# Long term disability insurance

Disability insurance covers a part of your income, so you can pay your bills if you're injured or sick and can't work.

Disability is more common than you might realize, and people can be unable to work for all sorts of different reasons. In fact, many disabilities are caused by illness, including common conditions like heart disease and arthritis. However, most disabilities aren't covered by workers' compensation.

## Who is it for?

If you rely on your income to pay for everyday expenses, then you should probably consider disability insurance. It ensures that you'll receive a partial income if you're injured or too sick to work.

## What does it cover?

Most disability insurance plans pay out a portion or percentage of your income if you're diagnosed with a serious illness or experience an injury that prevents you from doing your job.

## Why should I consider it?

Accidents happen, and you can't always anticipate if or when you'll become sick or injured. That's why it's important to have a disability policy that helps you pay your bills in the event of being unable to collect your normal paycheck.

You will receive these benefits if you meet the conditions listed in the policy.

## Replacing Income

Jim suffers a heart attack that leaves him unable to work for two years.

After a waiting period, his disability plan starts paying him a portion of his normal monthly salary. The Guardian policy also provides personal guidance and support, vocational rehabilitation and other services, to help him get back to his job and full pay two years later.

Thanks to Jim's disability benefits, he was able to cover his expenses while he was out - without dipping into his family's savings.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

## UNDERSTANDING YOUR BENEFITS—DISABILITY (Some information may vary by state)

- **Disability (long-term):** For first two years of disability, you will receive benefit payments while you are unable to work in your own occupation. After two years, you will continue to receive benefits if you cannot work in any occupation based on training, experience and education.
- **Earnings definition:** Your covered salary excludes bonuses and commissions.
- **Special limitations:** Provides a 24-month benefit limit for mental health and substance abuse.
- **Work incentive:** Plan benefit will not be reduced for a specified amount of months so that you have part-time earnings while you remain disabled, unless the combined benefit and earnings exceed 100% of your previous earnings.

### Long-Term Disability Plan Cost Illustration

Policy amounts shown based on sample salary amounts only.

Your monthly premium rate \$0.800

Employee examples:

$\$30,000/12 = \$2,500 \times \$0.80 = \$2,000/100 = \$20$  monthly cost.

$\$50,000/12 = \$4,167 \times \$0.80 = \$3,333/100 = \$33.33$  monthly cost.

$\$70,000/12 = \$5,833 \times \$0.80 = \$4,667/100 = \$46.67$  monthly cost.

#### How to Calculate Your Monthly Cost:

**Step 1:** Divide your annual salary by 12 to calculate your monthly earnings.

**Step 2:** Use your Monthly rate of \$0.80.

**Step 3:** Multiply this rate by your monthly earnings, or the monthly covered payroll maximum of \$5,000, whichever is less.

**Step 4:** Divide the total by 100. The result is your Monthly cost.

#### How to Calculate Your Monthly Benefit:

**Step 1:** Divide your annual salary by 12 to calculate your monthly earnings.

**Step 2:** Multiple your monthly earnings by 60% (earnings x .60). The result is your Monthly Benefit.
