage may be continued; refer to your certificate for details

With Allstate Benefits, you can feel assured that you have the protection you need if faced with a hospitalization. **Practical benefits for everyday living.**[®]

DID YOU KNOW ?

Americans pay nearly **60% more** for hospital stays than patients in Europe or Canada.¹

\$11,700
per hospital stay

The average cost of a 24-hour hospital stay in the United States is \$11,700.²

About two-thirds of Americans received an **unexpected medical bill** following a hospital stay in 2020.³

Meet Tommy

Tommy's parents are like most parents; they worry about the health and well-being of their family. They know that as Tommy grows he will become more active and may be hospitalized due to a sickness or injury. Most importantly, they worry about how they will pay for it.

Here is what weighs heavily on their minds:

- Major medical only pays a portion of the expenses associated with hospital stays
- They have copays they are responsible for until they meet their deductible
- If they miss work due to Tommy having a hospital stay, they must cover their bills, rent/mortgage, groceries and education expenses
- If the right treatment is not available locally, they will have to travel to get the treatment he needs

Tommy's story of sickness and a hospital stay turned into a happy ending, because his parents had supplemental Hospital Indemnity Insurance to help with expenses.

CHOOSE

Tommy's mother chooses benefits to help protect herself and her family members, should they suffer an illness or injury that requires a hospital stay.

USE

Tommy was sick and vomiting, had a loss of appetite and a fever, and complained about a pain in his side. He was also unable to get out of bed.

Here's Tommy's treatment path:

- Taken by ambulance to the emergency room
- Examined by a physician
- Multiple tests were performed
- Admitted for a two-day hospital stay
- Underwent emergency appendectomy surgery
- Visited by his doctor and released
- Recovered from surgery in 5 weeks
- Seen by the doctor during a follow-up visit

Tommy's mother went online after Tommy's hospital stay to file a claim. The cash benefits were direct deposited into her bank account.

Tommy is fully recovered and back to normal.

CLAIM

Tommy's hospital stay claim paid cash benefits for the following:
