**Important Information about the Online Provider Directory**

This online directory was developed to help members easily find participating dental providers. While we strive to provide accurate data, the information contained in this directory may change as participating providers are added to or leave the network.

Prior to receiving services, you should always verify that the provider you choose is still participating in the network and accepting new patients. In order to receive the highest level of benefits, check your schedule of benefits or call the Customer Service number on your ID card to verify your benefits.

This directory is for general information. Dental benefit plans vary, so please consult your benefit plan document to determine what services are covered under your particular plan.

Providers may not tell us right away about changes to their information, such as the provider moving to a new location or having a new phone number. To suggest updates to the information that is reflected in our provider directory or for information about how to dispute a claim processed as out-of-network if the directory lists the provider as in network, please send an email to [general\\_inquiry@dnoa.com](mailto:general_inquiry@dnoa.com). You may also call (800) 451-0287.

Our dental network is made up of a combination of our proprietary network and leased networks. Our dental network recruits, credentials, and retains high-quality dental providers. The network has stringent credentialing requirements that must be met by every dentist admitted into the network and ensures the offices have a structure and processes in place to facilitate the delivery of dental service. Our network dentists must be credentialed to participate in the network and are re-credentialed every three years.
