Cancer Insurance

Receiving a cancer diagnosis can be one of life's most frightening events. Unfortunately, statistics show you probably know someone who has been in this situation.

With Cancer insurance from Allstate Benefits, you can rest a little easier. Our coverage pays you a cash benefit to help with the costs associated with treatments, to pay for daily living expenses, and more importantly, to empower you to seek the care you need.

Here's How It Works

You choose the coverage that's right for you and your family. Our Cancer insurance pays cash benefits for cancer and 29 specified diseases to help with the cost of treatments and expenses as they happen. Benefits are paid directly to you unless otherwise assigned. With the cash benefits you can receive from this coverage, you may not need to use the funds from your Health Savings Account (HSA) for cancer or specified disease treatments and expenses.

Meeting Your Needs

- Includes coverage for cancer and 29 specified diseases
- Benefits are paid directly to you unless otherwise assigned
- Coverage available for dependents
- Waiver of premium after 90 days of disability due to cancer for as long as your disability lasts (employee only)
- Coverage may be continued; refer to your certificate for details
- Additional benefits have been added to enhance your coverage

With Allstate Benefits, you can protect your finances if faced with an unexpected cancer or specified disease diagnosis. **Practical benefits for everyday living.®**

Meet Tony

Tony is like anyone else who has been diagnosed with cancer. He is concerned about his wife and how she will cope with his disease and its treatment. Most importantly, he worries about how he will pay for his treatment.

Here is what weighs heavily on his mind:

- Major medical only pays a portion of the expenses associated with my treatment
- I have copays I am responsible for until I meet my deductible
- If I am not working due to treatments, I must cover my bills, rent/mortgage, groceries and other daily expenses
- If the right treatment is not available locally, I will have to travel to get the treatment I need

Here's how Tony's story of diagnosis and treatment turned into a happy ending, because he had supplemental Cancer Insurance to help with expenses.

CHOOSE

Tony chooses benefits to help protect himself and his wife if diagnosed with cancer or a specified disease

USE

Here's Tony's treatment path:

- Tony travels to a specialized hospital 400 miles from where he lives and undergoes pre-op testing
- He is admitted to the hospital for laparoscopic prostate cancer surgery
- Tony undergoes surgery and spends several hours in the recovery waiting room
- He is transferred to his room where he is visited by his doctor during a 2-day hospital stay
- Tony is released under doctor required treatment and care during a 2-month recovery period

Tony continues to fight his cancer and follow his doctor recommended treatments.

Coverage under the policy ends on the date the policy is canceled; the last day premium payments were made; the last day of active employment; or the date you or your class is no longer eligible.

Spouse coverage ends upon divorce or your death. Coverage for children ends when the child reaches age 26, unless he or she continues to meet the requirements of an eligible dependent.

LIMITATIONS AND EXCLUSIONS

Pre-Existing Condition Limitation

We do not pay benefits for a pre-existing condition during the 12-month period beginning on the date that person's coverage starts. A pre-existing condition is a disease or physical condition for which medical advice or treatment was received by the covered person during the 12-month period prior to the effective date of coverage.

Exclusions and Limitations

We do not pay for any loss except for losses due directly from cancer or a specified disease and any other conditions or diseases caused or aggravated by cancer or a specified disease. Treatment and services must be received in the United States or its territories.

For those benefits for which we pay actual charges up to a specified maximum amount (except **Radiation/Chemotherapy; Blood, Plasma and Platelets; Prosthesis; New or Experimental Treatment; and Bone Marrow or Stem Cell Transplant**), if specific charges are not obtainable as proof of loss, we will pay 50% of the maximum benefit.

Hospice Care: Services are not covered for food or meals, well-baby care, volunteers or support for the family after covered person's death.

Blood, Plasma and Platelets Limitation: Does not include blood replaced by donors.

For the **Radiation/Chemotherapy** benefit, we do not pay for: treatment planning, consultation or management; the design and construction of treatment devices; basic radiation dosimetry calculation; any type of laboratory tests; X-ray or other imaging used for diagnosis or monitoring; the diagnostic tests related to these treatments; or any devices or supplies including intravenous solutions and needles related to these treatments.

We do not pay the **Family Member Transportation** benefit if we pay the personal vehicle transportation benefit under the **Non-Local Transportation** benefit when the family member lives in the same town as the confined insured.

Intensive Care Exclusions and Limitations

Benefits are not paid for attempted suicide or intentional self-inflicted injury, intoxication or being under the influence of drugs not prescribed by a physician, or alcoholism or drug addiction. Benefits are not paid for confinements to a care unit that does not qualify as a hospital intensive care unit, including progressive care, subacute intensive care, intermediate care, private rooms with monitoring, or step-down and other lesser care units.

Benefits are not paid for continuous confinements occurring during a hospitalization prior to the effective date. Children born within 10 months of the effective date are not covered for continuous hospital intensive care confinement occurring or beginning during the first 30 days of the child's life.

We do not pay for ambulance if paid under the Ambulance benefit (see Transportation and Lodging benefit section of this brochure).
