# Section 125 Plans

## Section 125 Plan Information & Rules

A Section 125 Plan provides a tax-saving way to pay for eligible medical or dependent care expenses. The funds are automatically deducted from your paycheck on a pre-tax basis.

### Here's How It Works

A Section 125 Plan reduces your taxes and increases your spendable income by allowing you to deduct the cost of eligible benefits from your earnings before tax. Plus, the plan is available to you at no cost, and you're already eligible – all you must do is enroll.

### Is It Right For Me?

The savings you may experience with a Section 125 Plan are outlined in the example below. For instance, you could potentially take home about \$70 more each month if you participated in your employer's Section 125 Plan – that's a savings of \$840 a year!

You cannot change your benefit elections for the plan year unless the benefits office receives notification in writing within 31 days of the status change. If the benefits office is not notified within 31 days of the status change, no benefit change can be made until the next annual open enrollment.

IRS specified changes in family status include:

- Change in legal married status
- Change in number of dependents
- Termination or commencement of employment
- Dependent satisfies or ceases to satisfy dependent eligibility requirements
- Change in residence or worksite that affects eligibility for coverage

Section 125 Plan Sample Paycheck		
	Without S125	With S125

**You could save \$70 per month in taxes by paying for your benefits on a pre-tax basis!**

## LEARN THE TERMS

- **PREMIUM:** The monthly amount you pay for health care coverage.
- **DEDUCTIBLE:** The annual amount for medical expenses you're responsible to pay before your plan begins to pay.
- **COPAY:** The set amount you pay for a covered service at the time you receive it. The amount can vary based on the service.
- **COINSURANCE:** The portion you're required to pay for services after you meet your deductible. It's often a specified percentage of the costs; e.g., you pay 20% while the health care plan pays 80%.
- **TIERING:** Grouping doctors and facilities into tiers based on quality, cost and best practice clinical guidelines. This helps you compare choices. Tier 1 providers and facilities offer top performance and best value. You pay less when you choose Tier 1 and may pay more when you choose Tier 2.
- **OUT-OF-POCKET MAXIMUM:** The maximum amount you pay each year for medical costs. After reaching the out-of-pocket maximum, the plan pays 100% of allowable charges for covered services.

# 2026-27 TRS-ActiveCare Plan Highlights Sept. 1, 2026 – Aug. 31, 2027

# Flexible Spending Accounts

First Financial Administrators, Inc. | [www.ffga.com](http://www.ffga.com)

## Medical FSA

A Medical Flexible Spending Account (Medical FSA) is an IRS-approved program to help you save taxes and pay for out-of-pocket medical expenses not covered under your medical plan. If your plan includes a grace period option, you have additional time to incur and claim against unused funds in the new plan year. Keep in mind that remaining balances after the grace period is exhausted will be forfeited under the use-it-or-lose-it rule.

**Your maximum contribution amount for 2026 is \$3,400.**

### Medical FSA Highlights

- Contributions are automatically deducted from your paycheck on a pre-tax basis, which helps reduce your taxable income and increase your spendable income.
- Your full election will be available to you at the beginning of the plan year.
- Be conservative – any money left in your account at the end of the plan year will be forfeited.
- Use your benefits card to pay for qualified expenses upfront without spending money out of pocket.
- Keep all receipts in case you need to substantiate a claim for tax purposes.

**NOTE: The IRS requires proof that all expenses are eligible. Keep all receipts in case you need to substantiate a claim for tax purposes. Your receipt must include the date of purchase or service, amount you were required to pay after insurance, description of the product or service, merchant or provider name, and the patient's name.**

## Dependent Care FSA

With a Dependent Care Flexible Spending Account, you can set aside part of your pay on a pre-tax basis to pay for eligible dependent care expenses like childcare, babysitters, and adult day care.

