The Wellness Benefit is part of your Supplemental Health Insurance coverage that provides an annual benefit payment after you complete a covered health screening test, regardless if there's any out-of-pocket cost to you.

Step 1: Complete a health screening test

Below are some of the examples of covered health screening tests you your covered spouse and/or your covered children may complete. Please note, each individual only needs to complete one health screening test, and may only receive a benefit payment once per year, even if multiple health screening tests are completed.

- Pap smear or thin prep pap test
- Mammograms
- Serum cholesterol test for HDL & LDL levels
- PSA (prostate cancer)
- Routine eye exam
- Routine dental exam
- Annual Physical Exam
