Benefit Eligibility & Coverage

Employee Coverage

Eligibility

Eligible employees must be actively at work on the plan effective date for new benefits to be effective.

New Employees

You have 31 days from your actively-at-work date to make benefit elections. Insurance coverage becomes effective on the first day of the month that follows a waiting period of 30 calendar days.

Existing Employees

When it's time to enroll in your benefits, your FFGA Account Representative will be available to assist you with making your elections. Your elections can be made anytime during annual enrollment online from your work or home computer. Before enrollment, take time to educate yourself on the available benefits and what options would work best for you and your family by visiting the Employee Benefits Center.

Mid-year Benefit Changes

You may add or cancel coverage during the plan year if you have a change in family status. You must notify the benefits department within 31 days of the change.

Qualifying Life Events Include:

- Changes in household, including marriage, divorce, legal separation, annulment, death of a spouse, birth, adoption, placement for adoption or death of a dependent child
- Loss of health coverage, attributable to your spouse's employment, losing existing health coverage including job-based, individual and student plans, losing eligibility for Medicare, Medicaid, or CHIP, turning 26 and losing coverage through a parent's plan

Declining Coverage

If you are eligible for benefits, but wish to DECLINE coverage, please complete the online enrollment either on your work or home computer. Under each option, you will need to select "waive." **You must still complete the beneficiary information.**

Section 125 Plans

Section 125 Plan Information & Rules

A Section 125 Plan provides a tax-saving way to pay for eligible medical or dependent care expenses. The funds are automatically deducted from your paycheck on a pre-tax basis.

Here's How It Works

A Section 125 Plan reduces your taxes and increases your spendable income by allowing you to deduct the cost of eligible benefits from your earnings before tax. Plus, the plan is available to you at no cost, and you're already eligible – all you must do is enroll.

Is It Right For Me?

The savings you may experience with a Section 125 Plan are outlined in the example below. For instance, you could potentially take home about $70 more each month if you participated in your employer's Section 125 Plan – that's a savings of $840 a year!

You cannot change your benefit elections for the plan year unless the benefits office receives notification in writing within 31 days of the status change. If the benefits office is not notified within 31 days of the status change, no benefit change can be made until the next annual open enrollment.

IRS specified changes in family status include:

- Change in legal married status
- Change in number of dependents
- Termination or commencement of employment
- Dependent satisfies or ceases to satisfy dependent eligibility requirements
- Change in residence or worksite that affects eligibility for coverage

Section 125 Plan Sample Paycheck		
	Without S125	With S125
Monthly Salary	$2,000	$2,000
Less Medical Deductions	-N/A	-$250
Tax Gross Income	$2,000	$1,750
Less Taxes (Fed/State at 20%)	-$400	-$350
Less Estimated FICA (7.65%)	-$153	-$133
Less Medical Deductions	-$250	-N/A
Take Home Pay	$1,197	$1,267

You could save $70 per month in taxes by paying for your benefits on a pre-tax basis!

Maximum Carryover	$1,000	Maximum possible accumulation for Dental Rewards

Dental Network Information

To find a provider, visit ameritas.com and select **FIND A PROVIDER,** then **DENTAL**. Enter your criteria to search by location or for a specific dentist or practice. California Residents: When prompted to select your network, choose the Ameritas Network found on your ID Card or contact Customer Connections at 800-487-5553. Your provider network is Ameritas Classic Network.

Pretreatment

We recommend for any dental work you consider expensive to know your share of the cost up front. Simply ask your dentist to submit the information for a pretreatment estimate to our customer relations department. We'll inform both you and your dentist of the exact amount your insurance will cover and the amount that you will be responsible for. That way, there won't be any surprises once the work has been completed.

Open Enrollment

If a member does not elect to participate when initially eligible, the member may elect to participate at the policyholder's next enrollment period. This enrollment period will be held each year and those who elect to participate in this policy at that time will have their insurance become effective on September 1. If you do not enroll during your company's open enrollment period, then you will be subject to the Late Entrant Provision.

Late Entrant Provision

We strongly encourage you to sign up for coverage when you are initially eligible. If you choose not to sign up during this initial enrollment period, you will become a late entrant. Late entrants will be eligible for only exams, cleanings, and fluoride applications for the first 12 months they are covered.