**You may allocate up to \$7,500 per tax year for reimbursement of dependent care services.**

**If you are married and file a separate tax return, the limit is \$3,750.**

### Dependent Care FSA Highlights

- Eligible dependents must be claimed as an exemption on your tax return.
- Eligible dependents must be children under age 13 or an adult dependent incapable of self-care.
- Funds become available as contributions are made to your account.
- Keep all receipts in case you need to substantiate a claim for tax purposes.
- Balances will be forfeited at the end of the runoff or grace period.

# Health Savings Account

First Financial Administrators, Inc. | [www.ffga.com](http://www.ffga.com) | 1.866.853.3539  
P.O. Box 161968 | Altamonte Springs, FL 32716

A Health Savings Account (HSA) is a great way to help you control your healthcare costs. It works in conjunction with a qualified High Deductible Health Plan (HDHP) to combine tax-free savings earmarked for qualified medical expenses. An HSA allows you to set aside money to pay for higher deductibles associated with a lower monthly premium HDHP. The money you save in monthly insurance premiums is reserved for eligible medical expenses you incur in the future. Eligible expenses include things like co-pays and deductibles, prescriptions, vision expenses, dental care, therapy and medical supplies.

## Health Savings Account Highlights

- Balances roll over from year to year and earn interest along the way.
- Portable – you keep it even after you leave employment.
- Tax advantages – invest money in mutual funds to grow your tax savings for either future healthcare costs or retirement.
- Pay for expenses with a benefits debit card that gives you immediate access to your money at the time of purchase.
- Expenses also can be reimbursed through our online portal, online bill pay directly to your provider or submitting a distribution request form.
- Receipts are not required for reimbursement but be sure to save them for tax purposes.

## Who Can Participate in an HSA?

- You must be enrolled in a qualified High Deductible Health Plan (HDHP).
- You cannot be enrolled in Tricare or Medicare or covered under your spouse's traditional (non-HDHP) health care plan.
- You cannot participate in a general purpose Flexible Spending Account (FSA) or Health Reimbursement Arrangement.
- Limited Purpose Flexible Spending Accounts are permitted (dental and vision expenses only).
- You cannot participate if your spouse has a general purpose FSA or HRA at their place of employment.
- You cannot participate if you are being claimed as a dependent on another person's tax return.

## Why Do I Need Disability Insurance?

Have you ever wondered what would happen to your income if you had an accidental injury, sickness, or pregnancy? That is why you need disability coverage. It replaces a portion of income for the period you are unable to work due to those reasons. You can choose the benefit amount, which is the amount of your income to replace, and the waiting period that you begin receiving payments.

How do you decide if you need disability insurance? Consider these questions when making your decision:

- How much employer leave do you have?
- Do you have savings?
- Do you have other income you can rely on, such as from your spouse or from child support?
- How close are you to retirement?
- Could you go on Social Security Disability or take a Disability Retirement?
- What are your other sources of income?

## Social Security Filing Assistance

If you are a candidate for social security Disability benefits, we can assist you with the application and appeal process.

## When Coverage Begins

Certificates will become effective on the requested effective date following the date we approve the application, provided you are on active employment and premium has been paid.

## Hospital Confinement Benefit

A Hospital Confinement Benefit will be paid each day you are confined as a patient in a Hospital due to an Injury or Sickness, for up to 60 days. The amount payable is 1 times the Disability Benefit which will be pro-rated on a daily basis. This benefit will not be reduced by Deductible Sources of Income. The Hospital confinement must be at least 18 continuous hours in duration.

**Plans IV-VI:** This benefit will begin after you've met your elimination period.

**Plans I-III:** This benefit will begin on your first day of Hospital confinement. The remainder of your elimination period will be waived. If you are Hospital confined due to a covered Injury or Sickness, your Hospital Confinement Benefit will be paid for any days of that confinement occurring before the day your Monthly Disability Benefit would otherwise begin.

## Survivor Benefit

A lump sum benefit equal to 3 times the Disability payment will be paid if on the date of your death your Disability had continued for 90 or more consecutive days and you were receiving or entitled to receive Disability payments. The Survivor Benefit may be paid earlier if you have a terminal illness.

