Questions and Answers

Who is a participating dentist?

A participating dentist is a general dentist or specialist who has agreed to accept negotiated fees* as payment in full for covered services provided to plan members. Negotiated fees typically range from **30% - 45% for PDP Plus** below the average fees charged in a dentist's community for the same or substantially similar services.*

Can I nominate a non-participating dentist?

Yes. You can recommend a dentist of your choice. There are two ways to nominate a dentist; you can either have your dentist visit metdental.com to apply themselves or you can provide MetLife your dentist's information online at mybenefits.metlife.com and we'll send them an application. Once you login to MyBenefits, select "Find a Provider", enter your zip code, and click on "Nominate a Dentist".

May I choose a non-participating dentist?

Yes. You can select the dentist of your choice. However, if you choose a non-participating dentist, your out-of-pocket costs may be higher as they haven't agreed to accept negotiated fees. So, you may be responsible for any difference in cost between the dentist's fee and your plan's benefit payment.

Can I sign up to receive digital communications?

Yes. You can sign up for eAlerts and receive notifications of changes in your claim status. Simply, log in to mybenefits.metlife.com and update your communication preferences within your profile. Go green—opt in for paperless and view your Explanation of Benefits statements online at your convenience.

Do you offer language assistance services?

If you need interpretation services and are enrolled in a Preferred Dentist Program (Dental PPO) enrollees should call **1-800-942-0854**. For CA residents, these language assistance services are available to you at no additional cost.