Section 125

This plan is provided as part of the Policyholder's Section 125 Plan. Each employee has the option under the Section 125 Plan of participating or not participating in this plan. If an employee does not elect to participate when initially eligible, he/she may elect to participate at the Policyholder's next Annual Election Period.

Dental Cost Estimator

Members can use our dental cost estimator at any time to find average procedure charges in their area. The estimates do not include network discounts or plan benefits. Find the dental cost estimator at ameritas.com/applications/group/estimator. After coverage begins, members can view average in-network charges in their secure member account. Members also may ask their dentist's office to submit a pretreatment estimate so they can see exactly how a proposed service would be covered and avoid any surprises. The pretreatment estimate is based on their plan benefits.

Worldwide Support

If a member has a dental emergency outside the U.S., AXA Assistance can help. AXA provides credible provider referrals and can even help with making the appointment. Providers referred by AXA are not members of the Ameritas network. AXA contact information is available in the secure member account.

Language Services

We recognize the importance of communicating with our growing number of multilingual customers. Flexible Spending Accounts

First Financial Administrators, Inc. | www.ffga.com
1.866.853.3539 P.O. Box 161968 | Altamonte Springs, FL 32716

Medical FSA

A Medical Flexible Spending Account (Medical FSA) is an IRS-approved program to help you save taxes and pay for out-of-pocket medical expenses not covered under your medical plan. If your plan includes a grace period option, you have additional time to incur and claim against unused funds in the new plan year. Keep in mind that remaining balances after the grace period is exhausted will be forfeited under the use-it-or-lose-it rule.

Your maximum contribution amount for 2024 is $3,200.

Medical FSA Highlights

- Contributions are automatically deducted from your paycheck on a pre-tax basis, which helps reduce your taxable income and increase your spendable income.
- Your full election will be available to you at the beginning of the plan year.
- Be conservative – any money left in your account at the end of the plan year will be forfeited.
- Use your benefits card to pay for qualified expenses upfront without spending money out of pocket.
- Keep all receipts in case you need to substantiate a claim for tax purposes.

NOTE: The IRS requires proof that all expenses are eligible. Keep all receipts in case you need to substantiate a claim for tax purposes. Your receipt must include the date of purchase or service, amount you were required to pay after insurance, description of the product or service, merchant or provider name, and the patient's name.

Dependent Care FSA

With a Dependent Care Flexible Spending Account, you can set aside part of your pay on a pre-tax basis to pay for eligible dependent care expenses like childcare, babysitters, and adult day care.

You may allocate up to $5,000 per tax year for reimbursement of dependent care services.

If you are married and file a separate tax return, the limit is $2,500.

Dependent Care FSA Highlights

- Eligible dependents must be claimed as an exemption on your tax return.
- Eligible dependents must be children under age 13 or an adult dependent incapable of self-care.
- Funds become available as contributions are made to your account.
- Keep all receipts in case you need to substantiate a claim for tax purposes.
- Balances will be forfeited at the end of the runoff or grace period.

Health Savings Account

First Financial Administrators, Inc. | www.ffga.com | 1.866.853.3539
P.O. Box 161968 | Altamonte Springs, FL 32716

A Health Savings Account (HSA) is a great way to help you control your healthcare costs. It works in conjunction with a qualified High Deductible Health Plan (HDHP) to combine tax-free savings earmarked for qualified medical expenses. An HSA allows you to set aside money to pay for higher deductibles associated with a lower monthly premium HDHP. The money you save in monthly insurance premiums is reserved for eligible medical expenses you incur in the future. Eligible expenses include things like co-pays and deductibles, prescriptions, vision expenses, dental care, therapy and medical supplies.

Health Savings Account Highlights

- Balances roll over from year to year and earn interest along the way.
- Portable – you keep it even after you leave employment.
- Tax advantages – invest money in mutual funds to grow your tax savings for either future healthcare costs or retirement.
- Pay for expenses with a benefits debit card that gives you immediate access to your money at the time of purchase.
- Expenses also can be reimbursed through our online portal, online bill pay directly to your provider or submitting a distribution request form.
- Receipts are not required for reimbursement but be sure to save them for tax purposes.