## Waiver of Premium

No premium payments are required while you are receiving payments under the plan after Disability payments have been received for 90 consecutive days. We will require proof annually that you remain Disabled during that time.

We reserve the right to estimate these Deductible Sources of Income that you may receive as defined in your certificate.

## Minimum Disability Benefit

The Minimum Disability Benefit is 10% of the Monthly Disability Benefit or \$100.00, whichever is greater.

## If You Are Disabled Due to a Covered Disability and Not Working

For the first 12 months you are disabled due to a covered disability and not working, we will pay the disability benefit described in the benefit schedule. No disability payment will be provided for any period in which you are not under the regular and appropriate care of a physician.

## Return To Work Incentives: Disabled and Working

If you are Disabled and working, you may be eligible to continue to receive a percentage of your Disability payment in addition to your Disability earnings. If your Disability earnings exceed 80% of your monthly compensation, payments will stop and your claim will end.

### Benefit Payment Example

Kathy's daughter, Molly, plays soccer on the varsity high school team. During a recent game, she collided with an opposing player, was knocked unconscious and taken to the local emergency room (ER) by ambulance for treatment. The ER doctor diagnosed a concussion and a broken tooth. He ordered a CT scan to check for facial fractures too, since Molly's face was very swollen. Molly was released to her primary care physician for follow-up treatment, and her dentist repaired her broken tooth with a crown. Depending on her health insurance, Kathy's out-of-pocket costs could run into hundreds of dollars to cover expenses like insurance co-payments and deductibles. MetLife Group Accident Insurance payments can be used to help cover these unexpected costs.

# Medical Transport

MASA | [www.masamts.com](http://www.masamts.com) | 800-643-9023

Americans today suffer from a false sense of security that their medical coverage will pay for all costs associated with emergency or critical care transport. The reality is that a majority of Americans are only partially covered for these high costs.

Most medical plans will only pay a portion of costs leaving you with the remainder of the bill. There is also the possibility of your medical provider denying your claim altogether, which means you would be responsible for paying the entire bill.

With medical transport protection, you will have zero out-of-pocket expenses for any emergent air or ground transport from anywhere in the United States, regardless of who transports you. You will receive medical emergency transportation solutions to help cover your out-of-pocket medical transport costs when your insurance falls short.

Non-Emergent Air Medical transports can cost more than

## EMERGENCY TRANSPORTATION COSTS

MASA MTS is here to protect its members and their families from the shortcomings of health insurance coverage by providing them with comprehensive financial protection for lifesaving emergency transportation services, both at home and away from home.

Many American employers and employees believe that their health insurance policies cover most, if not all ambulance expenses. The truth is, they DONOT!

Even after insurance payments for emergency transportation, you could receive a bill up to \$5,000 for ground ambulance and as high as \$70,000 for air ambulance. The financial burdens for medical transportation costs are very real.

## HOW MASA IS DIFFERENT

Across the US there are thousands of ground ambulance providers and hundreds of air ambulance carriers. ONLY MASA offers comprehensive coverage since MASA is a PAYER and not a PROVIDER!

**ONLY MASA provides** over 1.6 million members with coverage for **BOTH ground ambulance and air ambulance transport, REGARDLESS of which provider transports them.**

Members are covered ANYWHERE in all 50 states and Canada!

Worldwide coverage is also available with our Platinum Membership.

Additionally, MASA provides a repatriation benefit: if a member is hospitalized more than 100 miles from home, MASA can arrange and pay to have them transported to a hospital closer to their place of residence.

**Any Ground. Any Air. Anywhere.™**

# Hospital Indemnity Insurance

Aflac | [www.aflac.com](http://www.aflac.com) | 800-433-3036

Hospital stays are costly. If you or a family member find yourself in the hospital due to a sudden accident or illness, you may struggle financially, even if you have a good medical plan. With a hospital indemnity plan, you can rest assured those extra expenses won't be a financial burden.

Unlike medical plans, there are no deductibles to meet with a hospital indemnity plan. As soon as you incur a qualified event, you can file a claim and start receiving benefits.

