

**Direct Referral Dental Plan**
**SGX185-TX**

This Schedule of Benefits lists the services available to you under your SafeGuard plan, as well as the co-payments associated with each procedure. There are other factors that impact how your plan works and those are included here in the Exclusions and Limitations.

During the course of treatment, your SafeGuard selected general dentist may recommend the services of a dental specialist. Your selected general dentist may refer you directly to a contracted SafeGuard specialty care provider; no referral or pre-authorization from SafeGuard is required.

Missed Appointments: If you need to cancel or reschedule an appointment, you should notify the dental office as far in advance as possible. This will allow the dental office to accommodate another person in need of attention.