Who Can Participate in an HSA?

- You must be enrolled in a qualified High Deductible Health Plan (HDHP).
- You cannot be enrolled in Tricare or Medicare or covered under your spouse's traditional (non-HDHP) health care plan.
- You cannot participate in a general purpose Flexible Spending Account (FSA) or Health Reimbursement Arrangement.
- Limited Purpose Flexible Spending Accounts are permitted (dental and vision expenses only).
- You cannot participate if your spouse has a general purpose FSA or HRA at their place of employment.
- You cannot participate if you are being claimed as a dependent on another person's tax return.

Employer-Paid Term Life & AD&D Insurance

Life insurance protects your loved ones. It pays a benefit so they can afford to pay for funeral expenses, pay off debt and maintain their current standard of living. It is one of the best ways to show you care. Your employer provides all eligible employees a $20,000 (if medical is declines it is $50,000). The cost of this policy is paid for 100% by your employer. This is a term life policy that is in effect while you are employed.

Voluntary Term Life Insurance

Voluntary life insurance is term life coverage you can purchase in addition to the basic life plan provided by your employer. It will cover you for a specific period of time while you are employed. Plan amounts are offered in tiers so you can choose the amount of coverage that works best for you and your family. Because it's a group plan, premiums are typically lower, so it's more affordable to gain the peace of mind that life insurance provides. Limitations apply, please see policy for details. Disability Insurance

American Fidelity | www.americanfidelity.com | 800-654-8489

Why Do I Need Disability Insurance?

Have you ever wondered what would happen to your income if you had an accidental injury, sickness, or pregnancy? That is why you need disability coverage. It replaces a portion of income for the period you are unable to work due to those reasons. You can choose the benefit amount, which is the amount of your income to replace, and the waiting period that you begin receiving payments.

How do you decide if you need disability insurance? Consider these questions when making your decision:

- How much employer leave do you have?
- Do you have savings?
- Do you have other income you can rely on, such as from your spouse or from child support?
- How close are you to retirement?
- Could you go on Social Security Disability or take a Disability Retirement?
- What are your other sources of income?

Cancer Insurance

American Fidelity | www.americanfidelity.com | 800-654-8489

Thousands of Americans are diagnosed with cancer each day. No doubt, the news is devastating, both personally and financially. It's impossible to anticipate a cancer diagnosis, but it is possible to prepare for it with a cancer insurance plan.

It is likely that your major medical coverage will not cover all the costs associated with a cancer diagnosis. Supplementing your major medical with cancer insurance may help you pay for related expenses, such as copays and deductibles, specialists, experimental treatment, specialty hospitals, travel expenses, in-home care and more.

Premiums are paid through convenient payroll deduction to ensure your policy remains in force if you should need it. Benefits are paid directly to you, so you can choose how to spend the money. Visit the Employee Benefits Center and view policy for more details.

Prepare For the Unexpected

If you've heard of heart attacks, strokes, organ transplants or paralysis, then you're familiar with critical illness. It's likely you or someone you know has experienced one of these life-altering events. Often times, a critical illness has a powerful impact on people's lives, affecting their livelihood and finances.

A critical illness plan can help with the treatment costs of covered illnesses. Benefits are paid directly to you, unless otherwise assigned, giving you the choice of how to spend the money. Plus, there are plans available to provide coverage for you, your spouse and dependent children.

Prepare now for the unexpected with a critical illness insurance plan. The plan helps you focus on getting well rather than worrying about finances. Visit the Employee Benefits Center and view policy for more details.