The plan pays a lump sum benefit in a previously specified amount. The money can be used for medical costs, insurance deductibles, groceries, transportation, childcare – the choice is up to you!

# Aflac Group Hospital Indemnity

## INSURANCE

Even a small trip to the hospital can have a major impact on your finances.

Here's a way to help make your visit a little more affordable.

# AFLAC GROUP HOSPITAL INDEMNITY

Policy Series C80000

## The plan that can help with expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And even with major medical insurance, your plan may only pay a portion of your entire stay.

### That's how the Aflac Group Hospital Indemnity plan can help.

It provides financial assistance to enhance your current coverage. So you may be able to avoid dipping into savings or having to borrow to address out-of-pocket-expenses major medical insurance was never intended to cover. Like transportation and meals for family members, help with child care, or time away from work, for instance.

### The Aflac Group Hospital Indemnity plan benefits include the following:

- Hospital Confinement Benefit
- Hospital Admission Benefit
- Hospital Intensive Care Benefit and more

### How it works

Amount payable was generated based on benefit amounts for: Hospital Admission (\$2,000), and Hospital Confinement (\$200 per day).

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

## Benefits Overview

### BENEFIT AMOUNT

**HOSPITAL ADMISSION BENEFIT per confinement** (once per covered sickness or accident per calendar year for each insured)

Payable when an insured is admitted to a hospital and confined as an in-patient because of a covered accidental injury or covered sickness. We will not pay benefits for confinement to an observation unit, or for emergency room treatment or outpatient treatment.

\$2,000

We will not pay benefits for admission of a newborn child following his birth; however, we will pay for a newborn's admission to a Hospital Intensive Care Unit if, following birth, he is confined as an inpatient as a result of a covered accidental injury or covered sickness (including congenital defects, birth abnormalities, and/or premature birth).

**HOSPITAL CONFINEMENT per day** (maximum of 31 days per confinement for each covered sickness or accident for each insured)

Payable for each day that an insured is confined to a hospital as an in-patient as the result of a covered accidental injury or covered sickness. If we pay benefits for confinement and the insured becomes confined again within six months because of the same or related condition, we will treat this confinement as the same period of confinement. This benefit is payable for only one hospital confinement at a time even if caused by more than one covered accidental injury, more than one covered sickness, or a covered accidental injury and a covered sickness.

\$200

**HOSPITAL INTENSIVE CARE BENEFIT per day** (maximum of 10 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in a Hospital Intensive Care Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in a Hospital's Intensive Care Unit at a time. Once benefits are paid, if an insured becomes confined to a Hospital's Intensive Care Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

\$400

**This benefit is payable in addition to the Hospital Confinement Benefit.**

### SUCCESSOR INSURED BENEFIT

If spouse coverage is in force at the time of the employee's death, the surviving spouse may elect to continue coverage. Coverage would continue according to the existing plan and would also include any dependent child coverage in force at the time.

In order to receive benefits for accidental injuries due to a covered accident, an insured must be admitted within six months of the date of the covered accident (in Washington, twelve months).

Dependent Children are your or your spouse's natural children, step-children, grandchildren who are in your legal custody and residing with you, foster children, children subject to legal guardianship, legally adopted children (in Texas, adopted children), or children placed for adoption. Newborn children are automatically covered from the moment of birth for 60 days. Newly adopted children are automatically covered for 60 days also. See certificate for details. Dependent children must be younger than age 26 (in Arizona, on the effective date of coverage and in Louisiana and Illinois, unmarried). See certificate for details.

A Doctor does not include you or any of your Family Members. For the purposes of this definition, Family Member includes your spouse as well as the following members of your immediate family: son, daughter, mother, father, sister, or brother. For a benefit to be payable, loss arising from the covered sickness must occur while the applicable insured's coverage is in force (except in Montana).

Treatment is the consultation, care, or services provided by a doctor. This includes receiving any diagnostic measures and taking prescribed drugs and medicines. Treatment does not include telemedicine services (except in Kansas).
