Aetna Supplemental Health Plans

Prepare for the unexpected

Would you be financially ready if you had an accidental injury or a serious illness? What about a hospital stay — expected or unexpected? The **Aetna Hospital Indemnity Plan** can help supplement your medical coverage.

How are these plans different from a major medical plan?

Medical plans pay **doctors and hospitals** directly for treatment related to your care. Unfortunately, medical plans usually don't cover 100% of the costs, leaving you to come up with the rest.

Medical plans also don't cover other expenses health events might impact, like daycare, rent, and more if you're out of work.

However, Aetna Supplemental Health Plans pay benefits directly to **you**, providing extra cash when you need it most. They can help fill in the gaps, making them a great companion to your major medical plan.

How can you use the cash benefits?

It's completely up to you. You can put the money towards:

- Deductibles or co-pays
- Mortgage or rent
- Groceries or utility bills

And so much more! Use the benefits any way *you* choose.

Insurance plans are offered and/or underwritten by Aetna Life Insurance Company (Aetna)