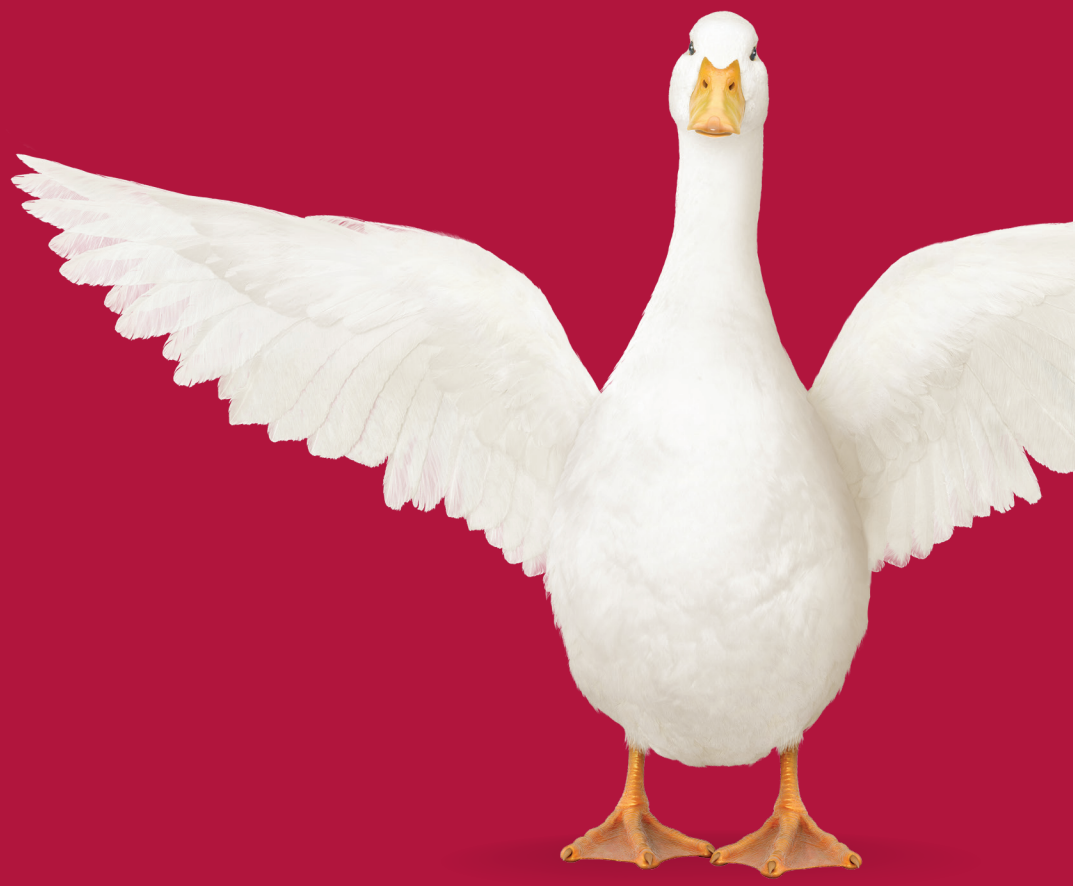
Group Critical Illness

INSURANCE – PLAN INCLUDES BENEFITS FOR CANCER AND HEALTH SCREENING

We help take care of your expenses while you take care of yourself.



Aflac®

AFLAC GROUP CRITICAL ILLNESS

Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who's been diagnosed with a critical illness. You can't help notice the difference in the person's life—both physically and emotionally. What's not so obvious is the impact a critical illness may have on someone's personal finances.

That's because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

That's the benefit of an Aflac Group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as a heart attack or stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction of out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses.

What you need, when you need it.

Group critical illness insurance pays cash benefits that you can use any way you see fit.

Accidental Injury means accidental bodily damage to an insured resulting from an unforeseen and unexpected traumatic event. This must be the direct result of an accident and not the result of disease or bodily infirmity. **A Covered Accidental Injury** is an accidental injury that occurs while coverage is in force. Hospital Indemnity Insurance

AFLAC | www.aflacgroupinsurance.com | 800-433-3036

Hospital stays are costly. If you or a family member find yourself in the hospital due to a sudden accident or illness, you may struggle financially, even if you have a good medical plan. With a hospital indemnity plan, you can rest assured those extra expenses won't be a financial burden.

Unlike medical plans, there are no deductibles to meet with a hospital indemnity plan. As soon as you incur a qualified event, you can file a claim and start receiving benefits.

The plan pays a lump sum benefit in a previously specified amount. The money can be used for medical costs, insurance deductibles, groceries, transportation, childcare – the choice is up to you!

