What is Long Term Disability Insurance?

Long-Term Disability (LTD) insurance can help replace a portion of your income if you are unable to work for an extended period of time due to a sickness or accidental injury. It helps to provide the day to day peace of mind that comes from knowing that, during the time you would be recovering from a significant event in your life, you may not have to shoulder the additional burden of wondering how you're going to pay for the things that would still have to be paid for.

Why Should I Consider LTD Insurance?

You may have already purchased home, auto and life insurance to protect yourself against the threat of loss. And, you may already have health insurance to protect you against the cost of medical bills. But, have you protected one of your most valuable assets - your ability to work and earn a living?

Nobody ever thinks it will happen to them, but unfortunately, it can. The car accident, the illness, the slip on an icy sidewalk, the fall down steps or off a bike. And, sometimes these events can deprive you of one of your most important and valuable assets your ability to earn an income. A disability absence from work can potentially last for several years. That's a long time to survive without a steady income. While some people may be able to survive without working for a few months by tapping into their savings, what happens after that? Would you be able to meet your financial obligations if you became disabled and were unable to work for an extended period? Recent statistics have shown:

- 57% of employees surveyed in MetLife's 12th Annual Employee Benefits Trends Study said that they are very concerned about financial security in the event of a disability.¹
- Just over 1 in 4 of today's 20 year olds will become disabled before reaching age 67.²

Your employer recognizes the need for you to protect your ability to earn an income and is offering you the opportunity to enroll in Long Term Disability insurance coverage from MetLife. The plan is being made available to you with the convenience of payroll deduction so you don't have to worry about mailing monthly payments.

Eligibility Requirements

All Active Full-Time 10-pay or 12-pay employees working at least 20 hours per week are eligible to participate.

How is “Disability” Defined Under the Plan...

Generally, you are considered disabled and eligible for long term benefits if, during your elimination period and the next 24 months you are unable to earn more than 80% of your predisability earnings at your own occupation for any employer in your Local economy due to sickness, pregnancy or accidental injury, while you are receiving appropriate care and treatment and complying with the requirements of the treatment.

Following the Own Occupation period for LTD, you are considered disabled if, due to sickness, pregnancy or accidental injury, you are receiving appropriate care and treatment and complying with the requirements of the treatment and you are unable to earn 60% of your predisability earnings at any gainful occupation for which you are reasonably qualified taking into account your training, education and experience.

For a complete description of this and other requirements that must be met, refer to the Certificate of Insurance/Summary Plan Description provided by your Employer or contact your MetLife benefits administrator with any questions.

What is the Benefit Amount?

The benefit amount is 60% of your predisability earnings up to a maximum of \$7,500. The Long Term Disability benefit replaces a portion of your predisability monthly earnings, less the income that was actually paid to you during the same Disability from other sources^{1†} (e.g., Social Security, Workers' Compensation, Vacation Pay, etc.).

If I do not enroll during my group's initial open enrollment period can I still purchase coverage at a later date?

Yes, employees who do not elect coverage during the initial 31-day open enrollment period may still elect coverage at future enrollments. You may be required to submit a Statement of Health or meet certain pre-existing condition limitations.

When do benefits begin and how long do they continue?

Benefits begin after the end of the elimination period. The elimination period begins on the day you become disabled and is the length of time you must wait, while disabled, before you are eligible to receive a benefit. The elimination period is 90 days of disability.

Your plan's maximum benefit period and any specific limitations are described in the Certificate of Insurance/Summary Plan Description provided by your Employer or contact your MetLife Benefits administrator with any questions.

Answers to Some Important Questions...

- A.** Yes. As long as you are disabled and meet the terms of your disability plan, you may qualify for adjusted disability benefits.

While disabled, you may receive up to 100% of your predisability earnings when combining benefits, Rehabilitation Incentives, other income sources such as Social Security Disability Benefits and state disability benefits, and part-time earnings.

You may be eligible for the Moving Expense Incentive if you incur expenses in order to move to a new residence recommended as part of the Rehabilitation Program. Expenses must be approved in advance.
