

## Additional coverage without additional premium cost.

To help ensure optimal eye health during and following pregnancy, UnitedHealthcare is expanding its vision benefit—at no additional premium.

### The new maternity vision benefit offers:

**Coverage for a second eye exam** each plan year at no additional premium cost, standard copays apply.

**Coverage for a new pair of glasses (frames and lenses)** at no additional premium cost if the vision prescription changes .5 diopter or greater in a plan year. Standard copays apply. (A diopter is the unit used to measure the optical power of the lens an eye requires.) Standard copays apply.

Benefit may not be available in all provider locations. Employees should check with their provider before using benefits.

We're excited to bring these expanded eye care benefits to the market.