Group Hospital Indemnity

INSURANCE

Even a small trip to the hospital can have a major impact on your finances.

Here's a way to help make your visit a little more affordable.

Aflac®

AFLAC GROUP HOSPITAL INDEMNITY

Policy Series C80000

HI G

The plan that can help with expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And even with major medical insurance, your plan may only pay a portion of your entire stay.

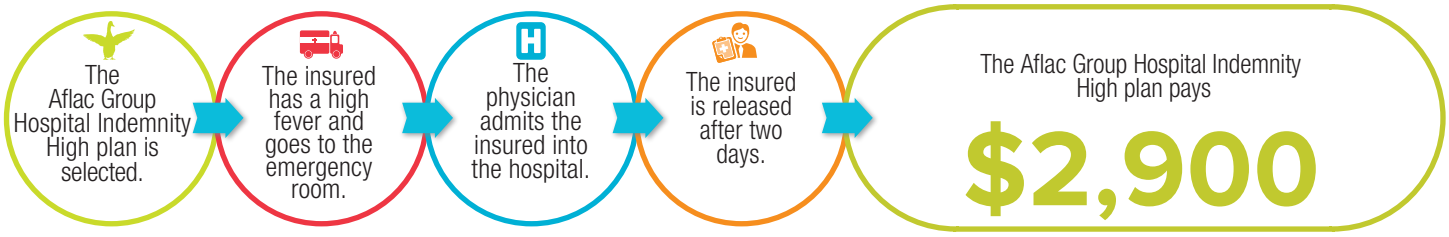
That's how the Aflac Group Hospital Indemnity plan can help.

It provides financial assistance to enhance your current coverage. So you may be able to avoid dipping into savings or having to borrow to address out-of-pocket-expenses major medical insurance was never intended to cover. Like transportation and meals for family members, help with child care, or time away from work, for instance.

The Aflac Group Hospital Indemnity plan benefits include the following:

- **Hospital Confinement Benefit**
- **Hospital Admission Benefit**
- **Hospital Intensive Care Benefit**

How it works



Amount payable was generated based on benefit amounts for: Hospital Admission ($2,500) and Hospital Confinement ($200 per day).

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

Benefits Overview

	HIGH	LOW
HOSPITAL ADMISSION BENEFIT per confinement (once per covered sickness or accident per calendar year for each insured) Payable when an insured is admitted to a hospital and confined as an in-patient because of a covered accidental injury or covered sickness. We will not pay benefits for confinement to an observation unit, or for emergency room treatment or outpatient treatment. We will not pay benefits for admission of a newborn child following his birth; however, we will pay for a newborn's admission to a Hospital Intensive Care Unit if, following birth, he is confined as an inpatient as a result of a covered accidental injury or covered sickness (including congenital defects, birth abnormalities, and/or premature birth).	$2,500	$1,000
HOSPITAL CONFINEMENT per day (maximum of 31 days per confinement for each covered sickness or accident for each insured) Payable for each day that an insured is confined to a hospital as an in-patient as the result of a covered accidental injury or covered sickness. If we pay benefits for confinement and the insured becomes confined again within six months because of the same or related condition, we will treat this confinement as the same period of confinement. This benefit is payable for only one hospital confinement at a time even if caused by more than one covered accidental injury, more than one covered sickness, or a covered accidental injury and a covered sickness.	$200	$150
HOSPITAL INTENSIVE CARE BENEFIT per day (maximum of 10 days per confinement for each covered sickness or accident for each insured) Payable for each day when an insured is confined in a Hospital Intensive Care Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in a Hospital's Intensive Care Unit at a time. Once benefits are paid, if an insured becomes confined to a Hospital's Intensive Care Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement. **This benefit is payable in addition to the Hospital Confinement Benefit.**	$400	$300

SUCCESSOR INSURED BENEFIT
If spouse coverage is in force at the time of the employee's death, the surviving spouse may elect to continue coverage. Coverage would continue according to the existing plan and would also include any dependent child coverage in force at the time.

In order to receive benefits for accidental injuries due to a covered accident, an insured must be admitted within six months of the date of the covered accident (in Washington, twelve months).

