

September 1, 2020

Dear Stanton ISD Employee,

Eyetopia has a standing policy that our Participating Providers are the only ones uniquely qualified to help you determine the best lens materials for your prescription and your eyes. In addition, most of the Eyetopia Participating Providers are in private practice and, as such, are known for their innovative and forward thinking. They can incorporate the latest technological advances without going through layers of business management.

MAXIMIZE YOUR SAVINGS ON THE MOST ADVANCED LENS TECHNOLOGY AVAILABLE:

Glasses: Ask for the Eyetopia Optics Labs premium spectacle lenses that retail between \$350.00 and \$500.00 (retail price varies depending on materials, upgrades and your prescription. Please allow for a two-week delivery time).

Gold Plan (180/300H) Members can get these *high definition, free form lenses* with premium anti-glare, anti-smudge, anti-scratch and blue light protection with no out-of-pocket costs!

Standard Plan (120/145) Members can get standard Eyetopia Optics Labs lenses with premium anti-glare, anti-smudge, anti-scratch protection with no out-of-pocket costs! Dependents under age 26 can get polycarbonate lenses through any of the Eyetopia Optics Labs at no extra charge as well. Or, you can upgrade to the premium high-definition, free form lenses with an out-of-pocket cost starting at \$65.00.

You can find a complete list of Eyetopia Providers at www.Eyetopia.org, but if you are interested in learning more about these new Eyetopia Optics lenses, use the filter “Eyetopia Glasses” with your Provider Search.

Eyetopia Plan Enrollment: Remember to list all eligible dependents if you are enrolling for family coverage, regardless of their vision correction needs. You can expect your membership card(s) within three (3) weeks after you enroll.

For your convenience, you may also register online to view your benefits/allowances, update your information, and print your membership card via our website. Please call us at 800-662-8264 to have the invitation link emailed to you. Please also note you do not need your card at the time of your appointment. Our Providers can verify your eligibility through our website, or by phone – just be sure to identify yourself as an Eyetopia Member when you make your appointment.

Lastly, if your preferred Provider isn't on the plan, please let us know and we'll recruit him/her to join. After all, what Provider would not want to participate in “*the perfect vision solution*”?

Sincerely,

Jessica Holman