TERMS YOU NEED TO KNOW

A Covered Accident is an accident that occurs on or after an insured's effective date while coverage is in force, and that is not specifically excluded by the plan.

Dependent means your spouse or dependent children, as defined in the applicable rider, who have been accepted for coverage. Spouse is your legal wife, husband, or partner in a legally recognized union. Refer to your certificate for details.

Dependent Children are your or your spouse's natural children, step-children, grandchildren who are in your legal custody and residing with you, foster children, children subject to legal guardianship, legally adopted children (in Texas, adopted children), or children placed for adoption. Newborn children are automatically covered from the moment of birth for 60 days. Newly adopted children are automatically covered for 60 days also. See certificate for details. Dependent children must be younger than age 26 (and in Louisiana, unmarried). See certificate for details.

Doctor is a person who is duly qualified as a practitioner of the healing arts acting within the scope of his license, and: is licensed to practice medicine; prescribe and administer drugs; or to perform surgery, or is a duly qualified medical practitioner according to the laws and regulations in the state in which treatment is made.

In Montana: For purposes of treatment, the insured has full freedom of choice in the selection of any licensed physician, physician assistant, dentist, osteopath, chiropractor, optometrist, podiatrist, licensed social worker, psychologist, licensed professional counselor, acupuncturist, naturopathic physician, physical therapist, or advanced practice registered nurse.

A Doctor does not include you or any of your Family Members. For the purposes of this definition, Family Member includes your spouse as well as the following members of your immediate family: son, daughter, mother, father, sister, or brother. In South Dakota, however, a doctor who is your family member may treat you if that doctor is the only doctor in the area and acts within the scope of his or her practice.

A Hospital is not a nursing home; an extended care facility; a skilled nursing facility; a rest home or home for the aged; a rehabilitation facility; a facility for the treatment of alcoholism or drug addiction (except in Vermont); an assisted living facility; or any facility not meeting the definition of a Hospital as defined in the certificate.

A Covered Sickness is one that is not excluded by name, specific description, or any other provision in this plan. For a benefit to be payable, loss arising from the covered sickness must occur while the applicable insured's coverage is in force (except in Montana).

Treatment is the consultation, care, or services provided by a doctor. This includes receiving any diagnostic measures and taking prescribed drugs and medicines. Treatment does not include telemedicine services (except in Kansas).

You May Continue Your Coverage
Your coverage may be continued with certain stipulations. See certificate for details.

Termination of Coverage
Your insurance may terminate when the plan is terminated; the 31st day after the premium due date if the premium has not been paid; or the date you no longer belong to an eligible class. If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was in force. See certificate for details.

403(b) Retirement Plans

First Financial Administrators, Inc. | www.ffga.com |
800-523-8422, option 2 | retirement@ffga.com

The 403(b) can be an excellent way to save money for retirement. It can serve as a supplement to a traditional pension plan or other retirement plan(s), or as a stand-alone plan. The 403(b) is a tax deferred retirement plan available to employees of educational institutions and certain non-profit organizations as determined by section 501(c)(3) of the Internal Revenue Code. Contributions and investment earnings in a 403(b) grow tax deferred until withdrawal (assumed to be retirement), at which time they are taxed as ordinary income. The 403(b) is named after the section of the IRS code governing it.

How a 403(b) Works

Employees enroll and participate through their employer. Contributions to a 403(b) are made on a pre-tax basis through a Salary Reduction Agreement. This is an arrangement where the participating employee agrees to take a reduction in salary. The amount by which the salary is reduced is directed to investments offered through the employer and selected by the employee. These contributions are called elective deferrals and are excluded from the employee's taxable income. Contributions grow tax-deferred until the time of retirement when withdrawals are taxed as ordinary income.

Benefits

- Tax deferred growth: no annual taxation on earnings
- Investment options: fixed annuities, variable annuities, or mutual funds
- Competitive interest rates
- Flexibility: start, stop, and adjust your contributions as allowed by your employer's plan.
- Receive periodic account statements

Contribution Limits	
2023	**2024**
$22,500	$23,000

Participants aged 50 and older at any time during the calendar year are permitted to contribute an additional $7,500.

All investing involves risk. Past performance is not a guarantee of future returns.
